

SC276: Really. *REALLY*. Did you all just forget what happened the *last time* Ring hand-picked a fic?! We got multi-generational gay alien incest!

CaptainPipsqueak: Now *there's* a sentence I never thought I'd see in my life...

SC276: But apparently *that* didn't traumatize you enough! So we got *this*!

Ringmaster: Technically, the last fic I fully chose was Sonic.EXE, but your point still stands. This is going to be hell.

SC276: You're telling *me*. Last time on *The Adventures of Hyphen the Hedgehog*: the *same fucking Marty Stu romance scene pairing a Sonic character with an Equestria Girls character - almost universally by color - with almost the exact same dialogue, SIX TIMES IN A FUCKING ROW*. Seriously, we've already riffed "insert OCs into *Rainbow Rocks*," people! This one's just disguising them as *Sonic* characters!

Ringmaster: I believe you'll soon find that it's a bit more insane than it seems.

Mononeko: Well, at least the bar for being named the stupidest story ever is astronomically high after we riffed *Mysterious Death*.

SC276: Oh good, I was hoping to *die of stress* before the month was out. (sips orange juice viciously)

Ringmaster: Before we truly get on with things, I should first mention that yes, this is a sequel to another fic, however, very unlike this, that one was a straight rip of *Equestria Girls* with *Sonic* thrown in. This one gets *very* different, but first, we have to do a bit of cleanup. See, back in the original sample, I had to skip over the following little scene for wordcount purposes, and because it was basically just a straight rip from the movie. But I'd be remiss if I didn't make you guys riff this *whole* fic, so we're briefly going back to do it. Here you go.

BittplexMutt: Well, *puts on helmet* Let's get to it, then.

ThatUnknownPony: *puts on armor* I'm ready to take this one out.

Mononeko: *puts on power armor* Let's make this quick.

SC276: The last time I did the Time Warp, we wound up back in Gen 3. You do it this time.

Something: Well, I got some time to kill before I see *Moana* tonight, so LET'S DO THE TIME WARP AGAAAAAAAAAAAAAIN!

Nox: Just when I thought my day would be completely boring.

Topher: *pops up through a hatch in the floor* Well, I've pretty much recovered after last week's riff, what are we doing this we- Oh, no.

ToonGuy: *leaps for the hatch. Too late, it's closed* DAMN IT!

In the other universe,

JofY: Shit! *ducks under parody Star Wars opening*

Something: "Which, for the sake of brevity, we will call 'The Twoniverse'."

Nox: I thought we were in the "Threeniverse".

BittplexMutt: Nah, the "Fourthverse" is better.

ThatUnknownPony: What, no love for the Fifthniverse?

Dark Angel: What about the "Whoniverse"?

NaturalGlitch:

CaptainPipsqueak: This *could* be the porn dimension: the Screwniverse.

Mononeko: Or the Fuckyouiverse.

ToonGuy: I wish to god we were in the Crewniverse.

Topher: Judging by the lack of beer we aren't in the Brewniverse.

CaptainPipsqueak: Ech. I *hate* beer. I'm also firmly against drinking anything that enters and leaves you looking the same.

in Sugarcube Corner, we meet the human main six of Canterlot High and Princess Twilight Sparkle.

JofY: I'm sorry author, you aren't allowed to RP characters.

NaturalGlitch: [Twilight] "I feel like I'm forgetting to go somewhere..." [Sci-Twi]
"It'll go away eventually."

Nox: Wait. There's two Twilights now?

CaptainPipsqueak: *TWO! Two Twilights!* Ah-ah-ah! *flash of lightning and crash of thunder*

ThatUnknownPony: Oh, so this is happening after Friendship Games?

SC276: I remember about as much about *Rainbow Rocks* as I do about season 1, as it turns out, so there just might *be* a Sugarcube Corner there and I don't remember, but I don't give a shit.

Mononeko: Luckily, you have somebody like me who can say that that place was never explicitly referred to as "Sugarcube Corner".

CaptainPipsqueak: Could just as easily be Donut Joe's.

Twilight was a lavender purple skinned girl with dark berry blue hair with two streaks;

NaturalGlitch: "Only one of them speeds by."

Something: "It's gotta go fast."

BittplexMutt: The two streaks being strips of bacon.

ThatUnknownPony: You're confusing Twilight with Sunset, Bitt.

ToonGuy: "We're assuming that you've never seen the movie, so we're just gonna talk about what they look like."

one violet purple and the other magenta pink, and violet purple eyes.

NaturalGlitch: "They give off a shimmering look whenever Twilight is near books."

ThatUnknownPony: "They say that whoever stares into those eyes, dies from a cardiac arrest due to an increase in sugar levels."

Mononeko: You're confusing Twilight with...actually, that's true even for her.

She was wearing a light arctic blue button up shirt with a magenta purple bowtie,

NaturalGlitch: "Twilight claims she never accidentally yanked on it, crushing her neck. Nope."

a lapis blue backpack on her back,

Something: Gotta love that fanfic trope of describing every detail of one's appearance.

Mononeko: I thought it was common knowledge that My Immortal is not a good source of inspiration?

ThatUnknownPony: Even I try to be brief when describing appearances, and I love describing every single bit of everything.

Topher: "Her shirt had a mustard stain, approximately two point five centimeters across, about three centimeters above and one centimeter to the left of the third button down from the top. It was shaped like Zimbabwe."

Mononeko: Not precise enough! What does Zimbabwe look like?!

CaptainPipsqueak: Sorta roundy but with angular bits!

JofY: I'm just surprised she isn't black or red.

ToonGuy: If it turns out that this is from Hot Topic... then this fanfiction will be instantly more palatable as a MLP meets My Immortal story.

a dark violet purple skirt with a picture of a pinkish purple starburst on the side with five small white stars around it,

NaturalGlitch: "The mark on her skirt was a cutie. A...cutie mark, if you will."

BittplexMutt: Either that or an actual Starburst candy.

ThatUnknownPony: Or a recolor of her future daughter Starburst.

Mononeko: Well, better than a Sunburst on her skirt.

and dark violet purple and hot pink legwarmers on top of black dress boots.

NaturalGlitch: "Her hooves needed to be represented by something. The alternative would've been Twilight with five layers of sand-paper skin on her feet."

Dark Angel: *wakes up* Sorry about that. I guess that description put me to sleep.

SC276: Gee, story, thanks for assuming your audience doesn't bother to keep up with their own franchise.

ThatUnknownPony: A signal you're in a bad fanfic: More focus on descriptions than on actual story.

Mononeko: Something tells me that focusing on the story isn't really the best alternative in this case.

ToonGuy: Are you sure he isn't just reading out the guide to cosplaying as her?

Where she lives, she's an alicorn pony.

NaturalGlitch:

Mononeko: Behold! The princess of Friendship!

ThatUnknownPony: Such a majestic creature!

CaptainPipsqueak: Gotta nibble fast!

JofY: Where she dies, she's a business tycoon.

"Oh, I do hate that you've had to return in a time of crisis.

NaturalGlitch: "We need someone to make the new soccer players feel good about their ability."

Mononeko: "Oh, please. If we needed that to happen, we'd show them footage of the American national team."

SC276: "Particularly that buff guy that has a number on his shirt. I don't get it either."

We have so much catching up to do," a girl said to Twilight. She had pure white skin,

Something: *insert unfunny joke about white supremacy here*

ThatUnknownPony: *insert funny remark about me punching you for that joke*

Mononeko: *insert me eating popcorn here*

Dark Angel: All I got is "that's racist". *ding*

ToonGuy: *shrugs* Gonna be one of those days.

Topher: *insert various brutal means of inflicting pain*

CaptainPipsqueak: *drinks coffee while watching amusedly.*

slightly dark violet purple curly hair with a cerulean blue triple-diamond hairclip resting at front, and cobalt blue eyes.

ThatUnknownPony: "In hindsight, it looked like a very comfortable bird nest."

NaturalGlitch:

Dark Angel: *yawns and falls asleep*

SC276: No, story, it's skin white as snow, lips red as blood, and hair black as ebony.

This is public domain stuff here!

CaptainPipsqueak: Shh... let him do it his own way.

She was wearing a light pale blue shirt that had elbow-length sleeves, an iris purple skirt with three arctic blue diamonds,

NaturalGlitch: "One of them was named Tom for some reason."

BittplexMutt: So much descriptions. Wow.

Mononeko: Much importance. Very description. Wow.

CaptainPipsqueak: Anything to drag this out. I mean, okay, 'show versus tell', but *holy fuck*.

ThatUnknownPony: There's always a moment where telling is better than showing, and this is an example of it.

around her waist was an dark violet purple designer belt with a cerulean blue belt buckle, on both her wrists were bright golden yellow bracelets,

NaturalGlitch: It's for her Wonder Woman costume she's designing.

ThatUnknownPony: She was going to have a brief cameo on a crappy superhero crossover film.

Mononeko: Or rap against Stevie Wonder in an Epic Rap Battle.

ToonGuy: Or... third thing related to Wonder Woman.

CaptainPipsqueak: Great; now the place is filled with Wonder.

she was also wearing long violet purple boots with iris purple outlines at the top and a arctic blue diamond centerpiece on each boot.

Something: More description! Yay!

Nox: *insert *My Immortal* joke here*

ThatUnknownPony: All this needs is for everyone to be "gothic" and this is *My Immortal* with ponies and Sonic.

Her name was Rarity.

Something: "And she's an alcoholic."

NaturalGlitch: [Applejack] "Rarity, you can't get drunk off of ice cream—"

[Rarity] "I can try!"

Dark Angel: *wakes back up*

CaptainPipsqueak: Go back to sleep, dear. I dont think its stopping any time soon.

ThatUnknownPony: "But now she was simply called 'The Fashionista Formerly Known As Rarity'".

SC276: "You know the kind of girl who does nothing but fashion and wonders why her life sucks? Well, that was her. Every time something beautiful happened to her, something worse was waiting around the corner: fanfic. That's when she realized she had to change, so she resolved to fall in love with the next boy of her skin color she sees..."

CaptainPipsqueak: Is... is that racist?

SC276: "...and one by one she's going to survive in whatever way she can. She's just trying to cope with being written by a guy who has no idea what he's doing. Her name was Rarity."

"For starters, a certain blue-haired guitar player was just asking about you," a girl said in a western voice.

Something: Well, at least the writer went with "Western" instead of "Southern".

ThatUnknownPony: And that's... better? I mean, I always saw it as a "Country" accent, but...

Mononeko: The fuck is a western voice anyway?

SC276: It's basically a surfer accent.

Nox: [Twilight] "Sonic?"

[Applejack] "No."

[Twilight] "...Rainbow?"

[Applejack] "Seriously?"

JofY: [Twilight] "Is it Applejack?"

CaptainPipsqueak:

She had light orange colored skin, blonde yellow hair tied up in a ponytail that fell to the middle of her back,

NaturalGlitch: Hopefully not growing *from* her back.

BittplexMutt: That would be really weird.

SC276: It can only be an improvement.

ThatUnknownPony: *bricks SC* As if she needed improvement.

Dark Angel: I think this fic is giving me narcole- *falls asleep*

a few specs of white on both her cheeks, and bright green emerald eyes just like Sonic.

JofY: So, Amy is narrator?

Something: Oh, the Sonic fandom. Ruining everything it touches.

CaptainPipsqueak: I thought that was furies?

ThatUnknownPony: I thought that was the SU fandom.

CaptainPipsqueak: Nah, only the homophobes. The rest of us just enjoy the show.

Mononeko: I thought that was the Twilight fandom?

Topher: I thought that was the internet as a whole!

ToonGuy: I thought that was humanity.

She wore a Stetson tortilla brown cowboy hat,

Something: I didn't know "tortilla brown" was a color.

Nox:

NaturalGlitch: Now I'm hungry for a tortilla. Thanks, fanfic.

SC276: Well if Twilight's not going to have any quesadillas...~

CaptainPipsqueak: Ech. Gimme a taco/burrito combo any day.

ThatUnknownPony: *holding a couple of tacos* It's a good thing I work in a place I can get these quickly.

a white jacket with shamrock green in the middle,

Mononeko: Really makes me wish Applejack was Irish.

a light denim blue jean skirt

NaturalGlitch: ♪And a long... long~ accent!♪ ...what?

ThatUnknownPony: Oh, nothing... I thought you were gonna say something else.

with a walnut brown belt with a ruby red apple-shaped buckle on the front,

NaturalGlitch: "—that doubled as an emergency flashlight."

CaptainPipsqueak: And an emergency alert for any superheroes in the vicinity.

SC276: What sort of pervert pays attention to a teenage girl's belt...?

ThatUnknownPony: ...a teenage boy perhaps?

Mononeko: ...somebody with a thing for belts?

and tawny brown leather boots with a logo of three ruby red apples on each foot.

Something: "Their names were Simon, Theodore, and ALLLLLLLLLLLLLLLVIIIIIIIN!"

Her name was Applejack.

Something: Oh thank God it's spelled right this time.

ThatUnknownPony: Well it's the best we can get from this fanfic.

CaptainPipsqueak: It's 'Ipplejook'!

SC276: Yeeeeeah, I'm not doing that routine again.

CaptainPipsqueak: It's not *my* fault he spelled Urplejerk incorrectly.

Topher: Why are we misspelling Parlpoejart?

Crazy56U: Stop having strokes!

"Flash Sentry was asking about me?" Twilight asked excitedly while playing with her hair and blushing

NaturalGlitch: Aww~♥ So cute! ...what?!

ThatUnknownPony: No, no, you're right: This is cute... only because this was taken directly from *Rainbow Rocks*.

Mononeko: Because if you can't be original yourself, steal for other media. Ask Mykan.

CaptainPipsqueak: Don't bother; he'd just blame you because you asked.

Topher: [Twilight] "He didn't mention anything we did, right? Nothing about what happened after the dance and the whole sunset thing? When we went to his house?"

until she realized what she said and cleared her throat, "Isn't that nice?"

NaturalGlitch: Flash and Twilight's awkwardness-but-still-trying-to-save-face powers can be harnessed for a new energy source.

SC276: Can't wait for human!Blaze to dash those hopes, because lesbians are pretty much the last hope this fic has.

ThatUnknownPony: I don't know how that sentence can feel so wrong and yet it should feel right.

Mononeko:

Twilight started to have her drink as Rarity lifted her cup of coffee and asked,

NaturalGlitch: [Rarity] "What do you get if you cross an owl with a bungee cord?"

Nox: [Twilight] "Something that would live in endless torment."

SC276: [Rarity] "Why *is* a raven like a writing desk?"

Nox: Because Poe wrote on both.

Crazy56U: Wrong: It's because it can produce a few notes, though they are very flat, and it is never put with the wrong end in front.

ThatUnknownPony: [Twilight] "Are we seriously doing this right now?"

Mononeko: [Rarity] "What *is* the airborne velocity of an unladen swallow?"

CaptainPipsqueak: [Twilight Sparkle] "Yeah; not falling for *that*, thanks."

ToonGuy: [Rarity] "What are we doing here? No, really, what are we doing with our lives?"

"Perhaps you can just give us just the slightest bit of gossip from your world?"

Something: [Twilight] "Well, Celestia's been overthrown by Blueblood and Equestria's a bit of a shithole right now. It's nice to come here where the worst thing you have to deal with is who wins the talent show."

NaturalGlitch: [Rainbow] "But The Dazzlings might take over the world!"

[Twilight] "ZzZzZzZzZzZz..."

SC276: [Twilight] "My daughter turned into Nightmare Moon."

[Applejack] "That's rough, buddy."

ThatUnknownPony: [Rarity] "Wait, you have a daughter at your age?"

CaptainPipsqueak: [Twilight Sparkle] "Yyyyeah, there was a cult and a shaving cut involved. It's a bit uncomfortable to talk about."

[Rarity] "Wait. You *shave*?"

[Twilight Sparkle] "... Shut the fuck up, Rarity."

"She's got an official title now,"

JofY: And what? No sub-title? Lame!

a dog in a girl's lap said in a young male voice.

Something: OH MY GOD A TALKING PUP- oh wait, it's Spike.

BittplexMutt: [Spike] "She's the Marty Stu Slayer."

ThatUnknownPony: [Spike] "Oh, also the Mary Sue Befriender. Long story, it involves time travel."

ToonGuy: [Spike] "Just reminding you that I still exist!"

The dog had small iris purple fur, apple green eyes, parakeet green spiked up hair,

Something: I don't care what universe this is, "parakeet green" is not a color.

CaptainPipsqueak: [Parakeet] "You wanna take this outside, *motherfucker*?"

SC276: (Googles) ...what color do you think parakeets *are*, Author?

NaturalGlitch: I had no idea dogs grew hair, honestly.

CaptainPipsqueak: Depends on the breed. Poodles have hair instead of fur. They don't shed because of it.

chartreuse green ears, and a denim blue collar with silver spikes and a gold dog tag with a pink heart in the middle. His name was Spike.

NaturalGlitch: "—known as a lv 42 wizard to his game buddies."

Nox: Man, I really wasted the *My Immortal* joke didn't I?

ThatUnknownPony: Yes, you did.

CaptainPipsqueak: ...but we don't hold that against you.

Mononeko: Well, so far we've described three main characters and Spike, ripped off a few scenes from RR, and...nothing else. **QUALITY!**

Topher: **WORDS CANNOT DESCRIBE HOW BORED I AM.**

ToonGuy: Gestures, however, can describe how bored I am. *flips off fanfiction and then taps watches, patronizingly*

The girl who had Spike on her lap had cream yellow skin,

NaturalGlitch: "Fluttershy often bathed in cream corn; she tried to look like a Simpsons character."

