Authenticity and Permission

You represent and warrant that your proposal:

1. Is either your original work or an update to the original work;
2. Does not, to your knowledge, infringe any third party patent rights; and
3. Does not infringe, misappropriate, or otherwise violate any other third party intellectual property rights (i.e. other than patent rights), including any copyrights, trade secrets, trademarks, contract or licensing rights, rights of publicity or privacy, or moral rights.
4. Include a self-declaration about permissions when dealing with certain datasets?
