### **Smith School Suspension Protocol:**

First time student needs to be picked up for aggressive/inappropriate behavior will result in a 1 day suspension. The suspension will be for that day if before 11:30, if after 11:30, the suspension will be held the next day.

The second time a child needs to be picked up, he/she will be suspended for 2 days.

The pattern of increasing days will continue. Each event will add one more day of suspension. (Ie: third time sent home child will need to be out for 3 school days; the fourth time, the child will be out of school for four days).

Once a child has been suspended for a total of 10 days, a meeting will be called to develop a plan to reassess the need(s) of the child.

\*If the incident warrants an in-school suspension, the above will be followed, except for taking place in the school setting.