SC276: "When it didn't work, she'd give an annoyed grunt. It was adorable."

her hair was long and bright pink that fell to her waist with a white butterfly hairclip in it,

NaturalGlitch: If she tighten the belt to much, does that count as butterflies in her stomach or just regular nerves?

Nox: Yes.

and she had teal blue eyes. She was wearing a white tank top, a grass-green skirt with a few butterflies;

NaturalGlitch: "—that she stitched on there while they were alive."

CaptainPipsqueak: They screamed in agony every once in awhile.

two blush pink and one magenta pink,

SC276: Author, I think you're a little too obsessed with description when you insist on pointing out the individual colors of the butterflies. Especially since I just Googled it and *all three are different colors*. For fuck's sake, if you're going to bore the ever-loving hell out of us with mountainous description for things we can easily look up ourselves, **AT LEAST GET IT FUCKING RIGHT**.

ThatUnknownPony: For someone so obsessed with describing every single detail, this author sure is taking his own liberties on the descriptions.

Mononeko: I like how all of this color shit is literally copy-pasteable from the wikia.

CaptainPipsqueak: Why go through the work when someone else already has?

Topher: *Is banging his head against the wall*

ToonGuy: *scrawls 'SEND HELP' into wall*

and grass green boots

BittplexMutt: Boots literally made out of grass.

ThatUnknownPony: Rarity kept repeating that those were going to be the new fashion.

CaptainPipsqueak: She just had to find a way to keep animals from eating them.

with a white design on the feet and magenta pink knee socks with white dots. Her name was Fluttershy.

Something: Half of this story so far is just describing what everything looks like.

SC276: And that's counting the earlier part from the sample!

ThatUnknownPony: Well at least is better than the upcoming romance.

Mononeko: Which one of the seven do you mean?

CaptainPipsqueak: Whichever ones are the same colour. I'm not shitting you.

Spike imitated a trumpet fanfare with his dog treat and said, "The Princess of Friendship!"

NaturalGlitch: [Spike] "We even get 'how to hug' classes!"

"Wow, that's really impressive.

SC276: "Sounds kinda stupid, but still impressive."

ThatUnknownPony: "I thought she was gonna be 'Princess of Magic' or something cooler, but whatever."

Mononeko: But Unknown...*places hand on Unknown's shoulder*...friendship is magic.

ToonGuy: *groans* IS IT OVER YET.

Guess you really were Princess Celestia's prized pupil," a girl said.

NaturalGlitch: [Sunset] "With a name like 'Twilight' I guess you'd have to be, right? ...get it? OK—never mind."

ThatUnknownPony: [Applejack] "I think you should leave the jokes to Pinkie, Sunset."

ToonGuy: A Girl was always my favorite character in the movie.

She had yellowish-orange skin, bright red and bumblebee-yellow hair,

NaturalGlitch: "—often being confused as bacon..."

ThatUnknownPony: "—and sometimes confused with ketchup and mustard..."

CaptainPipsqueak: Yeah, Flim and Flam are more baconheads than Sunset.

SC276: Ehhhh, looks a little too vibrant to be *actual bumblebee yellow*. Granted, I'm just eyeballing it, I'd need to eyedrop the colors directly to be sure, but this fic isn't worth the effort.

Mononeko: No, author, it's vivid crimson and brilliant yellow. Get your colors right if you want to overdose on details!

and aqua greenish-blue eyes. She was wearing a black biker jacket over a magenta purple shirt

Something: Not every color needs to have a description of the shade. "Magenta" or "purple" would do just fine.

ThatUnknownPony: Not as purple as all this unnecessary prose.

CaptainPipsqueak: "Magurple"?

with a bright red and yellow shimmering sun on the chest,

Something: Get it because her name is Sunset Shimmer hahahahaha- kill me.

NaturalGlitch: Later.

ThatUnknownPony: Can I die next, please?

Mononeko: *cocks a gun* Just give me a signal...

CaptainPipsqueak: What's the point? You'll just get better.

Topher: I'll do my best. *pulls out a rather large bazooka* THERE'S NO KILL LIKE OVERKILL! *begins firing wildly into the... erm.... riff... place*

Mononeko: Keep it down, we're in a church.

JofY: ...fuck, I thought this was a synagogue.

CaptainPipsqueak: AA Better?

Topher: Well, if this is a holy place that would explain why I'm so itchy.

ToonGuy: *has sunken to the floor in a boredom-induced daze* Is it going yet?

Now they were helping her make new friends.

ThatUnknownPony: "Except everyone kept treating her like shit. Not that she didn't understand why."

Something: "Except she keeps murdering them in their sleep."

NaturalGlitch: "She decided to sew up all dismembered limbs into one giant 'friend'."

Nox: Thank you. I *totally* needed that mental image haunting my nightmares.

CaptainPipsqueak: Oh shush; it's just like Princess Monster Wife.

SC276: Katamari Friendship.

"She's even got her own castle," Spike added.

NaturalGlitch: A freakishly spacious one.

ThatUnknownPony: With a weird crystal color scheme.

Mononeko: That, with some imagination, looks like someone giving you the finger.

Topher: I'm never going to unsee that, but frankly I don't want to!

BittplexMutt: With the roots of her old home literally hanging on the ceiling.

SC276: [Spike] "Still need to install a directory. Someone could get lost and walk in on a dragon in the bathroom."

"A CASTLE!? You have your own castle?"

JofY: Yeah, they're easy to grow.

Mononeko: All it takes is water, sunlight, a magic box that grants you mega evolutions we never see again, and love.

ThatUnknownPony: Also a library tree getting blown up by a destructive magic blast.

Topher: It was a controlled demolition to justify the invasion of Yakyakistan, we've been over this!

Rarity yelled getting in Twilight's face

SC276: Personal space! PERSONAL SPACE!

ThatUnknownPony: I thought that was Fluttershy's schtick to invade other's personal space.

Something: [Rarity] "I'm gonna get my own castle! With blackjack and hookers!"

and spilled a small bit of Twilight's drink on her shirt,

Something: Gasp! The fiend!

ToonGuy: That cold hearted snake!

CaptainPipsqueak: She don't play by the rules, either.

Nox: [Twilight] "Ow! Ow! Owwww! That was hot coffee!"

ThatUnknownPony: [Rarity] "Oops! I didn't mean to ruin your shirt."
[Twilight] "And what about my burns?!"
[Rarity] "Oh please, those will heal in the morning."

until she realized what she was doing and cleared her throat while wiping the mess off of Twilight's shirt with a napkin, "Ooh, uh, lovely,"

NaturalGlitch: [Twilight] "Can you stop that? It feels...weird."
BittplexMutt: [Twilight] "And burning."
Nox: [Twilight] "Can you also get me to a hospital to get these coffee burns taken care of?"
ThatUnknownPony: [Twilight] "And can you please stop trying to take my shirt off in public?"

"What's new here?"

BittplexMutt: Absolutely nothing.
Mononeko: It's a barren wasteland of uncreativity.
SC276: That's what I'd like to know.
ThatUnknownPony: I wish there was something new.
CaptainPipsqueak: I got a bag of crabs.

I mean, besides your school becoming the target of dangerous magical creatures from Equestria?" Twilight asked.

Something: [Applejack] "Well, Rainbow had to leave school for a while due to intense bullying because she's in a relationship with that weird fast echidna thing, but to avoid a lawsuit, a couple of the people leading the bullying got suspended. Outside of that, nothing too notable."
ThatUnknownPony: [Rainbow] "Uhm, I think the echidna was the one into you. I'm the one in a relationship with a hedgehog."
[Twilight] "...and they criticized me for wanting to be with a human."
ToonGuy: [Spike] "So, who do I get to break the laws of nature with?"
[Twilight] "No one, Spike. Because no one cares."

"Yeah, so that isn't exactly the *only* strange thing that's happened since you and Sonic left,"

NaturalGlitch: [Rainbow] "I only made six goals last game! *Me!* Only *six!* Augh!"
CaptainPipsqueak: The sad thing was she was playing by herself.

another girl said. She had cyan-blue skin,

Something: I take it that the author doesn't give up on this weird color-description thing.
ThatUnknownPony: You're guessing right.
Mononeko: *sighs* Can we please get to the insane part already?
CaptainPipsqueak: Which one?

Topher: GET ON WITH IT, FOR FUCK'S SAKE! NOBODY GIVES A SHIT! THIS IS THE MOST TEDIOUS THING I'VE EVER READ EXCLUDING MYKAN. AND AT LEAST THAT HAD SOME ENTERTAINMENT VALUE IN HOW MISERABLY BAD IT WAS! GET! ON! WITH! IT!

ToonGuy: ...so can I assume you're not a fan?

CaptainPipsqueak: No, that's how he shows that he *likes* things..

rainbow hair, and pink magenta, violet eyes.

Something: THOSE ARE THREE DIFFERENT COLORS, WRITER.

NaturalGlitch: Rainbow's eyes change color depending on her mood, I guess.

ThatUnknownPony: Her eyes depended on how they were seen in the light.

CaptainPipsqueak: You ain't the boss of her eyes!

She was wearing a short sleeve cerulean blue button up shirt

NaturalGlitch: "—where she keeps a tiny stuffed teddy bear inside one of the inner pockets..."

Mononeko: Headcanon approved.

ToonGuy: In other news, one can read the entirety of War and Peace in one sitting while we wait for the author to finish off describing the characters we already know about.

over a white shirt with a symbol that looked like a white cloud with a primary colored lightning bolt on the chest,

SC276: Author, it's called a *decal*, for fuck's sake...

NaturalGlitch: "Given to her when she survived a lightning strike in the middle of a soccer game. The extra energy sent to ball flying!"

a bright fuchsia pink

Something: I see that someone didn't use spellcheck.

Nox: Do any of these authors use spellcheck?

ThatUnknownPony: I think the answer is no, obviously.

Mononeko: Spell-check? The fuck is that?

ToonGuy: Dunno, Mono, and I bet no one else does, either.

and white striped skirt with tight-fitting black bike shorts underneath,

Something: Did you really need to specify that the shorts were tight, writer who isn't even here to listen to my gripes?

CaptainPipsqueak: So he's an ass guy, huh?

BittplexMutt: Uh... let's hope this isn't one of *those* stories.

ThatUnknownPony: With our luck, it'll be one of those.

Mononeko: At the very least it would give us something to work with.

Mononeko: And liked it. And wish to not see it get mutilated.

SC276: And even those that have couldn't be bothered to remember more than the cliff notes.

This gave Twilight a little bit of a shock.

Something: Only a little?

NaturalGlitch: [Twilight] "Gasp! How did you fit a copy of yourself into this device?"

CaptainPipsqueak: [Twilight Sparkle] "I'll get you out of there!"

ThatUnknownPony: [Rainbow] "I'll take that as a hint that your world doesn't have much technology."

"Pretty sweet, huh?"

JofY: [Dash] "My phone is made entirely from chocolate."

CaptainPisquakeak: [Rainbow Dash] "This one was Fluttershy's. She's watching her weight."

ToonGuy: [Twilight] "S-Sure....I guess....if you like that sort of thing?"

It happens to all of us when we play,"

SC276: [Rainbow Dash] "Let me tell you, it is *really* distracting in the middle of *GoldenEye*."

Rainbow said, "And gosh, I wish Sonic was here to see it."

SC276: Well just wait for about three pages or so.

Something: Where's my copy of *Pokemon Sun* when I need it? Oh yeah, I haven't bought it yet.

ThatUnknownPony: I don't know if that's better than having already bought it and have it delayed by a fucking strike.

JofY: [Dash] "Oh gee golly, I sure do higgly wish that boy was here so we can dig it."

Topher: I think it's trying to communicate! I'll give the standard response. *pokes JofY with a stick*

ToonGuy: Wait, I'm not sure, are they implying that Sonic and Rainbow Dash are going to be a couple? It's been really well hidden thus far.

CaptainPipsqueak: Up to this point the *story's* been well hidden.

Twilight thought for a moment, "Hmm.

BittplexMutt: [Twilight] "That can be arranged."

ThatUnknownPony: [Twilight] "Why do I feel suddenly sick?"

My crown was returned to Equestria,

JofY: Your crown? I'm sorry, but please don't insinuate that her crown is a hand me down.

CaptainPipsqueak: Oh *please*. As if Celestia would give her something unique.

but some of it's magic must've remained here in Canterlot High.

Nox: "The rest of it is magic that just arrived."

NaturalGlitch: [Twilight] "I sure hope the horse statue doesn't break; a lot of magic will pour into this world!"

ThatUnknownPony: [Twilight] "Last thing I want is my human counterpart to fall in love with a creepy bland camp counselor!"

Mononeko: Dude! Spoilers...

SC276: The magic threw a temper tantrum until its parents caved.

Now that we're all together, we can use the magic on the sirens.

Something: Ah yes, another thing from the original fic that I don't understand in the slightest.

NaturalGlitch: I could probably explain it, but...nah.

ThatUnknownPony: I'll bother explaining: The Sirens are the villains of Rainbow Rocks, and basically the most memorable part of the movie, Sunset aside.

Mononeko: HEY! Nobody can forget Snips and Snails' awesome rap number!

CaptainPipsqueak: ... I can.

ToonGuy: Ditto.

Just like when we were able to use it on Sunset Shimmer.

SC276: Wouldn't that require them to turn into demons first?

NaturalGlitch: [Snails] "And us!" [Snips] "I'm pretty sure no one cares anymore."

ThatUnknownPony: [Sunset] "Yeah, I changed my ways after that, you instead continued being bullies in this film. Guess who everyone cares for?"

Mononeko: [Sunset] "But your rap was amazing, though! Really... good..."

When she turned into that horrifying winged monster."

Something: [Sunset] "It wasn't even my final form!"

ThatUnknownPony: [Sunset] "Just wait to see what YOU turn into."

Twilight realized what she just said and turned to Sunset, "No offense."

NaturalGlitch: [Twilight] "But your breath is really bad."

CaptainPipsqueak: [Twilight Sparkle] "Also, what the *fuck* is up with your hair?"

SC276: Too late, the author's already offended me.

JofY: Take a shot.

ToonGuy: *throws away empty bottles* Too late. Already did it.

"None taken," Sunset said sadly before she let out a smile to herself, "Huh. I'm used to it."

ThatUnknownPony: [Sunset] "Hopefully this won't become a Running Gag... yeah, hopefully."

NaturalGlitch: [Sunset] "Weird things have been happening to me ever since I bought that bed from Linda Blair."

CaptainPipsqueak: [Sunset Shimmer] "...but my neck and shoulders feel *incredible!*"

"They'll never even know what hit them!" Rainbow said excitedly before showing off some karate moves in front of her friends.

Something: I haven't been paying attention to recent developments in the MLP world. Is EQG-Rainbow doing karate a thing or is it something this dipshit writer stuck in because he thought it was 'kewl'?

NaturalGlitch: It happened in the movie, but only once.

ThatUnknownPony: And it's one of those gags that work with visuals, but falls flat on text.

SC276: See? We've *already* rified this!

Mononeko: We're basically riffing the movie at this point.

CaptainPipsqueak: At least he's stopped describing things to a ridiculous detail.

Applejack caught one of her punches and smiled,

NaturalGlitch: "Right before the cage match started. What a counter!"

"We got nothin' to worry about now that Twilight's here."

NaturalGlitch:

ThatUnknownPony: That's two movies later, anyways.

SC276: That looks more like they're being uploaded to the Grid.

Mononeko: Guess they shouldn't have eaten those red pills...that was a Matrix reference, right?

CaptainPipsqueak: And then the universe ended.

"Oh, I'm pretty sure I could find something to worry about,"

JofY: Look out Fluttershy! YOU'RE BREATHING AIR! PANIC! PANIC!!!

Topher: Wait, THIS IS AIR?! AAAAAAAAAAAAAAAAAUUUUUUUUUUUUUUUGH!

Fluttershy said looking down before smiling, "But it won't be the sirens!"

SC276: Then what is it? Being in a terrible fanfic?

Mononeko: What is it? It's it.

Something: *thinks about making a joke about the Greek sirens but can't figure out a creative way to do it, instead opting to stay silent and just revel in their frustration at not being able to do this joke thing well*

ThatUnknownPony: [Fluttershy] "It's not like they're gonna control the whole school into booing us offstage."

BittplexMutt: Meanwhile, the Sirens grew offended by Fluttershy's comment.

"The sooner we do this, the better," Twilight agreed before asking the group,

SC276: As indicated by how the sampler was only three weeks or so ago.

Something: Imagine seeing this line out of context.

ThatUnknownPony: Well, you haven't seen the movie, so it is out of context for you.

NaturalGlitch: [Twilight] "(flipping the table over) Ha! ...what?"

"Any idea where the Dazzlings might be?"

Something: THEY'RE ON A BOAT!

SC276: Tell them to sit down, they're rocking it!

ThatUnknownPony: Hopefully somewhere safe from this story. They had enough dealing with the shit in *Starpops*.

A girl waved her hand while drinking an ice cream float.

JofY: In another city, completely unrelated to the events happening here.

Mononeko: Can we read about that?

CaptainPipsqueak: No. Sit down, suck it up and take it.

She had fuchsia-strawberry pink

Something: AGAIN WITH THE COLORS GODDAMMIT WRITER

ThatUnknownPony: Did you really think he was going to give up on that?

SC276: Aaaaaand more descriptions, time to get back to the *Minecraft* videos.

