

# Graduate Scholarship Opportunities & Awards

Curated by CCD Advisors and Staff

LAST UPDATED: NOVEMBER 2023

## Additional Information to Consider

The opportunities below are organized into three categories: international students, students with PR status, and students with citizenship in Canada. Some are broad in their eligibility requirements, some are specifically for folks with particular identities, some are for folks historically, systemically and structurally excluded from higher education. Links often break so there are no links included, but search engines should bring up the appropriate site! Be sure to read eligibility criteria and submission guidelines carefully

and connect directly with the granting body to clarify questions you might have about the application or the process of applying.

The list provided below certainly is not exhaustive! Additional helpful places to locate funding opportunities include

- the department or office of education in your country of citizenship
- the financial aid office at the university you're interested in attending
- the program website at the university you're interested in attending
- scholarship databases, like:
  - Indigenous Bursaries Search Tool Government of Canada
  - Disabilityawards.ca
  - Educanada.ca
  - Studentawards.ca
  - Scholarshipscanada.com
  - Internationalscholarships.com
  - Portal.scholarshippartnerscanada.ca
  - Canada Student Loans Program
  - Canada Student Grants Program
