

# Weekly Crowdfunding Roundup

September 29 2024

## What is this?

This is a weekly crowdfunding roundup of new projects launched last week and projects that end the coming week, originally posted on the /r/boardgames subreddit by me, [/u/perkelton](#). This document is offered as an alternative for those who for one reason or another can't or don't want to use Reddit. Note that this document is still a work in progress, so some quirkiness is to be expected.

## Updates

Expect new lists every Sunday between 00:00 and 23:59 CEST on the following platforms:

 Mastodon: [@danielpervan@mastodon.social](https://mstdn.social/@danielpervan)

 Discord: <https://discord.gg/dN4P4PZcU9>

 Reddit: [/r/boardgames](https://www.reddit.com/r/boardgames)

## Selection criteria

As always, the projects featured in these lists adhere to the following selection criteria for each respective list:

## **Notable filtered projects**

Filtered projects from above lists that have more than 1000 backers.

## **FAQ**

**I live in Venezuela/Canada/Belize/USA, why are you posting on a Saturday?!**

Because I'm writing this from Europe in the future where it's already Sunday. Time zones be crazy.

**Why are there a bunch of non-board games in the board game list?**

Because the Tabletop games category on Kickstarter includes anything remotely related to board games and sometimes things slip through the filters.

**Why is this future award winning board game and literal saviour of humanity missing from your list?**

Sometimes the filters get a bit overzealous and discard actually valid projects. If you feel something is missing for this reason, leave a comment and I'll add it (maybe).

**Can I donate all my money to you?**

No

## Can you help me promote my game?

Please no. I make lists. Nothing more.

## Your list is full of mistakes and now the Nigerian prince won't answer my emails anymore!

Indeed, this fine piece of code runs purely on second-tier magic, so anything can happen.

Leave a comment and I'll see what I can do.