Mononeko: *sighs and shakes his head*

Topher: *Various noises of incomprehensible rage*

CaptainPipsqueak: *sighs and goes to grind more coffee... and get a couple of donuts from the Tim Hortons down the street*

ToonGuy: *heads off in search of better booze*

fluffed up hair, blush pink skin, and sky blue eyes.

NaturalGlitch: [Pinkie] "My eyes came from the sky? I knew it!"

SC276: Accompanied by Lucy with diamonds.

ThatUnknownPony: [Rainbow] "Did she eat one of Fluttershy's brownies again?"

[Fluttershy] "But... I've never made brownies in my life. Maybe it was those marshmallow she always eat?"

She wore a white shirt with a lavender pink heart at the middle and amethyst purple across the top of the shirt,

NaturalGlitch: [Pinkie] "I stole this from another show!"

ThatUnknownPony: [Pinkie] "Just don't attract that show's fanbase. It's way worse than ours."

a short sleeve cerulean blue jacket, a cerulean blue bracelet on each wrist, an amethyst bow around her waist, a lilac purple skirt with three balloons;

NaturalGlitch" [Pinkie] "When I press them, they make a fart noise. Wanna see?~♥"

ThatUnknownPony: [Sunset] "I think this fanfic stinks enough the way it is."

two sky blue on the bottom with yellow strings and one sunflower yellow on the top with a blue string,

NaturalGlitch: —that I want to use to hang myself after reading descriptions of characters I and anyone reading this should already know.

SC276: I literally can't follow this. I think my brain overflowed a buffer and caught on fire.

Mononeko: It's like your brain wants to restart an abolished running gag.

and cerulean blue boots with white laces and pink bows on the top of them. Her name was Pinkie Pie.

Something: You know, in *My Immortal*, the grammar was bad enough that the long paragraphs about Enoby's outfits were kind of charming in its own naive way. When the grammar is relatively competent, it just makes the writer look lazy.

BittplexMutt: Plus, it really drains peoples' interest in the story on a personal level.

ThatUnknownPony: I can't believe I'm saying this, but for once I want to see bad grammar in this story, if just for the unintentional comedy of it.

Anybody remember the story in which the author told the reader that he'd dealt with the majority of the grammar problems *but misspelling grammar?*

SC276: Look, given the shit that's going to happen in a few lines, you're going to be *happy* for competent typesmanship.

Mononeko: And she was here to say she was gonna make you smile and she would brighten up your day.

CaptainPipsqueak: ...and then she pulled out the knives.

ToonGuy: And she wanted to know more about a hacksaw.

Pinkie stopped waving to finish her drink and said while looking at the empty glass,

NaturalGlitch: [Pinkie] "For where art thou now, drink?"

"There's a big party tonight for all bands who signed up to be in the showcase.

JofY: Wait, wouldn't they already be a part of it?

Topher: [Pinkie] "They're calling it the

In-No-Way-A-Ruse-To-Get-Us-All-In-One-Room-Together Party! One of them said there'll be TRAP music and then started giggling!"

That would include the Dazzlings."

JofY: But that doesn't mean they'll attend.

CaptainPipsqueak: They said something about 'pigs flying'. Dunno what they meant by that.

Everyone smiled at that thought.

JofY: You know, if you just read the last little bit, you'd think that Twilight may be a villain.

CaptainPipsqueak: Oh *please*. Everyone knows she *is*.

Twilight wiped a smug

Something: Is that supposed to be "smudge"?

CaptainPipsqueak: No. The drink felt superior to Pinkie. And Twilight. Everyone in the room, really.

ToonGuy: In this fanfiction, the drink's got a point.

of Pinkie's drink from Pinkie's cheek,

Mononeko: I ship it.

Topher: Three lesbians, we're getting better.

"Looks like we have a party to crash."

Ringmaster: And now that that's all taken care of, without further ado, the rest of "Sonic - EGRainbowRocks" by NerfSonicRD - Books.

SC276: We now return you to your regularly scheduled Marty Stus, already in progress.

**ThatUnknownPony: Okay, guess I'll have to catch up with what I've missed...
*thirty minutes later***

WHAT THE FUCK DID I JUST READ?! AND WHO GAVE THE AUTHOR PERMISSION TO PAIR SUNSET WITH FRIGGIN SHADOW THE "OW THE EDGE" HEDGEHOG?!

CaptainPipsqueak: Hey, you've only yourself to blame.

Mononeko: Yeah, it's terrible when your favourite human/waifu gets shipped with an obnoxious hedgehog... *wipes away a tear*

SC276: What did I freakin' tell ya.

Something: In that case, I think I'll make one more comment and then go do more productive things, like watching YouTube poops.

NaturalGlitch:

Everyone was still asking Sonic and his friends about themselves.

JofY: "Hey Sonic! Nice to finally meet you. What's my middle name?"

Mononeko: "Did you marry my OC? DID YOU?!"

NaturalGlitch: "Hey, Tails; is it true you have an two of *something else*? My fanart demands to know."

Nox: [Tails] "Yes, I do indeed have two hands."

ThatUnknownPony: Because why the fuck not.

The Dazzlings stood where they were still confused.

SC276: *Is this scene still freakin' going on.*

Something: "Why the fuck are there Sonic characters in our story?"

CaptainPipsqueak: "And who put my chocolate in their peanut butter?"

ThatUnknownPony: [Adagio] "Sonata, did you spike the punch with Spiky Blue?"

Topher: "No, just absinthe. Actually, given the quantities, I think the better question is 'Did you spike the absinthe with punch?'"

CaptainPipsqueak: *And moonshine. Basically, don't belch in public after drinking it: you'll either get people in the vicinity drunk or they'll burst into flames and explode.*

All they knew was that Sonic and his friends are from another world

BittplexMutt: You don't say?

ThatUnknownPony: No! How did you guess that?

Mononeko: Their hands gave it away.

ToonGuy: Truly a Sherlockian feat of deduction.

and that they've been here before.

NaturalGlitch: Did the writing just take a nosedive because it's no longer ripping off the movie or did my mind deflate again?

Nox: Yes.

Mononeko: Very yes.

SC276: That's not a good prize.

CaptainPipsqueak: Get used to disappointment. It will be a constant.

ToonGuy: Speaking of being here before, the average feeling of any reader with a braincell upon seeing the same shit happen once more.

"Okay, everyone," Sonic said holding his hands out to get everyone to settle down,

JofY: Using his psychic powers.

"Let's ton it down a little bit."

SC276: [Sonic] "We got a movie to finish ripping off here."

NaturalGlitch: Sonic played by Tommy Wiseau, I see.

ThatUnknownPony: Fits how half-assed this whole thing is.

Mononeko: [Sonic] "Anyway Sunset, how's your sex life?"

CaptainPipsqueak: *After everyone had divested themselves of one thousand kilograms, the conversation continued.*

Pinkie then spoke, "Maybe you and your friends can help us against the Dazzlings."

"Um, who are the Dazzlings?" Tails asked.

ThatUnknownPony: Oh, well good that you ask. You see, the Dazzlings are some of the best villains this show has ever had. Case in point:

NaturalGlitch:

SC276: That GIF looks like an *Undertale* battle.

Topher: *mashes play on a boom box*

Pinkie then pointed her finger at Adagio, Aria, and Sonata while she said,

JofY: So, who are the Dazzlings? The people standing right next to them as they talk about defeating them.

SC276: [Pinkie] "They're the villains taking over the school we ignored because you hunks fell out of the sky. Well, the ceiling since we're indoors, but close enough."

ThatUnknownPony: [Sonata] "Uhm, shouldn't we instead take advantage of them being distracted?"

ToonGuy: [Aria] "Are you kidding me!? We're villains in a shitty Sonic x My Little Pony crossover! We never do anything smart!"

CaptainPipsqueak: [Adagio] "... Should...should I feel insulted?"

"They're the Dazzlings, of course, that's their band name.

NaturalGlitch: A band with no instruments? Pshaw!

Nox: [Pinkie] "They're over there with the D-Man-Knights!"

ThatUnknownPony: [Adagio] *shudders* "Why does that name makes me physically ill?"

But they're demons from the pony world who are using mind controlling music on our friends to take over this world."

SC276: *chorus of facepalms*

NaturalGlitch: Kinda like that rocker ghost from Danny Phantom. I'm not a nerd—shut up...

ThatUnknownPony: Huh, curious you mention Ember, cause she was voiced by Tara Strong, a.k.a. Twilight Sparkle. I swear I'm not a nerd, don't look at me like that.

JofY: Technically, they're sirens, not demons.

CaptainPipsqueak: There was that time they got drunk and began running around making ambulance noises. Never quite lived that one down.

Mononeko: But the question is: does the author know that?

SC276: Given the sampler scene, I don't think the author knows *anything*.

CaptainPipsqueak: A common occurrence in many *many* fics we've riffed.

Sonic looked at the Dazzlings and put his finger on his chin.

NaturalGlitch: [Sonic] "I wonder if I keep eating the same Chilli Dog over and over again."

ThatUnknownPony: [Sonic] "Why did *Pushing Daisies* get cancelled?"

Mononeko: [Sonic] "Do I look smart when I do this?"

SC276: [Sonic] "This is my thinking face."

CaptainPipsqueak: [Sonic] "Oh shit; did I leave my pie in the oven?"

ToonGuy: [Sonic] "I'd rather go back and do Sonic 06 than be here right now....no, wait, I don't."

He then noticed that they were each wearing a red gem necklace.

JofY: Not only that, but they all have a fuck ton of hair!

He thought, "*Hmm, there's something with those girls for sure.*"

JofY: [Sonic] "*I mean, what's with their sense of fashion?*"

SC276: Something with those girls, huh? Like maybe they're trying to take over the school *like your friends just said*.

NaturalGlitch: Give me a break. Why would Sonic of all people notice the gems are magic?

BittplexMutt: Since he's being written like this, that's why.

Nox: He just assumes any and every gem is magical because of the Chaos Emeralds and the Time Stones.

ThatUnknownPony: In a better story, that could be an interesting reason. But this author wants to make Sonic and pals blatant Marty Stus, so he just knows they're magical!

Sonic then turned back to Pinkie, "Sorry, did you say 'band name', Pinkie?"

NaturalGlitch: [Pinkie] "You know—the name of their band; a band name. They're in a group that sings, and—"

ThatUnknownPony: [Adagio] "Uhm, hello? Are you... Are you really going to simply ignore us?"

SC276: [Aria] "Why aren't we just leaving again?"

ToonGuy: This is giving me Sonic Underground flashbacks....that's not a good thing.

CaptainPipsqueak: No. No it is not. *subtly moves away from ToonGuy*

Before Pinkie could answer, the main doors to the gym busted open and a voice spoke,

JofY: "GIVE ME THE ONE WHO WOULD DESTROY OUR WORLD!"

Mononeko: "EVERYBODY GET ON THE FUCKING GROUND! THIS IS A HOSTAGE!"

SC276: "I'M SICK OF ALL THIS GOODNESS! GIVE ME CHAOS INSTEAD!"

Topher: "WHERE'S MY GILF AT?"

ToonGuy: "COME WITH ME IF YOU WANT TO LIVE!"

CAPTAINPIPSQUEAK: YAY! CAPS LOCK DAY LIVES AGAIN!

"What is going on here?"

SC276: "What's going on?! Where am I?! Who are you people?!"

NaturalGlitch: I didn't stuff any dead bodies in any crawl spaces! I mean—what?

Mononeko: *is setting a file cabinet on fire* Nothing!

Topher: *Drops spear* We weren't doing anything!

Everyone turned and saw two very familiar women at the door,

JofY: Mom!? When did you get an identical twin!?

Mononeko: Blaze and Amy?

Principle Celestia and Vice Principle Luna.

NaturalGlitch: [Principal Celestia] "Do you think people poke fun at how tall I am?"
[Vice Principal Luna] "Just say you're an amazon warrior of the cake tribe."

ThatUnknownPony: [Principal Celestia] "Was that another joke about my butt being fat?"

[Vice Principal Luna] "Please, why would I be making cracks at it when the one it has is big enough?"

SC276: Do those two just travel together everywhere in a pack, or...?

CaptainPipsqueak: Actually, there a small clone army of them. These two are the originals. The 'principles', if you will.

"Well?" Luna asked looking at everyone.

JofY: "Can someone tell us who we are?"

ToonGuy: "Is it time for this shit already?"

CaptainPipsqueak: [Luna] "Do I haveta *punch* a bitch?!"

Celestia then noticed Sonic in the middle of the crowd and smiled, "Sonic. What a surprise."

SC276: Please tell me she's saying that in a tone of lowkey scathing sarcasm.
NaturalGlitch: [Principal Celestia] "Shouldn't you be in a subpar fanfiction or something?"

[Vice Principal Luna] "I get the feeling he already is."

ThatUnknownPony: [Principal Celestia] "Oh, that explains why the air was smelling like a bathroom."

JofY: Is Celestia about to choke a bitch?

CaptainPipsqueak: [Luna] "Only if I get to punch him, too!"

Mononeko: [Celestia] "Can you tell that I'm emoting. Because I am emoting,"

Sonic only shook his head, "Hey, Principle Celestia."

NaturalGlitch: [Sonic] "Does your hair normally glow like that from being so close to the sky?" [Principal Celestia, throwing hands into the air] "Seriously—you too?"

ThatUnknownPony: [Sonic] "Hey, it's not my fault you're a *towering* authority figure."

"What exactly are you doing here?"

JofY: "It's Gym class. We're supposed to be here."

And who are these other students with you?"

JofY: [Luna] "What? Do you expect me to know who each student that attends this school is?"

Mononeko: [Celestia] "No, but I at least expect you to look out for any new students."

SC276: [Celestia] "Why do all these new faces just show up out of nowhere without properly registering? First that rebellious numbers kid and now *these* guys."

CaptainPipsqueak: [Celestia] "And then there was that fat, creepy janitor who wanted to be a science teacher!"

Luna asked curiously.

NaturalGlitch: [Vice Principal Luna] "I'm assuming you're all new students here. Otherwise I'm calling the cops."

ThatUnknownPony: [Aria] "Can you please call them anyways?"

"I came here to be with Rainbow, and these are my friends from my world," Sonic answered.

ThatUnknownPony: [Principal Celestia] "Oh Sweet Baby Faust, there's more of them..."

SC276: Meanwhile, [Eggman] "Augh, being World Emperor is boring."

ToonGuy: [Sonic] "Would you like me to give you an extremely in-depth description of their appearances, clothes and personalities?"

[Celestia] "In this school, that's like shaking hands. It's just the done thing."

"I see," Celestia said,

Mononeko: Taking this in surprisingly well.

CaptainPipsqueak: Yeah? Just wait until she starts coming down. Her shit will be wrecked.

"Well, since you're here, would you like to cooperate in the Battle of the Band competition?"

NaturalGlitch: [Sonic] "My style is a bit...*underground*, if you know what I mean."

JofY: You could say that it's *booming*.

Mononeko: It's very *next gen*.

Topher: Additional sonic pun.

"Sorry, um, what is that?" Sonic asked.

SC276: [Sonic] "Everyone's too busy swooning over us to actually explain anything."

BittplexMutt: [Flash] "It's where we literally fight to the death by the power of music."

ThatUnknownPony: [Flash] "And I really mean it: It gets pretty violent."

Nox: [Celestia] "Think back to *Sonic Underground*. Except another band is playing against you now."

ToonGuy: [Celestia] "And...you know...less 90's."

CaptainPipsqueak: "Kind of like the end of Rock and Rule, except without the demon. And worse music.

Flash then spoke,

JofY: Without raising his hand!? He's a madman!

Mononeko: "Flash spoke" are two words nobody wants to see being put together.

ThatUnknownPony: ...so my new name is "Nobody" then?

Crazy56U: No, we already *have* a Nobody.

CaptainPipsqueak: [Nobody, Alicorn Princess of I'm Not Getting Involved] "And I'll thank you to leave me out of this!"

"It's a competition that's about whose band is the best at making music here at CHS and that kind of stuff."

Nox: You're telling me none of the competing bands only play cover songs?

ThatUnknownPony: Already an improvement over *Starpops*.

NaturalGlitch: [Flash] "I tried to do *Down With The Sickness*, but I can't get my voice to sound like a semi downshifting enough."

Sonic thought for a moment, then turned to his Mobian friends, "What do you guys think?"

NaturalGlitch: [Shadow] "Maria~"

Topher: [Tails] "This is a complete waste of time."

CaptainPipsqueak: [Tails] "We should feel ashamed, go back home and consider where our lives went so wrong."

"You can definitely count me in, bro," Manic said,

JofY: Wait, fuck, who?

Mononeko: Manic. Sonic's brother. Extended universe or something. I don't know jackshit about Sonic.

SC276: And actually *from* the *Sonic Underground* cartoon. He showed up in the sampler. This is what happens when you skip.

"I still got my insane drum skills."

Nox: Oh my gosh, *Sonic Underground* is canon to this fic. Sorta.

ThatUnknownPony: Hey, that show at least gave us this gem.

NaturalGlitch: [Maniac] "Now to steal Pinkie's extra drum set."

"I've learned how to play a piano, so I'm in," Tails said.

ThatUnknownPony: So did Lyra and Bon-Bon, look how that one went:

Topher: [Trixie] "FUCK YOUR SHIP!!"

CaptainPipsqueak: [Ship] "And fuck you *too*, sister! *TOOT TOOT*"

NaturalGlitch: It would've been nice to hear Lavender Lace and Fuchsia Blush talk, or see them again in the later movies. Ah well.

"I'm not very good with music," Knuckles said, "But I can use a classic guitar for sure."

