

Dear Parents,

We seem to be getting busier as the weeks go by this term and, as you will see by the jam packed round up below, there has been all sorts going on this week. I think we will all be ready for the Easter holidays when they arrive!

Year 1 Nature Walk

Year 1 have taken their learning outside on a local area walk this week, looking for signs of spring. We saw lots of blossom and different types of insects such as bumblebees, ladybirds and butterflies emerging in the warmer weather. We even saw a roe deer!

Year 3 Egyptian Day

There was great excitement on Wednesday morning when a group of Ancient Egyptians arrived on the school playground! The children looked fantastic in their costumes and enjoyed many activities including baking Egyptian bread and taking part in a treasure hunt round the school grounds. Thank you Mrs Gilbert and Mrs Berry for organising such a brilliant day for the children.

Year 4 Guitar Performance

Class 4 shared their progress from the Spring term with family members yesterday. A Year 5 audience member - who will remain anonymous - quoted, "I think they're better than we were!" High praise indeed!

Year 5 Euston Farm Trip

Year 5 had a brilliant trip to Euston Farm on Monday. We travelled round the farm by tractor and trailer and enjoyed learning about the different crops farmed and what Euston does for the environment. We also got to see lots of baby animals!

Great Athlete Visit

We enjoyed completing our fitness circuits with Jonny Paterson on Tuesday as well as learning more about his career. Thank you for the sponsorship money received so far. Please see previous email from the school office for further details on this.

We look forward to seeing lots of you for the Easter services next week. Have a lovely weekend,

Mrs Fleckney, Mrs Lockyear and Mrs Price
