This is radio signals: all the news you can choose to use or lose.

A senior official, speaking on condition of anonymity, has confirmed to radio signals that they are not behind the recent spate of road safety education posts in the city. Speaking off the record, the official stated that it's unclear who is behind these posts and that, while safety education is always appreciated, nobody should be lead to believe they are part of any ongoing or future projects.

In other news, conditions are expected to be perfect for the smurfs first trip outside of St Augustine this weekend. Temperatures in the mid-eighties will continue. While storms which have marked the afternoons this week are not in the forecast.

Happy birthday to Mr. T, who is 65 today. And Mr. Z, who isn't.

On this day in history in 293 AD, the Roman emporer Diocletian instituted the tetrarchy which shared power between four individuals and which temporarily saved the Roman empire.

Keep it locked here on radios signals and remember: when you hear Tom Petty's Casa Dega feel free to join the smurfs in Colby alderman park for an exciting sign hunt.

This is radio signals: all the news you can choose to use or lose.