ThatUnknownPony: [Knuckles] "I can't play music, except I can!"

NaturalGlitch: Ah, the same skill type as Dethklok.

"I've learned how to play drums too," Silver said,

NaturalGlitch: Really? When? Was it before or after you time traveled/open a different dimension? I don't know; I can see him playing the keytar, but...

JofY: [Silver] "I learned it during my 10523732th attempt at finding out the being who destroyed the future."

Nox: [Silver] "I learned it from some guy with a sword who told me to stop messing up his missions. I think his name was... Shorts, maybe?"

CaptainPipsqueak: [Trunks] "Fuck. You. Nox."

"So I'm in as well. With two drums sets in one band, we can totally rock things out."

ThatUnknownPony: Or just cause more annoyance, like you always do.

NaturalGlitch: [Silver] "The objective is to deafen people, right?"

Mononeko: Call me a music geek, but rock bands with two drummers actually do exist. Bands like The Doobie Brothers, Foreigner, and Arcade Fire all had two drummers at one point. Hell, The Allman Brothers Band even had *three* drummers for a long time!

SC276: So there's some precedent. I think the author *didn't* know that and was just being the same dip as usual.

ToonGuy: I thought that was a given anyway?

"I think this would be interesting, so I'll play along too," Shadow said.

ThatUnknownPony: [Shadow] "Suddenly I felt like craving to play an instrument."

NaturalGlitch: [Shadow] "I play a mean accordion."

Mononeko: I always pictured him as a triangle person/hedgehog, honestly.

JofY: [Shadow] "But don't you dare put a damn spotlight on me!"

ToonGuy: Because Shadow is totally the one I think of when it comes to 'enjoying being social' with things.

Sonic nodded, "Well, then we need a name. How about, The Sonic Heroes?"

Mononeko: *groans in a pillow*

ToonGuy: How about the Go Fuck Yourselfs?

NaturalGlitch: So, when they're introduced, the announcer has to say "Welcome the The Sonic Heroes!"?

JofY: The announcer is a pre-programmed script.

SC276: I exploded enough *last* week!

CaptainPipsqueak: You can *never* explode enough, SC276. Get to exploding, kid.

Topher: Actually, by my math, we're all slightly behind our explosion quotas. I need to up my violence game. Could you please take two steps to your right? Just get yourself centered on the big red X on the floor there?

ToonGuy: Oh, this one?

Topher: Yes! That's the one! *pulls out a remote and presses a button* *a piano falls onto ToonGuy* Wait, I think I put you on the wrong X.

All of his friends believed that was a good name for their band.

SC276: I mean, it's not like the author has the creativity to come up with alternatives.

ThatUnknownPony: This story is already boring, repetitive and frustrating, plus it might lead to a very nonsensical ending, I think it's a fitting name.

Sonic then turned to everyone and said, "We accept the challenge."

NaturalGlitch: [Tails] "I quit! You're all dragging me down! I can—wait, it's too early for that, right?"

This made everyone except the Rainbooms and the Dazzlings think of the same thing.

JofY: "Ow! My toe!"

ThatUnknownPony: "This is so stupid."

NaturalGlitch: [Adagio] "Ha! You'll never stand a chance! Witness my powers!"

CaptainPipsqueak: Oh my God! SHE'S JIGGING AT US!

ToonGuy: "WE ARE NOT GETTING PAID ENOUGH."

They all wanted their bands and Sonic's as the best.

ThatUnknownPony: *chorus of facepalms* Really!? They're so fucking perfect the others don't want to compete *against* them like it should, but *with* them?!

JofY: *starts flinging snowflakes everywhere*

Mononeko: Wait, whawhawhawhawhawhawhawhaha*crashes*

SC276: Y'know, I'd probably be more outraged at this, but the sampler happened.

Topher: I'm still not 100% sure what's happening right now and I treasure that ignorance.

"I think the Great and Powerful Trixie *and* The Sonic Heroes are the best already!" Trixie called out first.

NaturalGlitch: [Trixie] "—is what this stupid script says I should say, but I won't!

Trixie and the Illusions will...say the dumb line on accident. Whoops."

Mononeko: The Illusions were so enraged after this comment that they left the band.

They had a successful solo career until one of them died from a drug overdose.

CaptainPipsqueak: And the other one changed her music style and her audience

dropped her like a lead weight.

Everyone perked up at that. "Whatever, Trixie!" Flash yelled as he grabbed Sonic's wrist and held it up in the air,

NaturalGlitch: "—tearing it off from the socket."

ToonGuy: [Flash] "I too graduated from the Rarity school of invading personal space!"

"No one is gonna beat us!

JofY: "We'll beat each other up!"

CaptainPipsqueak: [Sonic] "Just to make it clear: Flash does *not* speak for the rest of us!"

The Sonic Heroes and the Flash Drive are the best at CHS!"

NaturalGlitch: [Flash] "We shall be called...USB Ports! Yeah!"

Mononeko: *facepalms*

CaptainPipsqueak: It's better than "The Dongles" anyway.

SC276: [Tails] "Um, this isn't Battle of the *Superbands*, you know--"

"No, the Crusaders and The Sonic Heroes will win!" Apple Bloom yelled.

Nox: Wait, so they all wanted to do a collab with Sonic's band? Why?

ThatUnknownPony: Because the Author has reduced them to blatant Marty Stus, why else?

NaturalGlitch: Like the Crusaders need extra help; the powers of adorable will guide them to victory!

Soon, everyone except The Sonic Heroes, the Rainbooms, and the Dazzlings started to argue with each other.

NaturalGlitch: Wait—why are Sonic and co. not affected? They're not magic, and—I should just stop there.

CaptainPipsqueak: Shouldn't have *started*, really, but what can you do?

SC276: I'd go with the Chaos Emerald angle since I remember them being involved in coming here, but I intend to not give the fic any help.

ThatUnknownPony: I'll go for the obvious and say "Because they're Marty Stu protagonists".

JofY: What I'm wondering is how they think the tournament bracket is balance.

Mononeko: They just kicked out Snips and Snails to make some space. I don't know why though, since that rap is sublime...

SC276: They probably kicked a band that didn't have any fan-favorites in it.

Toph: So again, kicking Snips and Snails makes no sense.

Adagio and her sisters smiled as a green mist appeared and slowly transferred itself to the red gems on their necklaces.

NaturalGlitch: [Sonata] "See? Our necklaces do suck! Literally!"

When they were finished absorbing power, Adagio noticed the Rainbooms weren't under their spell.

ThatUnknownPony: And back to ripping off the movie!

NaturalGlitch: "Adagio decided to try yodeling to see if that worked."

CaptainPipsqueak: She tried Dragon shouts, but that was ineffective as well. Funny as hell, though.

"I think we found what we're looking for.

Mononeko: The part of Adagio will not be played by Bono.

Or rather, it found us," Adagio smiled at her sisters,

NaturalGlitch: [Sonata] "Yep! Tacos!" [Aria] "Can that meme just die already? Like you should?"

ThatUnknownPony: [Sonata] "At least I have a meme to be remembered by. What do you have?"

SC276: They only notice the Rainbooms resisting, and not the Sonic characters?

CaptainPipsqueak: Let's face it: *nobody* is at their best right now.

but Sonata didn't understand, "Magic! Don't you see? Everyone else has fallen under our spell, but not these girls.

NaturalGlitch: [Adagio] "We didn't even have to tap dance or nothing."

These girls are special."

JofY: They're on the spectrum.

Mononeko: They're snowflakes.

CaptainPipsqueak: They ride the short bus.. ... Wrong kind of 'special'?

ThatUnknownPony: [Adagio] "And apparently, those guys from another world too. I swear, if I ever end up in a world full of "perfect special snowflakes"..."

Adagio and her sisters smirked as they watched the Rainbooms sneak away through the door.

NaturalGlitch: "Meanwhile, The Sonic Heroes are trying to decide who can eat the most concrete."

SC276: [Knuckles] "If we were our *Boom* versions, we'd totally have an answer already!"

Then they saw The Sonic Heroes sneaking out through the door as well.

NaturalGlitch: [Sonic] "Exit, stage left."

SC276: Apparently someone in the Rainbooms said "walk this way."

CaptainPipsqueak: But they'll talk however they want.

ThatUnknownPony: As long as they don't say "Just give me a kiss."

Aria then said, "Those six boys are special too."

ThatUnknownPony: [Aria] "As in, mentally challenged, of course."

Mononeko: [Adagio] "They're Sonic characters. What did you expect?"

SC276: [Aria] "I'm adding it in like this because the author doesn't know how to edit the movie's dialogue."

Sonata smiled, "Not to mention cute."

ThatUnknownPony: *DON'T YOU DARE MAKE THE DAZZLINGS FALL FOR ANY OF THEM, OR ELSE!*

NaturalGlitch: [Sonata] "They'd make great taco fillings." [Aria] "Seriously?! Again?!"

Topher: Oh, yes. They'd fill her taco quite nicely. *Waggles eyebrows*

"If we can get their powers, plus the girls' magic, we'll be unstoppable," Adagio said,

NaturalGlitch: [Adagio] "I guess it's time for a...Sonic Boom." [Aria] "Can I disown myself or something?"

"Plus, it would be great to have some cute boys like Sonic and his friends as our slaves."

NaturalGlitch: Maybe the author means cute like a tiny hedgehog is cute? We, uh, don't know if Sonic and the others look like human kids or not... Yeah... (coughs awkwardly).

Mononeko: *pictures Sonic in latex. Shudders*

SC276: Heh. Wimps.

Topher: Fuck ME, This is easily the WORST case of martyrism I have EVER SEEN! I don't have a joke! I'm SERIOUSLY ANGRY ABOUT THIS! I AM SITTING HERE, AT MY KEYBOARD, SEETHING.

CaptainPipsqueak: Heh.

Everyone was so busy arguing and the Dazzlings were too focused on Sonic,

NaturalGlitch: "—especially since he's running away from a giant truck..."

CaptainPipsqueak: Checking out dat hedgehog ass. ... I'm not apologizing.

no one saw or even knew that two figures were watching them from inside a vent taking their pictures with their phones.

JofY: Look out! Teenagers!

NaturalGlitch: Next time, on *Criminal Minds*...

Mononeko: Snips and Snails? I'm betting Snips and Snails.

Nox: Nah. It's obviously Shawn and Gus.

SC276: Oh right, these two that Ring mentioned somewhere...

ThatUnknownPony: Oh god, are these D-Man Knight rejects?

CaptainPipsqueak: Nah. Ren and Stimpy.

One of the figures leaned towards the other and whispered,

JofY: "Did you bring a battery with you? My phone is running low."

CaptainPipsqueak: "You eediot..."

"I think they're evil.

JofY: Sonic?

Just a hunch."

BittplexMutt: [Other Guy] "Uh, no shit, Sherlock."

Mononeko: [Other Guy] "Nooooooooooooo..."

ThatUnknownPony: [Other Guy] "What gave you that crazy idea?"

NaturalGlitch: [Guy] "Because we're also Mary Sues."

The other replied, "That's kind of obvious.

SC276: [guy #2] "We've seen the movie, after all."

NaturalGlitch: Only if you know about magic, Sirens and are just author self-inserts.

Mononeko: And at that moment, the fic started riffing itself.

But those teenagers that just left, could it be them?

JofY: "Wait, who are we talking about?"

Could they be the reason we're here?"

BittplexMutt: "Could they be the chosen ones?"

ThatUnknownPony: "Are those the Marty Stus we're here for?"

Mononeko: "Are those the boys who lived?"

NaturalGlitch: [Other Guy] "Or did we *really* come down here for Taco Tuesday?"

SC276: One of life's greatest mysteries, isn't it?

CaptainPipsqueak: See for yourself on the next Dragon Ball Z!

The fist one said again, "Could be, but I'm not sure."

BittplexMutt: How would you know? You're literally a fist.

ThatUnknownPony: Oh goody, Master Hand is in this story too.

Mononeko: Wrong. This is obviously Crazy Hand.

NaturalGlitch: Maybe Fist is talking to a guy named Face. The only way they communicate is by punching each other.

CaptainPipsqueak: ...be *he* calls it 'fisting'.

Meanwhile, outside the front of the school as the sun began to set,

NaturalGlitch: "—all of their parents began to worry about their kids coming home."

JofY: Um... Glitch? Parents don't exist.

CaptainPipsqueak: Unless they need to.

Twilight, Sonic, and their friends were thinking about the Dazzlings.

BittplexMutt: I'm pretty sure a lot of people think about the Dazzlings too.

ThatUnknownPony: Not that you can blame them at all.

NaturalGlitch: Probably the same reason there are so many *Legend of Everfree* screenshots of the girls in their shorts with really, *really* creepy comments.

Nox: (facepalms) Okay, I did *not* need to know that was a thing.

Mononeko: Yeah... I... honestly could send my entire life without... knowing... that...
breaks into a sweat

ThatUnknownPony: You can blame DHX for really improving in the animation and models. I mean seriously, did they need to add so much hip movement?

Topher: "Many of them were masturbating vigorously"

CaptainPipsqueak: I have taught you well, Topher.

"It doesn't make any sense," Twilight began,

NaturalGlitch: [Twilight] "Why are Sonic and his friends here? Or how, really."

ThatUnknownPony: [Twilight] "Why did we stop trying to zap the Dazzlings as soon as they appeared?"

Nox: [Twilight] "What is up with the *Silent Hill* movies?"

CaptainPipsqueak: "Who the fuck cancelled 'Pushing Daisies'?"

SC276: We're talking about powers of the dead h- oh wait, we're not.

"I should have been able to create the spark that would help us break their spell. That's how it worked before."

JofY: That's how they defeated a demon last time, electricity.

BittplexMutt: You need to do more leveling up, Twilight.

ThatUnknownPony: Hey look, we're back to ripping off *Rainbow Rocks*!

NaturalGlitch: And—as if by magic—the writing went up several notches. It's almost like this person found the PDF file for the book and copied it.

Mononeko: There's a *Rainbow Rocks* Bo-oh, right!

Nox: Oh Twilight, you should know by now you can't just go around making Planeswalker sparks willy-nilly.

"But to defeat me, you drew magic from the crown that I was wearing," Sunset said.

NaturalGlitch: I read that as *clown* instead of *crown*. Freaky images did that conjure forth.

SC276: [Rarity] "So we need to attack a car then?"

Sonic then thought of something, then spoke,

NaturalGlitch: [Sonic] "Chili Dogs, Chili Dogs, Chili Dogs, gotta go fast, Chili Dogs, you're too slow."

Mononeko: The characterization of Sonic in a nutshell.

ThatUnknownPony: It's at least better than what they did with him in '06.

"Hmm, the Sirens' magic comes from their music, like you said, right?"

SC276: At... some point.

ThatUnknownPony: [Twilight] "Sonic, I swear to Faust, if you try to steal my role from the movie in this story, I will end you!"

NaturalGlitch: Yay!

"Yep," Pinkie said.

NaturalGlitch: [Pinkie] "I *do* think frosting should be on the pizza. ...what?"

Nox: Man, I really *should* try a dessert pizza before I die.

CaptainPipsqueak: Never been to Pizza Hut?

Nox: ...I've been to Pizza Ranch.

"Then we should fight fire with fire,"

JofY: I'll get the heat resistant clothing.

ToonGuy: No, Tails, put down the flamethrower- Oh dear, that's made a nice mess of things.

CaptainPipsqueak: Break out the white phosphorus!

Sonic said, "Or in this case, music with music."

ThatUnknownPony: [Sonic] "I stole that phrase from that Enticorn from that planet full of snowflakes!"

NaturalGlitch: [Maniac] "Good thing I kidnapped *Aerosmith*. What? I'm a maniac."

Topher: But is he dancing like he's never danced before?

CaptainPipsqueak: For sure?

Sunset then thought of the same thing,

JofY: Copycat.

"He's right.

NaturalGlitch: [Sunset] "He *is* a maniac."

Mononeko: "And he does dance like he never danced before."

SC276: That is the fastest I've seen... someone fail a stage of DDR.

So maybe you have to use the same kind of magic to defeat them."

NaturalGlitch: [Rainbow] "Does anyone know how much Auto Tune costs? The boys might need it."

CaptainPipsqueak: Ah, autotune - a tool for people who can't sing and want to make this totally clear to the listener.

Twilight perked up at that. Then both Sonic and Sunset said, "Or maybe not."

ThatUnknownPony: [Sunset] "Can you please stop trying to steal our lines, Sonic?"
NaturalGlitch: It's like with Elizabeth in *Bioshock: Infinite*; gotta make the worthless character important by doing something—anything, really.

"No," Twilight said, "I think you both are onto something."

"Really?" Sunset asked.

ToonGuy: I get the sense that this fanfiction is more padding now than content. Twisted and stupid.
CaptainPipsqueak: Now? Now you're calling it 'padding'? What do you call the first twenty pages?

"Hang on,"

NaturalGlitch: [Sonic] "My quills are tearing through my jacket." [Tails] "When will I get a line?"

Mononeko: [Sonic] "Shut up, Tails! You're only here so Fluttershy can hook up with you!"

Topher: [Fluttershy] "But I don't-" [Sonic] "YOU DON'T SPEAK UNLESS SPOKEN TO!"

CaptainPipsqueak: I am now envisioning Tails and Fluttershy getting hitched and having hideous mutant pegasus/fox crossbreed children. I can't stop laughing.

Sonic said as he then turned to the other girls

SC276: [Sonic] "We need to hog more of the spotlight."

CaptainPipsqueak: [Tails] "You mean *hedgehog*, right? Eh? Eh?"

