Functional Perspectives Math	
Grade	**9th-12th**
Unit of Study	**6: Create equations that describe numbers or relationships**
Length of Unit	**Until Mastered**

Missouri Learning Standards
M.EE.A.CED.1. Create an equation involving one operation with one variable, and use it to solve a real-world problem. M.EE.A.CED.2–4. Solve one-step inequalities.

Unit : Learning Targets
I can create an equation involving one operation with one variable, and use it to solve a real-world problem.
I can solve one-step inequalities

Intervention and Enrichment
Accommodations/modifications listed in IEP plan.

Assessments	
MLS (Learning Goal)	**Description or Location**
	DYNAMIC LEARNING MAPS (96) Dynamic Learning Maps Math

Vocabulary			
Equation one-step inequalities	operation	variable	real-world problem
