We need to discuss opening day and get things going

Anne is only going to run the big shack – will separate them out – need to find a softball concessions manager and they will do their own shopping. Will shut down if we do not have someone to run it.

Baseball – sappi gave money for player sponsors instead of team – eagles is ok with not being a sponsor and is reviewing how to donate

Potentially going down to 3 teams – currently have 32 registered –
Windham and Falmouth on board for games.
Possibly Gorham

Need to get on the website and spread the Dicks discount days – the more they spend the more we get

Rec'd email from Phil Petry – wondering about getting financial assistance to ease the cost of attending umpire training clinic – he will be committed to Westbrook little league – baseball and softball

Randy motion for \$350 – Sasha second – board accepted - pending conversation that he will be committed to WLL

It is now a law you have to have 2 adults with kids at all times- 2 adults that have a background check. even if someone needs to use the bathroom.

League is chartered and insured

Attempting to set up CPR night – working on getting volunteer to host it. – try and get at least 1 coach from each team to get certified.

Scholarship- Westbrook high school - need to share that this is out there.

Trugreen contract request rec'd – if we pay upfront we get a discount – do we want to get estimate from Eggbutt? They need to know that we are strict with fields- John C will check in with him asap.

Big expenses coming: Need to order all uniforms, balls etc. Jaime would like to map out the next 60 days to see what we can expect to spend in the next few months.

Need to know by May 1st what we are having for All stars – how many teams for softball? Baseball?

Need everyone to sell dance tickets

Sasha is officially Tball VP.