[Sonic] "Shut the fuck up, Tails."

and asked, "It's when you play music that you transform now, right?"

ThatUnknownPony: Seriously! You're just taking Twilight's lines and making Sonic say them!

NaturalGlitch: [Sonic] "And you all somehow become cuter. ...what?!"

"Yep. Ears. Tails.

SC276: [Tails] "What about me?"

The whole shebang," Applejack answered.

NaturalGlitch: [Applejack] "Creating edible fruits through music; you know, the norm."

CaptainPipsqueak: [Applejack] "Basically, we turn into anthros. I'm deeply ashamed and question my life choices."

"So maybe the way to use that magic to defeat the Sirens... is by playing a musical counter-spell," Sonic said.

ThatUnknownPony: [Twilight] "YOU FUCKER! I WAS ABOUT TO SAY THAT!"
SC276: [Twilight] "YOU DON'T EVEN HAVE THE BACKGROUND IN MAGIC TO SAY THAT! YOU JUST RUN FAST!"

"You mean like a song?" Fluttershy asked as she flicked her hair.

NaturalGlitch: [Fluttershy] "I have so~ many song ideas, *you don't even know!* If, uh, we can play them, I mean."

ThatUnknownPony: [Rainbow Dash] "Fluttershy, don't try to bring the actual plot of the movie here, it's not worth it."

Mononeko: Fluttershy is an excellent spellwriter.

Topher: Fluttershy would later become one of the most prolific death metal writers to ever live, famous for her magnum opus "Slaughter the young."

"Uh-huh," Twilight answered, "And in order to free everyone who's been exposed to the Sirens' spell, we'll need them all to hear it."

NaturalGlitch: The scene of them practising the "music spell" will forever cause me to shrink back from the screen. It's supposed to do that, but still.

ThatUnknownPony: It's still more bearable and far funnier than this, at least.

"Hmm..." Everyone pondered.

ThatUnknownPony: Are they pondering what I'm pondering?

Nox: How many licks *does* it take to get to the Tootsie Roll center of a Tootsie Pop?

Mononeko: Why *did* Pushing Daisies get cancelled?

Nox: The world may never know.

Topher: If "Art of the Dress" mentions both French clothing and tanks, does that mean World War II is canon?

CaptainPipsqueak: Who *did* put the bop in the bopshoobopshoobop?

Then Rarity stood up and gasped as she remembered something, "The band competition!"

NaturalGlitch: [Rarity] "How in the blazes are we going to get extra musical equipment for a bunch of misfits who barely ever talk?"

Nox: (three counts of theft, five counts of armed robbery and two counts of aggravated assault later)

That's the next time we can be certain everyone will be in the same place at the same time."

NaturalGlitch: Unless their parents won't let them go—but I guess being under mind control would make them break out.

Mononeko: Oh my fuck, why are we riffing this copy-pasted bullshit right now!?

Seriously, we could've done a fic where Eggman becomes a fucking janitor! But no, we're instead stuck with this fucking shit.

SC276: I think most of us are suicidal. That's the *only* reason this thing came out on top.

ThatUnknownPony: That and there was that red mist thing apparently. Curiosity killed the cat, once again.

CaptainPipsqueak: Fortunately I don't *like* cats, so I had that going for me.

Topher: [Tails] "Well, in that case, let's play it over the school's PA system! That'll make sure all the students hear it!" [Sonic] "SHUT UP TAILS YOU WORTHLESS PEICE OF SHIT! WE'RE GOING TO PLAY IT AT AN EXTRACURRICULAR, AFTER-HOURS SCHOOL EVENT!"

"Guess the Rainbooms are the band to beat," Applejack said.

NaturalGlitch: [Applejack] "We just need to get rid of some extra, pointless characters."

"Um, not to be rude or anything like that, but won't you need help from The Sonic Heroes?" Knuckles asked.

SC276: [Applejack] "Umm, no. No we don't."

ThatUnknownPony: [Applejack] "Uhm, nope! Last time we had a band helping us, they just did everything worse."

Mononeko: [Applejack] "Why should we care about some Sonic characters?"

"And the Sonic Heroes, of course," Applejack added.

NaturalGlitch: [Applejack] "—shouldn't be in this story at all."

Mononeko: [Applejack] "—but only because the plot forced me to."

ToonGuy: [Applejack] "—should go home right away and think about what they've done."

CaptainPipsqueak: [Applejack] "—had better be out of my sight before I return with the baseball bat."

"And I believe you, Twilight, just became the Rainbooms' newest member," Rarity said.

BittplexMutt: [Twilight] "But I don't know how to play any instruments."

CaptainPipsqueak: [Twilight] "Eeeee! I'll go get my accordion!"

ThatUnknownPony: Neither does Knuckles, and he's still gonna shame himself in public.

SC276: I'm not sure how the target audience for this fic is going to read it given the Sonic cast's presence in dialogue is more pasted in then

All the girls made excited giggles while Sunset just stayed where she was feeling sad.

BittplexMutt: [Sunset Shimmer] "I wanted to be Rainbooms' newest member, too."

ThatUnknownPony: [Sunset Shimmer] "Why do I feel more forced romance coming?"

Then she felt a hand touching her shoulder.

BittplexMutt: It was Thing from The Addams Family.

She looked and saw Shadow who was looking a little worried.

BittplexMutt: [Shadow] "There's something on your face!"

SC276: [Shadow] "It was PAIN!"

ThatUnknownPony: [Shadow] "Where's the DAMN fourth Emerald?!"

Mononeko: Finally! Some original lines!

CaptainPipsqueak: [Sunset Shimmer] "What's wrong, Shadow?"

[Shadow] "*sigh* I'm getting really bummed out. Life has become a slog. I guess you could say I'm... *losing my edge*."

"Are you feeling all right, Sunset?" Shadow asked.

BittplexMutt: [Sunset] "I'm in this fic, what do you think?"

ThatUnknownPony: [Sunset] "I'm about to be shipped with you, I think it's obvious how I feel."

SC276: "About"?

Mononeko: [Sunset] "The author literally copy-pasted the plot of the movie, make a guess."

Nox: [Sunset] "A bunch of characters who aren't even supposed to be here were just picked over me."

"I'm fine, thanks," Sunset said still feeling a little upset.

BittplexMutt: [Shadow] "Oh, okay then. Nevermind."

ThatUnknownPony: I can't blame her. Being in this story could make anyone upset.

Shadow looked at Sunset's hand.

BittplexMutt: [Shadow] "Hands..."

ToonGuy: [Shadow] "That hand would look really nice on my wall."

Then he thought for a moment and placed his hand on hers.

BittplexMutt: Again, hands.

ThatUnknownPony: Okay, this is now beyond uncomfortable.

CaptainPipsqueak: ...and then they fucked...

SC276: [Shadow] "Touch."

Sunset felt the touch and looked at Shadow.

BittplexMutt: [Sunset] "Stop touching me."

ThatUnknownPony: [Sunset] "Get your hands off me, you damn, dirty hedgehog!"

Mononeko: [Sunset] "RAPE! RAAAAAAPE!"

Nox: [Sunset] "Geez! Your hands are fucking cold!"

Topher: [Sunset] "Why is it so sticky?"

"Hey, I'm here if you need help," Shadow smiled.

BittplexMutt: [Sunset] "Actually, I do need help, to get out of this fic."

ThatUnknownPony: *horrified* OH MY GAWD! I-I don't know where to start with all that's wrong with this! Wait, I know where to start: THIS IS ALL OUT OF CHARACTER FOR SHADOW!!! HE'S THE EDGE KING FOR A REASON!

Mononeko: There's so much wrong with this I can't even begin to describe it.

SC276: We need the black dye that those cultists in the last fic used, and enough to drown this story in it.

ToonGuy: The Edge Lord is clearly suffering from some sort of disease. We must cleanse it the only way possible. *pulls out flamethrower* Barbecued hedgehog, anyone?

Sunset couldn't help but smile and blush at how nice Shadow was, "Thank you, Shadow."

SC276: [Sunset] "How uncharacteristically nice of you to offer."

ThatUnknownPony: *gags and pukes* ...Topher? Do you still have that Spiky Blue of yours?

SC276: Um, wouldn't ingesting that stuff right after puking cause it to eat your stomach *faster*?

Topher: I don't know! Let's find out! *pours a Spiky Blue* Here you go, Unknown!

Back to the others, Pinkie then popped up and said, "So... what do you want to play?"

ThatUnknownPony: Never expected to say this, but thank god we're back to directly ripping off the movie.

Mononeko: NO! NO! GO BACK TO THE SHIPPING! PLEASE GO BACK TO THE SHIPPING!

Nox: No! Let's just go. As in, go away from this story.

SC276: Well I got a copy of *Jackbox Party Pack* on my laptop...

She then ran off and returned with different instruments. First, with a triangle, "Triangle?"

Next, a sousaphone and blew into it, "Sousaphone?"

Now, a Theremin, "Theremin?" and made eerie notes, "So magical."

ThatUnknownPony: And another scene that is hilarious with visuals, but totally bland on text.

Mononeko: Mykan called, he wants his writing style back.

CaptainPipsqueak: Well, *he* calls it style - everyone *else* just calls it plagiarism. He *literally* doesn't understand what the term means. I'm not shitting you.

SC276: Apparently I'm psychic. That or the only one left with common sense.

"I might take a little too long to learn how to play something with these," Twilight said holding out her hands.

Mononeko: Even though you don't need to touch a Theremin to play it.

Topher: Yeah, everyone knows you need to lick it to get the best sound!

CaptainPipsqueak: I was poking it with my nose. Got some pretty neat sounds from it.

"Let me guess, still not quite used to the whole hand thing?" Sonic asked.

Twilight nodded and said, "I'll just sing."

BittplexMutt: "You know, just like in the movie."

ThatUnknownPony: "Because at this point it's the only thing remotely making sense here."

Rainbow just instantly appeared right beside Twilight and asked, "Like, as in lead singer? 'Cause that's usually my gig. This being my band and all."

Mononeko: Backup singers are a thing, Rainbow. And sometimes a good guitarist can overshadow a vocalist, but that's my opinion.

"It's *our* band," Applejack said, "And of course as lead singer. She's the one with the magical know-how to help us pull this thing off."

SC276: Just sing "No Good Deed Goes Unpunished" and get this over with.

"OK. Yeah. That's cool," Rainbow said, "I'll just use this as a chance to hone my already insanely good lead guitar skills."

Sonic couldn't help but smile, making Rainbow blush.

ThatUnknownPony: *gags again* Yeah, encourage the ego of your human girlfriend, Sonic. Watch how that works wonders by the end of this.

Mononeko: *through gritted teeth* Don't remind me that that ship is happening, or do I have to bring up Artie?

ThatUnknownPony: Don't you dare bringing that piece of shit here. It's not my fault this fanfic has to remind us of that crackship.

Nox: ...what does Artie have to do with anything?

Mononeko: DON'T QUESTION MY THREATS! Or I'll stuff a banana through your eyehole!

Topher: *holds up a scorecard* 7.8/10! Certainly a painful and creative threat, but I'm not sure it's entirely feasible. Bananas are pretty squishy, maybe a starfruit? That has some good edges.

Nox: ...moving on.

CaptainPipsqueak: ...and then they fucked...

"It's only temporary," Twilight said,

SC276: Just long enough for you to demonstrate HOW TO HAUNT A HOUSE!

"And we don't need to win the Battle of the Bands. We just have to perform during the first round of the competition."

ThatUnknownPony: That is until Rainbow goes full narcissistic and tries to win the competition.

Topher: With Marzipan's radish?

"So let's get to learning that musical counter-spell!" Rainbow said excitedly.

Twilight frowned, "Well, that's just it. I don't know any."

All the other girls groaned. "And unfortunately, neither of us know one either," Tails said.

ThatUnknownPony: [Pinkie] "Nobody asked you, Fox Kid... huh, that sounded weird."

SC276: [Pinkie] "Anyone else hear a stupid rap song?"

"But I'm sure I could figure out how to write one," Twilight suggested.

"Totally!" Spike said, "Twilight can write a spell like it's nobody's business. That's pretty much how she got to become a princess in Equestria."

ThatUnknownPony: [Spike] "Also pissed off like half of the fandom and scared a quarter of them, probably to join the SU fandom instead."

Mononeko: Technically she-oh wait, that's the next line.

"Technically, I helped finish a spell," Twilight added, "And there was a little more to it than that, Spike."

"Yeah, whatever," Spike replied.

SC276: Yes, everyone's cutie marks doing the switcheroo and wreaking havoc on Ponyville qualifies as "whatever."

ThatUnknownPony: [Spike] "You still pissed a lot of people. Wonder what happened to that DisneyMaster guy."

Nox: Who?

ThatUnknownPony: Exactly.

Topher: ...ok, that one wasn't my fault.

"Wow, a talking dog," Silver said amazed as he lowered himself to Spike.

ThatUnknownPony: Says the talking anthropomorphic hedgehog.

Mononeko: Well, he is a human now. Only I can't be fucked to remember what he looks like so I just pretend he's a hedgehog.

Topher: *reaches into Crazy's pocket, pulls out his tape recorder* I'll just borrow this for a second... *hits Play*

Tape Recorder: His skin was bright peach. He had admiral blue spiky hair with emerald green speed glasses in it, and green emerald eyes. He was wearing an unzipped cut sleeve cerulean blue vest hoodie with navy blue streaks on the bottom over a white long sleeve shirt with the sleeves folded up to his elbows. His lower half contained azure blue jeans with a couple rips to the knees, and bright red and white shoes with gold buckles on the sides and white sports tape on the front, middle and ankles. For accessories, he wore a bright chocolate brown colored bandana around his neck, on his hands were white fingerless gloves, white sports tape wrapped around the hands excluding the fingers going halfway up the lower arms, and even a sapphire blue wristband on each wrist. He was also wearing a bright cobalt blue backpack with bright scarlet red and gold yellow streaks on it on his back.

Topher: *hits Stop* Happy?

Mononeko: No. But thanks anyway.

ToonGuy: Not in the slightest.

Crazy56U: (takes tape recorder back) You could've just asked for it.

"You're not surprised?" Spike asked disappointed.

ThatUnknownPony: I think going all "Wow, a talking dog" counts as surprised.

SC276: Silver's showing the same enthusiasm as us facing a Mykan fic.

"I'm a talking hedgehog where I'm from after all," Silver said as he then scratched Spike's ear. Spike tensed up for a second, but then relaxed and wagged his tail as he enjoyed the scratching, "Oh, yeah. That... feels... good."

ThatUnknownPony: Uhm, no comment.

Mononeko: ...no. Just... just no.

SC276: [Twilight] "Spike, stop wagging your tail in my face!"

CaptainPipsqueak: ...and then they... nah.

"I've got this. Come on," Twilight said as she picked up Spike and walked towards the school with Sonic and his friends.

"Where you all goin'?" Applejack asked.

SC276: [Applejack] "We just left school! It's the end of the day! We in general have parents!"

"Well, the last time we were here, we spent the night in the library," Sonic said,

SC276: [Sonic] "It helped me to sleep because I was *that* bored."

"Besides, there isn't really a place for me and my friends to stay."

ThatUnknownPony: Well, there's always place for you and your friends in the junkyard.

Mononeko: Or you can squat a house.

CaptainPipsqueak: I'm sure Ponyville must have at least *one* dumpster.

"Are you crazy?" Pinkie said as she then suddenly hugged Twilight tightly, "We're besties now! Slumber party at my house!"

All the girls were excited. Sonic and his friends then continued to walk into the school until Pinkie stopped them, "You guys too!"

THAT made Sonic and his friends feel a little uncomfortable.

ThatUnknownPony: Them and us, alright.

Nox: I'm more bored than I am uncomfortable.

Mononeko: You tell me.

SC276: [Manic] "Sonic, Mom said no girls-and-boys sleepovers until we were eighteen!"

ToonGuy: *looks at watch* Well, we're going to be here a while *sets up armchair*

"Uh, slumber parties are more of a... girl thing," Sonic said.

ThatUnknownPony: [Sonic] "I don't want to catch your cooties!"

Nox: [Sonic] "Now sleepovers on the other hand."

Mononeko: I don't really see an issue with being surrounded by girls in pajamas.

"Plus, do you think it would be okay with your folks?" Knuckles asked.

"It's just me and my sister, so it's ok," Pinkie said, "Plus, Sonic, you get to be with Rainbow."

Mononeko: *clenches his fist*

ThatUnknownPony: Pinkie, don't encourage them. Trust me: Teenagers plus Empty House times Hormones equals Lots of Regret.

SC276: You guys are teenagers...?

Mononeko: Yep, eighteen and proud.

Topher: I'm twenty, so technically not a teenager.

Nox: But what does it equal if we carry the birth control and divide it by pot?

Mononeko: Then you must divide it by NO! HELL NO!

"All right, then," Sonic said.

Later, at Pinkie's house, everyone were wearing their own kinds of pajamas and doing their own things.

SC276: How convenient that Pinkie keeps various sizes of boy pajamas just lying around, especially since she doesn't have any brothers.

Topher: ...Do I even need to make the joke? I feel like SC pretty much implied it.

Sonic and Rainbow were playing a video game while Knuckles and Applejack were watching.

ThatUnknownPony: Instead of having Rainbow and AJ play while making funny faces.

Nox: [Sonic] "Who knew a party game about an Italian plumber could be so frustrating?"

Mononeko: [Rainbow] "Play Dokapon Kingdom. Then we can talk about frustrating."

SC276: [Rainbow Dash] "How many times to do I have to tell you? Keep Quick Change and Piercing Blow equipped! They're never *not* useful!"

