Annual Meeting- Location discussed for February 12

Marcie Harward- new idea for the NJAA board, every year someone from every state can run for the board instead of not having someone run until the state's previous candidate comes off
Brent Scarlet- terrible idea, midwestern states will dominate, this will stack the board
Justin Wood- this was brought up before on the board, not been in favor in the past
Riley Wood- I agree with Mr. Brent, not seeing a reason for this idea, participation has never been a problem before