Pinkie and Manic were Pinkie's laptop.

ThatUnknownPony: So they're shapeshifters now?

SC276: Better: cyborgs!

Mononeko: I've heard about being a cog in the machine, but this is ridiculous!

Fluttershy and Tails were playing with Spike.

Mononeko: Almost giving him another ear-scratch orgasm.

ToonGuy: Well there's another image I need never think about again.

Silver, Rarity, and Sunset were looking at stuff on Rarity's phone. And Twilight was working on the counter-spell with Shadow helping her.

ThatUnknownPony: [Twilight] "For the last time, no! It's not gonna be a song about hailing you!"

SC276: [Shadow] "What about one about being all of me?"

"Status update: Okie-dokie-lokie!" Pinkie said as she tapped the keys on her keyboard, and then looked at Manic who was smiling at her, and she blushed and added, "And meet a really nice boy!"

Mononeko: I would say that this joke was funny in the original movie, but then I'd be lying.

"Hehe, you're too funny, Pinkie," Manic said.

Rarity set up her phone and took a selfie with Sunset, Fluttershy, and surprisingly Tails and Silver.

SC276: That just seems really crowded. Facebook's gonna have a hell of a time with the faces.

Once she took the picture, she saw that Spike had made a funny face in it

SC276: That somehow managed to get *into* that crowded picture...

and she and Silver glared annoyingly at him while Tails, Fluttershy, and Sunset snickered.

BittplexMutt: Silver is not amused.

ThatUnknownPony: Oh goody! You just added Silver into this scene completely ruining it.

Mononeko: ...why are you okay with Tails, then?

ThatUnknownPony: Tails has the "cuteness" factor with him, Silver's just annoying. What I'm not okay is the shipping, though.

SC276: So the *Sonic* characters are just going to imitate the girls and thus contribute absolutely nothing to this story. Good to fucking know.

ToonGuy: You say that like it was a surprise.

Sonic and Rainbow were playing a racing game and were on the final lap.

ThatUnknownPony: Because apparently a human "Power Ponies" fighting game wasn't funny enough.

Mononeko: It was too gory, so the author changed it.

Sonic's player was behind Rainbow's and he gave an annoyed face. Rainbow smirked as her player was right near the finish line when Sonic's player had just rushed past hers and crossed the finish line.

SC276: Were they playing one of those "realistic" racers? Y'know, the kind where you're *not* an animal character, so I can't bring myself to care about them?

Topher: Unless your racing game has items to create crazy antics, I'm not interested.

SC276: Amen, brother.

Rainbow was slack-jawed that she was beaten by the last second.

SC276: Was she beaten over her head, or...?

ToonGuy: That Last Second is a maniac! He must be stopped!

Sonic smiled sheepishly, "Sorry, Rainbow."

ThatUnknownPony: [Sonic] "You're too slow!" ...I'm not apologizing.

Rainbow then only smiled. "It's cool, blue blur," she said as she put her hands on Sonic's cheeks and gave him a kiss on his lips, which he returned.

ThatUnknownPony: *gags once again* And he had to change the joke from the movie in favor of this crap?!

SC276: Yes because *SHIPPING*.

Mononeko: ...excuse me for a moment...*opens a bottle of whiskey and begins chugging* Okay. I'm calm now. Proceed.

Topher: Hang on, I'm with you. *chugs a bottle of Spiky Blue* Excuse me, but I just got so drunk that I hit sober coming back around, and sanity came with it. I can't live with the things I've done. *shoots himself in the head*

ToonGuy: Oooh, more for me. *steals bottle and chugs it down* Hmm... this was a mistake.

Knuckles and Applejack couldn't help but smile.

SC276: [Knuckles] "If we just hold out long enough, I'll wake up from this nightmare eventually."

Rainbow then turned to Twilight and Shadow and asked, "So, Twilight and Shadow, how's that counter-spell coming?"

SC276: From shipping to plot in nothing flat.

ThatUnknownPony: [Twilight] "It could go better if Mr. Edgy here wasn't writing everything about this 'Maria' girl."

[Shadow] "You just don't understand my deep song-writing!"

Mononeko: [Twilight] "I think we should just give up and sing *Photograph* instead."

Topher: Ed Sheeran or Nickelback?

Mononeko: Nickelback of course. Why would I associate songs I like with this shitstain?

"Huh? Oh, good. Great," Twilight said flipping the pages of her book, "Shadow?"

"It's getting there," Shadow said not looking away from his book.

SC276: I don't think Shadow needs to imitate Twilight to not be a team player.

ThatUnknownPony: [Shadow] "I don't care, I'm just here to steal your air and whine about Maria."

Topher: What is Shadow's beef with *West Side Story*?

Twilight then turned to Fluttershy, "Thanks for letting me use your notebook, Fluttershy. I really like the song you wrote for the Rainbooms."

"Thanks," Fluttershy said, then sighed, "Hopefully one day, we'll get a chance to play it."

Mononeko: Considering who your frontwoman is, no.

ThatUnknownPony: And considering who the author is giving more importance, not a chance in hell.

Topher: And considering how well this author writes, I'll be sure to wear earplugs for its entirety.

"I'm sure you will," Tails said reassuringly.

SC276: [Tails] "We'll have plenty of time to play it afterwards, because I have *absolutely no idea* how we're getting back to our world."

Fluttershy blushed but smiled at him. Then both she and Tails looked and saw Rainbow laughing mockingly and holding a controller in the air preventing Applejack from grabbing it.

SC276: Because Applejack was playing before.

Sonic and Knuckles face palmed at the silliness.

Mononeko: Meanwhile, the rifiers facepalmed at the stupidity.

ThatUnknownPony: And also the rifiers gagged at the crackship.

Topher: And also the rifiers begged for the sweet release of death.

ToonGuy: And also the rifiers began to weep for the fallen souls of humanity.

"Hey!" Applejack yelled trying to reach the controller while Rainbow just kept laughing.

Mononeko: Playground bullying is fun!

Rarity then sat next to Twilight on the bed,

SC276: Oh there's a *bed* now.

"Twilight, I think I speak for all of us when I say, I don't know what we would have done if you hadn't come back to help us."

"Uh-huh," all the other girls said.

SC276: [Applejack] "We definitely need another movie for that."

"And I'm sure we would be having a lot of trouble without you and your friends, Sonic," Twilight said.

Mononeko: Not really. But at least the story would be better.

ThatUnknownPony: Actually, I think you could have less problems without them.

SC276: I'm pretty sure their presence isn't fixing anything at all, which is impressive given the games' discography.

"Hey, no problem," Sonic smiled, "Besides, it'll be fun to cooperate in the competition."

Then they all heard the doorbell ring. Pinkie stood up and said, "Pizza's here!"

Sonic then quickly stood up and said, "Last one there has to pay for it!"

SC276: *Pizza?! (runs into a locked door) Eh, it probably tastes like greasy cardboard anyway.*

Everyone whooshed out of the room, everyone, except Twilight and Shadow. They looked at their notebooks and saw what they had really written. Twilight's was showing a mess while Shadow's had not a word.

ThatUnknownPony: [Twilight] "Really? Is that how you're gonna help?"

[Shadow] "Not much better than writing 'Flash Sentry' inside a big heart."

Mononeko: [Shadow] "*looks at Twilight's notebook* Is that a drawing of Sunset with her head between your-"

[Twilight] "OKAY MOVING ON!"

Topher: The sad part being that that's definitely a thing.

"Sorry, Twilight," Shadow said.

ThatUnknownPony: [Shadow] "...Actually, no, not sorry. Fuck you."

ToonGuy: [Shadow] "Ha! April's Fool Day! No, but seriously, go fuck yourself, I'M TORMENTED."

"It's fine, Shadow," Twilight said, "I'll think of something."

SC276: [Twilight] "The movie whose plot we're copying demands it!"

Then Pinkie came back with a slice of pizza hanging by the crust in her mouth, "Don't you guys want your pizza?"

SC276: [Shadow] "What do I look like, a turtle?"

Twilight and Shadow nodded. Pinkie then went back downstairs with Shadow following. Twilight then put her notebook in Pinkie's desk and left the room. But she didn't notice those two mysterious teenagers from earlier were watching through the window, then sneak away.

Mononeko: Wait, what? The hell are we talking about?

ThatUnknownPony: About some peeping toms apparently.

Later, while everyone else was asleep, Twilight was still awake. She looked around and saw all her friends sleeping and murmuring softly. Sonic and Rainbow were sleeping together in Pinkie's bed.

Mononeko: *tries to remain calm* Settle down Mono. It's just a fic.

ThatUnknownPony: *puts a hand over Mono's shoulder* I feel your pain, bro.

SC276: It's only a movie, it's only a movie, it's only a movie...

Topher: "Twilight noticed how flushed and sweaty Rainbow and Sonic looked, as if they had just been engaged in vigorous physical activity."

ToonGuy: *big grin* Thank you Topher, for reminding us that evil does exist in this world!

Pinkie was in her sleeping bag beside Manic. Knuckles was beside Applejack. Shadow was right next to Sunset. Silver was near Rarity, and Tails was right beside Fluttershy who had Spike in her arms.

Mononeko: At that moment, Twilight realized how empty her life was.

ThatUnknownPony: She started wondering why she didn't invite Flash to the slumber party.

SC276: Those last five sets were just floating in midair.

Twilight quietly got up out of her sleeping bag, carefully snuck around the others, grabbed her notebook, and went downstairs to work.

BittplexMutt: An escape portal.

She had the pan in her mouth and wrote in her notebook.

BittplexMutt: That must be uncomfortable, having a pan in your mouth.

ThatUnknownPony: How do you write with a pan anyways?

Topher: You pour bacon grease into the shapes of letters on the paper. It's easy once you build up a good bit of scar tissue and stop getting third degree burns.

When she finished, she then shook her head and spit the pen out of her mouth sighing,

BittplexMutt: [Twilight] "My pan just turned into a pen for some reason."

ThatUnknownPony: [Twilight] "I need to learn to write one of these days."

"No. That's not going to work."

Mononeko: "I have to use my hands for this."

SC276: You'd think adding *six more people* who naturally have hands would help her learn how it works.

ToonGuy: [Twilight] "My fanfiction doesn't have nearly enough Rainbow Dash and/or Spike killing. It'll never catch on."

She rubbed her eyes until she heard a voice, "Hey, Twilight."

BittplexMutt: "Why do you have a rubber on your eyes?"

Mononeko: "That's not how condoms work."

Twilight looked up and saw Sunset standing against the wall, "You're up late."

Twilight quickly hid her work before Sunset could even see it, "Just looking over the counter-spell. We only get one shot at this.

Mononeko: "We don't need have to miss our chance to blow. This opportunity only comes once in a lifetime, yo."

ThatUnknownPony: "Imagine the level of humiliation! Oh, just thinking about it makes my knees tremble!"

ToonGuy: [Twilight] "This is definitely a spell! And not Rule 34 I've drawn of us! Why would you think that?! THIS IS NATURAL!"

It has to be perfect."

SC276: [Twilight] "~This spell is going to be perfect~ Wait, how do I know that?"

Mononeko: [Twilight] "Oh, right! I was with Cadence in the caves when she sang that song!"

"That may be true, but you still need to rest," said a voice.

Twilight and Sunset turned and saw Shadow shirtless.

ThatUnknownPony: *whimpers* Why did we need to see that?!

Nox: Why did we need a shirtless scene at all?

SC276: *Babies*. Shadow doesn't even wear a shirt anyway.

Sunset looked at his strong body and blushed madly for a moment,

Mononeko: *gags*

ThatUnknownPony: *screams into a pillow*

Topher: The sad part is that this ship is a THING. I punched "Sunset Shimmer x Shadow" into google and the very first result was THIS

You may scream now.

ThatUnknownPony: With pleasure...

AA-

ToonGuy: WHAT FRESH SPORE OF MADNESS IS THIS?!

"Oh, uh, hey, Shadow. What are you doing up?"

SC276: [Shadow] "The author wanted to shoehorn a *Sonic* character into this scene, and I got the short straw."

"We couldn't sleep," Shadow said, "So we just decided to grab some water."

Mononeko: The part of Shadow will be played by Luna.

"We?" Twilight asked.

"Yep, him and me," said another voice.

Twilight and Sunset then saw Sonic who was also shirtless.

**SC276: [Shadow] "Sonic, I'm supposed to be the one in this scene."
[Sonic] "Well fuck you too."**

"Sorry, Shadow and I got a little too warm with our shirts on."

ThatUnknownPony: *tries to gouge his eyes out*

Topher: *Hands unknown an ice cream scoop* Here, this'll make things easier.

ThatUnknownPony: ...Thank so much. *grabs the scoop... and goes to the fridge and serves himself a shitload of ice-cream* Let's see if this truly has rum on it...

"We really are lucky you're here," Sunset smiled at Twilight and the boys as she opened the fridge.

SC276: No, they're really not.

ToonGuy: Well we definitely aren't.

"That's what everyone keeps telling me," Twilight said.

SC276: Oh wait, Sunset was talking to her. Well can you blame me for assuming otherwise?

Sunset looked in the fridge and saw countless amounts of whipped cream everywhere inside it, "Who could possibly need this much whipped cream?"

"Possibly Pinkie Pie," Sonic guessed

Mononeko: Actually, it was Limestone.

ThatUnknownPony: With a help of Marble. You know how it's always the shy ones.

Topher: Well, some of that whipped cream isn't for putting on ice cream, if you catch my drift. *Waggles eyebrows*

as he and Shadow both grabbed a glass of water.

"Must be nice to have everyone always looking to you for answers to their problems," Sunset said to Twilight as she picked up one of the whipped cream cans and sprayed some whipped cream onto her thumb, "Instead of waiting for you to cause a problem."

"Just because everyone expects something from you, doesn't mean it's guaranteed to happen," Twilight said.

SC276: Actually, we kinda expect each fic we riff to suck, and it *always* does.

Topher: I thought "the catch" was kinda interesting, but that was mainly because it had a couple of creative concepts.

"But that doesn't stop you from expecting it," Shadow replied.

"Which only makes things harder because the last thing you want to do is..." Sonic started.

"Let everybody down," all four of them said.

Mononeko: Because Sonic has experience with this sort of problems.

ThatUnknownPony: *Coughs* *Sonic 06* *Coughs*

They all looked at each other and then smiled. When Sunset closed the fridge, she saw Pinkie's sister Mabud Pie

Mononeko: The forgotten Pie sister.

ThatUnknownPony: As opposed to Maud, who made this scene completely memorable.

SC276: [King of Hyrule] "Ma bud, this peace is what all true warriors strive for."

ToonGuy: Mabud, that well known and loved character!

and gasped, "AAAHH!" Her sudden jump surprised and nearly caused Sonic and Shadow to drop their glasses of water on the floor and spill their water.

Mononeko: As opposed to the water staying in the glass defying all the laws of physics.

SC276: As opposed to spilling their wine.

ThatUnknownPony: Because of course the men are "brave and strong and..."

breaks into incomprehensible babbling and crying

Maud raised a small rock in her hand and said in a flat tone of voice, "Boulder was hungry."

Topher: The sad part was that I really liked this scene. One of the best cameos in the movie.

She opened up a cabinet and took out a box of crackers.

**SC276: A what? Has Scott Adams added another character to Dilbert?
BittplexMutt: Meanwhile, the cupboard had plenty of cheese.**

She then dumped them onto the rock; which fell onto the floor.

**Mononeko: Boulder or the crackers?
ThatUnknownPony: Yes.**

Sunset, Shadow, and Sonic stepped back and Maud walked back to her room still dumping crackers on the floor.

Sunset whispered to the others, "I still can't get over the fact that she's related to Pinkie Pie."

"You and me both," Twilight said as she and Sunset smiled.

"Same here with me and Shadow," Sonic said.

**Mononeko: Nobody asked for your opinion, spiky!
ThatUnknownPony: Can you please appear less blatantly forced into the story, please?!**

Sunset gave a yawn as she began to walk away, "Better get some sleep. Good luck with the counter-spell. Not that you'll need it. This must be nothing compared to the stuff you're expected to deal with as a Princess in Equestria."

**SC276: Even for the movie, hasn't that seemed monotonous by now?
ToonGuy: You forget, this fanfiction brings new meaning to the term 'monotonous'.
That meaning being "AAAAAAAAAAAAAAAAAAAAAAAAARGH END."**

Twilight then said, "Sunset Shimmer?"

Sunset turned to Twilight. Twilight had her mouth opened for a second, until she said, "Never mind. It's not important."

**Mononeko: Daaaaw.
ThatUnknownPony: I ship it.
SC276: She would totally have the confidence to say if she could have this sleepover with her sudden boyfriend like all the others.**

Sunset gave a smile. She then felt a hand touching hers. She turned and saw Shadow who was holding her hand, which made her blush.

**Mononeko: Ewww.
ThatUnknownPony: TOTALLY NOT SHIPPING THAT!
Topher: HA! GAAAAAY!**

ToonGuy: BOOOOO.

"Come on, Sunset. Let's go," Shadow said smiling.

Nox: Every time Shadow smiles, a puppy dies.

ThatUnknownPony: Seriously, it's completely unsettling.

Sunset smiled, "Okay."

Shadow and Sunset walked back to the room. Twilight and Sonic stood where they were. Twilight slightly turned away and said to herself, "No. I have to be able to do this. I have to."

"You will," Sonic said reassuringly, "I believe in you."

SC276: I don't.

Toph: *Holding a complex diagram* I've run the numbers on this, and you can't.

You are entirely incapable. You will not be able to do this. You suck.

ToonGuy: Well, Sonic's the only one, if that's the case.

Twilight smiled at Sonic. Sonic smiled back. But then Sonic felt some kind of pain in his head as he dropped to his knees.

Mononeko: And then his head exploded.

ThatUnknownPony: And everything was okay in the universe. THE END.

Twilight gasped as she quickly ran over to Sonic.

"Sonic, what's wrong? Are you okay?" Twilight asked worried.

Mononeko: Finally some bullshit I can work with!

ThatUnknownPony: Okay, so now we get the "original" stuff. Let's see how bad it is.

SC276: Training wheels off, author. Let's see what you can do.

Toph: *Puts on a helmet*

ToonGuy: Come on, what you got, author!?

"I... I'm fine," Sonic said as he stood up, "Maybe I should head to bed."

Sonic began to walk away, but thought in his mind, *"What in the world was that I just felt? I felt like... Chaos energy, but... it felt... dark and evil. And it felt... very, VERY familiar..."*

Nox: Oh god, it's Dark Sonic!

Mononeko: Worse, it's his evil clone Cinos! And I'm apparently not making that up!

ThatUnknownPony: Even worse: It's his evil doppelganger Scourge! And nope, not making that up either!

SC276: Even worse than that: the true villain of the last story that Ring doesn't know about because he didn't read that far! ...Maybe!

ToonGuy: It's even worse than that....IT'S SEGA. THE TRUE EVIL MASTERMIND.

Later that night, when everyone was asleep, in the city, a red blur was whooshing past buildings.

Mononeko: Knuckles is sleeprunning?

ThatUnknownPony: Oh great, now Barry Allen is in this mess too!

ToonGuy: "It was ME, Sonic!"

As it did, it said in its mind in a demonic voice, *"I know you're here, Sonic the Hedgehog, and you did not come alone. You can try to hide from me... but I am the fastest thing alive."*

Nox: Oh god, it's Professor Zoom!

SC276: OK, the way Ring kept talking about this, it *can't* be an OC. Red, high speed... The only answer I can think of that matches all that is the final form of Metal Sonic from *Knuckles Chaotix*.

ToonGuy: Wait... are you serious right now? This....This is who I think it is.

When the red blur ran up a building and stopped on the corner on the top, its appearance was shown. It was in the body of Sonic, but his looks were different and scary.

Mononeko: It was bright yellow and looked like a crappy OC!

ThatUnknownPony: Worse: It was a mere recolor of Sonic!

ToonGuy: EVEN WORSE. IT'S-

His hair was blue like Sonic's, but it had blood red streaks. His clothing was the same, but it all had looks of blood splattered all over. His gloves and sports tape showed multiple rips while he had demonic claws. His teeth were sharp and pointy, and his eyes were completely blackened with blood red glowing irises.

Mononeko: Oh son of a bitch don't tell me...

ThatUnknownPony: *bleeding* Ouch! Too much edge, I got cuts just from reading this!

SC276: ...All I'm getting is some bullshit combination of *Boom!*Sonic, the Werehog, and Mephiles.

ToonGuy: MOTHERFUCKING GOD.

"I will scour this planet until I hunt you down, and when I do, you and your pathetic Mobians will feel my wrath," the figure said to himself, "And I will make sure you suffer as much as you made me suffer for all of these years."

SC276: "I will kill you to death!"

Mononeko: "I will make you watch The Nutshack! The Nutshack I tell you!"

ThatUnknownPony: "I'll force you to watch Bee Movie in a loop forever!"

Topher: GOOD LORD, WHAT IS WRONG WITH YOU PEOPLE?! THAT'S JUST TOO MUCH!

ToonGuy: What have we as a species done?

The figure then felt some kind of power.

SC276: [villain] "OK, assuming that's not just electricity..."

He looked down and saw three girls walking down the sidewalk. He then smiled evilly, "Interesting."

Mononeko: ...Pervert.

ThatUnknownPony: ...somebody call the cops.

Nox: I need an adult.

Topher: I am an adult.

Nox: No. No you are not.

CaptainPipsqueak: You will *never* be that much of an adult.

The Dazzlings were talking about Sonic and his friends. Adagio said, "So it would seem that Sonic and his friends aren't from Equestria. They're from another world of power."

Mononeko: [Sonata] "How did you figure that out?"

[Adagio] "They're not part of the MLP canon. They have to be."

ThatUnknownPony: [Aria] "Did you figure it out from how they popped into existence for no reason?"

[Adagio] "Meh, I guessed it simply from how atrocious looking they are."

SC276: So... do they HAVE THE POWERRRRRRR?

"If we get their powers, they'll be ours," Aria said smirking.

SC276: Because those necklaces were made from the remains of *Mighty No. 9* after the Internet scuttled it.

ToonGuy: [Sonata] "Yep. We've been over this ten times, we're only doing this for the audience."

"But the question is, who gets who?" Sonata asked, "There's three of us, and six of them. Of course we can each have two of them, but who can we each have?"

Nox: You can't own people Sonata!

ThatUnknownPony: Tell that to the South.

Mononeko: [Aria] "I take the guy dressed in black."

Topher: Ten bucks says Sonata goes after tails! Calling it now! Sonata wants to bang Tails, you heard it here first!

"That we can think about later," Adagio said.

SC276: [Adagio] "Offscreen, so the author doesn't have to come up with the answers."

"Well, well, well... looks like I'm not the only one who wants to get Sonic," someone said in a demonic voice.

"Huh? Who's there?" Adagio asked.

"Don't fear me, my friends," the voice said, "I am not here to harm you."

Mononeko: "I just wanted to sell you some meth."

ThatUnknownPony: "The only one I harm is myself. Because I'm edgy."

The Dazzlings saw two glowing red irises in the dark. "Who the heck are you?" Sonata asked.

ThatUnknownPony:

Topher: Wow, and here was me thinking that I got all my rage out three seconds ago. Oh, well. *Throws a molotov cocktail into the air* It's like a wedding bouquet! Except whoever catches it dies.

ToonGuy: Oooh, the WANGST IS STRONG WITH THIS ONE HOLYSHITAMOLOTOV-
leaps into wall

and I want Sonic to suffer," the figure answered crossing his arms.

SC276: Well we're suffering plenty.

Topher: You're not Sonic. Unless... anyone got any blue paint?

"What has he done to you?" Aria asked.

"He thought that he had destroyed me years ago, but I was sent to this world and was trapped in the ground until Sonic and his friends came here today,"

Mononeko: "I was released because...reasons."

CaptainPipsqueak: "Yeah, kinda at a loss as to how I got out, but I'm not looking a gift horse in the mouth. Heh."

ThatUnknownPony: "All thanks to those idiots Kyle and Tom."

SC276: [Darkness] "Their presence drained the Equestrian magic from the thirty-foot-tall door in the sewers that was I was sealed behind."

Darkness explained, "But since you three want him, I will make you a deal."

"Which is?" Sonata asked.

ThatUnknownPony: [Aria] "Obviously helping him until we're not needed and then he'll backstab us."

ToonGuy: [Darkness, Edge Lord] "You plug my creepypasta, I help you tkae over the world."

CaaptainPipsqueak: [Darkness My Old Friend] "Also, a life supply of tacos."

[Sonata] "Oh. My. *Fuck.* **YES.**"

"Help me capture my doppelganger and his friends, I get their powers, and you three can play with them as you wish," Darkness said.

SC276: [Aria] "Um, considering we were primarily planning on taking their powers in the first place, however that works, why do we need you again?"

"How is Sonic your doppelganger?" Sonata asked.

CaptainPipsqueak: [Sonata] "I mean, I thought he was a *hedgehog*."

"Before I was sent here, my spirit was controlling Sonic, making him slaughter his own friends, but I was defeated by Kyo the Lion-Hedgehog," Darkness said,

Ringmaster: For clarification, no, that did not happen in the original fic. If it did, we'd be riffing that instead.

SC276: For the record, I said "Maybe."

Mononeko: I'm more baffled by that stellar OC. Seriously, Kyo the Lion-Hedgehog?

ToonGuy: THE. LION. HEDGEHOG.

ThatUnknownPony: I'm beyond livid at the fact this fucker has Sonic.EXE as canon in his stories.

CaptainPipsqueak: Eeeheehheeh...

"When Sonic and his friends arrived, I managed to find my way out of the ground and form a body of my own.

Mononeko: "Again, because reasons."

ThatUnknownPony: "I just needed to make my own 'Cult of X' to get it."

CaptainPipsqueak: [Darkness] "I had someone start up a cult, kidnap a teenager, give him a shaving cut and here I am!"

Even though Kyo freed Sonic from me, my spirit still had a small bit of his blood."

ThatUnknownPony: [Aria] "...I think my brain melted just from hearing your backstory."

SC276: [Sonata] "So, wait, you made him kill his own friends, but then his friends came here with him? As in, they're *not* dead? And I thought I was crazy!"

ToonGuy: Don't drink and riff, kids, it leads to shit like this.

CaptainPipsqueak: Oh like that stops *you*.

Adagio thought for a moment, and then said, "If we help you, then you need to help us with something."

"And what would that be?" Darkness asked.

"Help me and my sisters get the negativity and distrust from everyone in the world so they can adore us," Adagio answered.

Mononeko: No, it's to suck up negativity and distrust *to make your magic stronger*. The whole 'adoring' part comes after that.

ThatUnknownPony: Do you think the Author is really gonna take that into account?

SC276: Yeah, the author can't even write more than one kind of relationship.

Topher: Does that mean that he's going to ship Sonic.exe with someone? Because I don't have NEARLY enough fire for that.

Darkness smiled evilly, "Very well," he said chuckling as he was then covered in back-red energy

SC276: I'm fairly sure back-red is not a real color.
CaptainPipsqueak: Maybe that's a really edgy shade of red?

and disappeared into thin air.
"Do you think we can trust him?" Sonata asked.

ThatUnknownPony: [Aria] "Did your brains really meltdown, Sonata?! That is, if you had in the first place."

"We have his word, and he has ours," Adagio answered smirking evilly, "If he's willing to help us and let us play with Sonic and his friends, then we can help him."

Mononeko: Soooo, no second thoughts about a creepy voice appearing from the shadows? Did Mykan actually suck your brain dry?
ThatUnknownPony: I can't believe I'll say this, but even Mykan wrote them with more brains than that.

Up from above, at the top of a building, those teenagers were on it again.

Mononeko: Okay, what the fuck is going on?!
CaptainPipsqueak: Oh, y'know. Things.
ThatUnknownPony: SO THE FUCKING TEENAGERS AREN'T EVEN WITH "X"?! And yes, I refuse to call him "Darkness", I think X is more appropriate.
SC276: Whippersnapper teenagers all on it again and messing around on the lawn...
ToonGuy: Scooby Doo's late to this bloody mystery.
CaptainPipsqueak: It took them longer to drown Scrappy than they thought.

The moonlight shined on them. They're appearances were shown.

SC276: The author was writing visually like a dip.
CaptainPipsqueak: The wind blew. Air was breathed. Suddenly a shot rang out!

They were both boys.

Mononeko: Fucking sexist.
ThatUnknownPony: Of course they are.
SC276: Does this guy have a *single* girl OC?

One of them had macaroon tan skin, bright sapphire blue hair with diamond red highlights, and cerulean blue eyes. He was wearing an unzipped navy blue short sleeve hoodie with light blue lightning detail. Under the hoodie was a stone grey shirt with the symbol of a sky blue ring and lightning bolt on the chest.

ThatUnknownPony: And again with the descriptions!
SC276: Thankfully, if this is anything like the others, we'll get a name at the end of it, instead of having to guess.
Mononeko: Rainbow would later sue him for copyright.

His lower half contained azure blue sweatpants with pure white streaks, and he had gold parkour shoes with ruby red and cloud white streaks and detail on his feet.

Mononeko: What detail? The author doesn't give a flying fuck!

ThatUnknownPony: Oh come on! You do long-ass descriptions, and you don't even do them well?!

For accessories, he had lapis blue speed glasses in his hair, a denim blue bandana around his neck, white fingerless gloves with teal blue and gold yellow sports tape, and a ruby red wristband on each wrist.

BittplexMutt: DESCRIPTIONS!

ThatUnknownPony: HALF ASSED DESCRIPTIONS!

He looked a lot like Sonic.

SC276: [author] "Original design? What's that?"

The other boy had pure white skin, pure black hair and sky blue eyes. He was wearing a ghost white overcoat with a hood,

Mononeko: What the fuck is 'ghost white'?

ThatUnknownPony: You know, as pale as if you had seen a ghost.

SC276: White coat of the not-lab variety on white skin? Are you serious? I'm not even a fashionista and I think that's crap taste.

ToonGuy: WHAT IS GOING ON?

as well as a stone grey shirt with what looked like black discs. His pants were ghost white sweatpants, and his shoes were high-tech looking. For accessories, he had what looked like a mask under his hood,

Mononeko: Ah, he's a wrestler.

ThatUnknownPony: Looks like something even TNA could reject.

Topher:

and black fingerless gloves with dials on them.

The blue-and-red-haired boy said to the black, "Yep. They're the bad guys, Specter."

"It really took you *that* long to figure it out, Strike?" Specter asked.

Mononeko: Ah, great, we know their names. Can somebody please explain to me **WHAT THE HELL IS GOING ON?**

SC276: That would require something interesting to actually *happen*.

ThatUnknownPony: Oh, fuck me, more OCs!

"Well, you didn't know either," Strike said with his arms crossed.

Ringmaster: Also, these two weren't characters from the original fic either. You're not missing any backstory there, because there is none.

ThatUnknownPony: Wait wait wait... So they were really made up for this story...

Whaaaaaa*Pony.exe has crashed*

Mononeko: Wow. This fic went from 0 to -20.000 in...not even a chapter, I think.

SC276: I'm not sure this thing even *has* chapters, and if it does, Ring is doing a crap job of separating them.

Ringmaster: It does, but the sampler (plus the little extra we did at the start of this) was the first, and everything else above was the second. Funny you should bring that up now, actually, as this is the exact dividing line between two and three.

Topher: How many chapters are left?

SC276: I asked him elsewhere, he said this doc has five total. Seriously, Ring, you were kind of on this for awhile.

Ringmaster: Oh, I know, they're intentionally not here because a few of the later ones break off at weird times that would really not be good "break points" for you guys for various spoilery reasons.

ToonGuy:*mind shatters* **WELP. I THINK I'M GOING TO GO AND LIE DOWN FOR A BIT.**

The next morning, while everyone was still asleep, Sonic was the first one to wake up. He stood up, stretched his body out, and headed to the bathroom to get dressed. When he found the bathroom, he was going to go in when he felt a hand suddenly grab his arm.

Mononeko: He then turned around to see Freddy Krueger staring at him. He then realized he was still dreaming.

ThatUnknownPony: And then he got stabbed and never woke up again.

"Huh?" Sonic said surprised before he felt something soft and firm pressing against his lips.

ThatUnknownPony: It was a punch to the face.

Topher: OH MY!

When he was able to see who it was, it was Rainbow who was kissing him with her eyes closed.

SC276: [Rainbow] "Oh thank god, you're the fourth person to come in here today, and two of them were girls."

Topher:...I ship it!

Sonic was a little surprised, but then smiled and kissed Rainbow back. After a moment, Rainbow broke the kiss and looked deeply in Sonic's eyes with her forehead against his as she blushed.

Mononeko: And then Rainbow headbutted Sonic and broke up. THE END!

SC276: Aww, how adorable. *We don't give a shit.*

ToonGuy: I take it all back! GO BACK TO THE RIPOFF STUFF!

"Morning, handsome," Rainbow said.

"Morning, beautiful," Sonic replied, "You really gave me quite the scare."

ThatUnknownPony: And you two gave me a stomachache...

SC276: You want a freakin' scare so badly, I'll pack you in a box and ship you out to Oogie Boogie.

ToonGuy: I appear to be on the verge of throwing up from all the sugary sweetness of this.

Rainbow giggled, "I know."

"So, how did you sleep last night?" Sonic asked.

"Like a peaceful cloud," Rainbow said.

Mononeko:

ThatUnknownPony: Well, she's always with her head on the clouds. Sometimes literally.

Sonic smiled, "Come on, Dashie. We should get ready."
Rainbow nodded, "Okay."

SC276: [Rainbow] "I totally know for what and am not faking it."

Sonic and Rainbow went to get themselves ready for the day. In Pinkie's room, the others began to wake up. They all yawned from their peaceful sleep.

ThatUnknownPony: Then they realized Sonic and company were still there and groaned.

"Morning, y'all," Applejack said.
"Morning," everyone else said.

SC276: [author] "Individual dialogue for thirteen characters will take too long. Let's have them all say the same thing instead of trimming down the obviously bloated main cast!"

Topher: Oh NOW you don't have time to go through everyone.

"Everyone sleep okay?" Rarity asked.

ThatUnknownPony: [Rarity] "Me forget how to grammar."

ToonGuy: [Rarity] "Me can totes speak good english words."

Everyone else nodded. Tails looked around, "Huh, I guess Sonic and Rainbow already got up."
"Why, of course, darling," Rarity said smiling, "I'm absolutely sure they needed a little quiet time together."

Mononeko: *gags*

ThatUnknownPony: *facepalms*

SC276: (yawns)

Topher: *Waggles eyebrows*

"Hey, everyone," Knuckles said, getting everyone's attention as he then pointed at something, "Look."

Mononeko: [Everybody else] "What?"

[Knuckles] "*points in a nonspecific direction* Over there!"

ThatUnknownPony: [Everybody else] "...What are we looking at?"

Everyone else looked at what Knuckles was pointing at. They saw that Shadow and Sunset were still sleeping, but they were right next to each other.

SC276: ...So? There were five other pairs of you sleeping together pretty much like how they are.

Topher: *WAGGLING INTENSIFIES*

Shadow's arm was softly around Sunset's neck while Sunset had snuggled into Shadow. Everyone giggled at this.

ThatUnknownPony: *screams into a pillow*

"What do you know?" Manic said, "They're sleeping together."

Mononeko; UMMMMMMMMMM...

ThatUnknownPony: NO, NO. SO MUCH NO! ALL MY NO!!!

Topher: *MAXIMUM OVERWAGGLE*

ToonGuy: MY GOD, THE WAGGLE IS REACHING CRITICAL LEVELS!

"Aw," Rarity cooed, "They look so cute together."

ThatUnknownPony: I refer to my previous statement.

SC276: This is *literally* the least interesting thing.

"Come on, everyone," Silver said, "Let's get ready."

The girls and Mobians got up and went to get themselves ready for the day. Pinkie tiptoed towards Sunset and Shadow. She gently poked Sunset on her shoulder. Sunset's eyes slowly opened from her sleep.

BittplexMutt: She sighed with annoyance at still being in this fic.

Mononeko: [Sunset] "Go away! I was in my happy place!"

ThatUnknownPony: [Sunset] "...Why do you have to bring me back into this nightmare?"

SC276: Are you a pony dreaming you are a butterfly, or a butterfly dreaming you are a pony?

ToonGuy: Was she dreaming of shittily written sheep?

She looked at Pinkie with a yawn, "Morning, Pinkie."

"Come on, Sunset," Pinkie said, "You and Shadow need to get ready."

Sunset nodded as Pinkie hopped her way out of her room. Sunset looked back at Shadow who was still sleeping. She gently embraced Shadow a little. Shadow's eyes opened and he saw Sunset smiling at him. He smiled too.

Mononeko: I groaned.

ThatUnknownPony: I puked and cried.

SC276: I moan for the plot to get fucking on with itself.

"Good morning, Sunset," Shadow said.

"Morning, Shadow," Sunset said, "How did you sleep last night?"

ThatUnknownPony: [Shadow] "Like always, dreaming about who am I and Maria."

Topher: WHO THE FUCK IS MARIA?

SC276: Look it up.

"Very well," Shadow said as he sat up, "How about you?"

ThatUnknownPony: [Sunset] "I was better pretending I wasn't being paired up with an angsty hedgehog."

"The same," Sunset said as she sat up, "Thanks for the company."

"Of course," Shadow said.

Sunset blushed and smiled. Then she slowly leaned towards Shadow and gave him a little kiss on his cheek. When she did that, Shadow was frozen as his cheeks turned a little red.

Mononeko: Shadow was frozen today.

ThatUnknownPony: *roars and smashes the table until it breaks* *SO. MUCH. WRONG!!!*

SC276: We seriously need to figure out how to install a fast-forward button.

Topher: *Waggles eyebrows* *Eyebrows fall off* God dammit, can we take a break from the shipping? My eyebrows can only handle so much!

Sunset's cheeks turned really red as she got up and went to get changed. Shadow just stayed where he was. He then placed his hand on his cheek where Sunset kissed him. Then a smile came onto his face.

ThatUnknownPony: *+9001 dead puppies*

SC276: OF ALL THE PLACES TO HAVE DETAIL.

Nox: "It's the puppy apocalypse."

"You really are an amazing girl, Sunset," Shadow thought as he got up out of his sleeping bag.

SC276: Oh there's sleeping bags now! I know they were in the movie, but this fic has me in such a rageful haze I don't give a shit if it mentioned them.

A few minutes later, everyone was in the kitchen having breakfast. Sonic, Rainbow, and Sunset were on a couch. Shadow was standing against a wall.

Mononeko: Most exciting thing that has happened so far.

ThatUnknownPony: Has there been any kind of excitement anyways?

Tails, Fluttershy, Silver, Rarity, Manic, Pinkie, Knuckles, and Applejack were at a kitchen table.

Mononeko: Just a random kitchen table somewhere.

SC276: Considering this place was meant to house *five* people, Pinkie's dad is going to demand answers for there not being enough food in the house for a mouse.

"So what's the plan?" Sonic asked.

"I think we should practice the counter-spell," Twilight said.

"Well, where should we practice?" Knuckles asked.

"We can practice at ma family's farm," Applejack said, "They don't mind. But what about your band, Sonic?"

"We'll tag along," Sonic said, "When you're performing, think of us as your audience."

Mononeko: "The author couldn't think of something else to do anyway, and we're obligated by the plot to stay with you guys at all cost, so..."

ThatUnknownPony: [Applejack] "Really, guys, I'm starting to wonder what relevance does it make that you're still here."

Nox: I just now realized how much this fic is like the *Thomas the Tank Engine* crossover.

SC276: How do we keep coming back to that...?!

"All right, let's go," Twilight said.

Later, at Applejack's farm, the Rainbooms were practicing their song in the garage.

SC276: Some barn.

Unfortunately, it wasn't going so great, and Twilight's singing was weak, but she kept on trying.

Mononeko: Aaaand, back to ripping off the source material!

ThatUnknownPony: Without any of the charm of the actual movie!

ToonGuy: I think I'll skip the singing sections, if you don't mind. I'm currently feeling like I don't give a fuck about this story.

SC276: Neither do I, but I'm still going, *wimp*.

While they were doing that, Sonic and Shadow were outside talking about something.

"So, what did you want to talk to me about?" Shadow asked.

"Something from last night," Sonic answered.

"Well?" Shadow asked crossing his arms.

ThatUnknownPony: [Sonic] "Seriously, who keeps that many whipped cream in their fridge?"

Mononeko: [Sonic] "Who was that weird chick with the rock?"

"When I was heading to bed, I felt some kind of dark energy," Sonic said.

That caught Shadow's ear, "Well, what did it feel like?"

"All I can remember," Sonic said, "It felt like Chaos Energy, but it was dark and pure evil. And it felt very familiar."

SC276: The author?

ThatUnknownPony: [Sonic] "Kinda like mine, but crappier. Yes, it is possible."

"It did?" Shadow asked.

"Yeah," Sonic answered, "But I just can't put my finger on who or what it was coming from."

SC276: [Sonic] "Bottom line, though: I think we're in a terrible fanfic."

That was when they both heard the music stop. They both went back in to see how it went.

Spike was the first one to speak, "That sounded better than the last five times you played it," he said with a nervous laugh trying his best to be nice.

"Nope," Big Macintosh said walking by outside with a bucket of apples in his hands.

Mononeko: Ha ha ha that joke was hilarious...in the movie.

ThatUnknownPony: Here it's just as bad as anything else.

ToonGuy: Because what works in visual form doesn't work in the written word. Many things that make jokes work in movies or shows, like voice acting, music, a proper sense of timing don't come across in the text, and WHY AM I BOTHERING.

"How do we put this gently?" Sonic asked, "Guys?"

Mononeko: [Knuckles] "You guys sucked."

The other Mobians held their hands up with a worried face, saying they didn't know what to say either.

Mononeko: Come on, they're three simple words.

SC276: [Sonic] "I'm going to ask a question and make you guys answer it."

"I think it's pretty obvious what's going on with this counter-spell," Rainbow said as she put her hands on her hips.

BittplexMutt: But do you though?

SC276: If she starts bending her knees, I'm out of here.

Topher: But if she starts to pelvic thrust, I'll go insane.

"You're turning what should be the chorus into a five minute solo to impress your boyfriend or to show off for him?" Applejack asked angrily.

Knuckles stepped right in front of her, "Whoa, whoa, whoa, AJ. That's not very nice of you. And I don't think that she was trying to show off for Sonic, AT ALL."

ThatUnknownPony: Like I said, keep feeding and justifying Rainbow's ego. See how that plays out.

Mononeko: Is it even possible to feed Rainbow's ego even more?

Nox: It's at the point where Abridged!Kaiba thinks her ego is too big.

SC276: Knuckles, you don't even know when Eggman's tricking you. It's happened often enough it's a running gag. You're not exactly the most perceptive Sonic character.

"Yeah," Rainbow said blushing deeply from Applejack's question, "I just have to pick up the slack somehow. Are you girls even trying?"

"I'm trying" Fluttershy cut in whispering.

ThatUnknownPony: [Fluttershy] "At least I'm not doing cliché love tropes like you."

"Rainbow, easy," Sonic said, "Say sorry."

Rainbow sighed, "Okay, I'm sorry," she apologized to her friends.

SC276: No she's not.

"It's fine," Twilight said as she laughed hysterically, "One more time from the top."

ThatUnknownPony: [Twilight] "Watching my friends discuss is so fun!"

"Actually, I think maybe you girls should take a break," Sonic said, "You do know my band needs to practice too, right?"

Twilight sighed, "I guess you're right." She and her band went to the chairs to sit down.

Mononeko: As opposed to standing on them like assholes.

"Great idea, darling," Rarity said, "And maybe while Sonic's band is practicing, how about we girls try on some of the wardrobe choices I've put together?"

SC276: [Twilight] "Rarity, we literally just sat down-"

Rarity had pulled a rack with a six pares of clothes out of nowhere. She reached for one of them as she said, "I'm particularly fond of this one."

Rarity pushed the rack away revealing that she was now wearing a bright lilac purple band uniform with gold details.

ThatUnknownPony: Which of course we can't see nor even get well described.

SC276: Visual gags in a text medium! Isn't the author just HILARIOUS?!

The way that it looked with Rarity wearing it caught Silver's eyes. He felt his cheeks turning bright red.

ThatUnknownPony: Oh right, because they are in love somehow. *takes a gun to his head*

Mononeko: Huh, who knew Silver was attracted to Beatles references?

Nox: Well Silver *did* attend the Beatles' first performance.

Topher: It was more revealing than it seemed on the rack...

"Of course, we could always go with something a bit more modern," Rarity said looking over herself.

Applejack just looked at Rarity with a face as she said, "We're trying to save our school here. Enough with the costumes."

SC276: Enough with the fic.

ToonGuy: Enough with this universe!

Rarity was then just randomly wearing a bright, sparkling gold yellow suit with a futuristic helmet on her head. "Oh, you can never have enough costumes," she said with her voice sounding like a robot.

ThatUnknownPony: And another one to the pile of gags that work with visuals, and fail written here.

SC276: Something tells me the author never got the references.

"She just wants to make things fun," Pinkie said, "Isn't that what being in a band is supposed to be?" she did the 'punch line' thing with her drums before she went to the chairs.

ThatUnknownPony: RIMSHOT! IT'S CALLED A RIMSHOT! HOW DO YOU NOT EVEN KNOW THAT?!

Mononeko: This...this is just sad at this point.

SC276: It wasn't sad *before*?

Topher: It started out just "nobody could come to your birthday party" sad. Now it's "Sarah McLachlan Commercial" sad.

Sonic had his medallion guitar.

Mononeko: Wait, what? Oh, Sonic Underground crap, okay.

Nox: So if we're going this far with the *Sonic Underground* crap, how come Sonia isn't present?

SC276: Because you *clearly* can't ship two girls together. That's too modern!

Shadow had a crimson red and ink black electric guitar. Tails had an electric piano on a bipod. Knuckles had a macaroon classic guitar.

SC276: Macaroons come in like five different colors.

Manic had his drum set from his medallion, and Silver had a drum set of his own.

ThatUnknownPony: W-Wait a minute, from where they got them in the first place?! At no point was this acknowledged.

Mononeko: Just assume they fell off the back of a truck.

Topher: Remember Flim and Flam's thrift shop? They robbed them at gunpoint.

ToonGuy: I'll add that to the list of fanfiction ideas that are better than the ones we are riffing on. It's a long list.

Topher: Actually, I'd totally read that! I can imagine Flim and Flam trying to smooth talk their way out of it.

"All right, guys, are you ready?" Sonic asked his band.

"We're ready," the other Mobians said.

Mononeko: ~Don't leave me high / Don't leave me dry~

SC276: ~What if we throw a party / in honor of King K. Rool / and invite everyone but Cranky? / He's sure to feel like a fool~

The sky with stars so bright

The colors feel so right

Mononeko: ~Don't leave me high / Don't leave me dry~

SC276: ~Um, no, that won't work / A contest is the key / One so big, K. Rool will cheat / then these pals are history~

I've never felt like this

I keep on running

Mononeko: ~Drying up in conversation / You will be the one who cannot talk~

SC276: ~Keep it down, we need a remedy / Gotta find a plan, gonna make them enemies~

The sky with stars so bright

The colors feel so right

Mononeko: ~All your insides fall to pieces / You just sit there wishing you could still make love~

SC276: ~This can't go on, this friendship is wrong / Gotta break them up and put them back where they belong~

Just take my hand

We're gonna reach for the stars

Mononeko: ~They're the ones who'll hate you / When you think you've got the world all sussed out~

SC276: ...I think I need to start using longer songs.

Tonight...

Mononeko: ~They're the ones-~ Wait, why did we stop?

BittplexMutt: I thought there was going to be an opera tonight.

SC276: No, a comedy tonight.

ThatUnknownPony: I thought there weren't going to be any covers here.

As the Sonic Heroes continued, the Rainbooms were amazed, but Rainbow was astonished and touched by this song, "Oh, Sonic."

ThatUnknownPony: *Gags*

Mononeko: Seriously. The song? Why did it-

Sonic was glowing bright blue as he began to pony up.

Mononeko: *Jaw drops. Rubs his eyes*
ToonGuy: WHAAAAAAAAAAAAAAAAAAAAA-

He gained his hedgehog ears and his blue wings on his back.

ThatUnknownPony: WAIT, WHAT JUST... WHAAAAAAAAAAAAAAAAAAAAAT?!

SC276: (shakes the riff with repeated application of head to wall)

Mononeko: Man. You are *really* aiming for the bottom of that barrel, aren't you story?

ToonGuy: -AAAAAAAAAAAAAAAAAAAAAT?!

Somehow, the rest of his band was glowing as well. Tails was glowing bright orange. Knuckles was glowing bright red. Manic was glowing bright green. Shadow was glowing bright grey, and Silver was glowing bright silver. The Sonic Heroes all gained hedgehog ears while Tails and Manic also grew wings on their back. Tails' wings were bright orange-yellow, and Manic's wings were bright parakeet green.

ThatUnknownPony: I feel my IQ lowering... Every single one of my neurons dying... WHY DOES THIS THING EXIST!?

Mononeko: Author. These are the characters from Sonic. And these are the characters from MLP. DO THOSE TWO SETS OF CHARACTERS LOOK IN ANY WAY SIMILAR TO EACH OTHER!?

SC276: Thank god I also like the hell out of "Endless Possibilities" so everything isn't *completely* ruined for me.

ToonGuy: This fanfiction is a clear indicator of why taking drugs can only be a bad thing!

*Sonic: Wake up living day by day
Do what I want, and I'll do it my way*

Mononeko: No, I'm not even going to sing anymore. Fuck you.

SC276: ~You! see! the Coconut is cursed and I hope you didn't touch it / Cursed?! What?! Don't be ridiculous!~

*The world is flying right below my feet
Got no regrets inside of me*

SC276: ~You might feel a twitch or a tingly sensation / Tingly-smingly, you're an irritation~

*Not looking back (Manic: Not looking back)
Not giving up (Not giving up)
Not letting go
I'll keep on running!*

SC276: ~AAAAAAH I'm tingling I'm tingling / My hand is twitching and quivering / I'm twitching, sir, I'm twitching / I'm tingling, OH NO!~

I'm gonna reach for the stars

Although they move pretty far

SC276: ~It's! much! worse than I thought / It's the curse that you've got / No it's not that's absurd / Word~

*I'm gonna find my own way
And take a chance on today*

SC276: ~We're just ting-a-ling with excitement / Yeah, maybe you're right, that's all it ever was~

*The sky with stars so bright
The colors feel so right
I've never felt like this
I keep on running*

SC276: ~Besides, if you're cursed you'd know, 'cause / you're not really cursed unless you start itching~

*The sky with stars so bright
The colors feel so right
Just take my hand
We're gonna reach for the stars*

SC276: ~Ooh ahh scratch, itchy itchy itchy / Ooh ahh scratch, itchy itchy itchy~

Rainbow felt so touched by this song, she didn't know what to say about this.

BittplexMutt: So she vomited.

Mononeko: [Rainbow] "Why is Sonic stealing our powers?"

Topher: [Rainbow] "BAD TOUCH! BAD TOUCH!"

*Sonic Heroes: I got it in my sight
The colors feel so right*

SC276: ~All this scratchin' is makin' me itch / It's just... a coincidence / It's allergies, that's right / Yes that's right, it's just an allergy~

*Got my feet on the ground
I keep on running*

SC276: ~You're probably right / because the real curse doesn't kick in / until you start, start sneezing~

*Oh I can feel it now
The colors all around*

**SC276: ~AH-CHOO! Gesundheit / AAAAH-CHOO! Bless you / AH-AH-AH-AH-CHOO!
Klump, use a tissue~**

*Just take my hand
We're gonna reach for the stars*

**SC276: ~Donkey Kong, I'm on my knees / Are there any other symptoms to this
curse, tell me please~**

*Just take a chance (Sonic: Just take a chance)
We'll do it right again
(We're gonna reach for the stars)*

**SC276: ~Um, just one, but no need to fret / I'm sure it's something YOU'LL never
get~**

*Just take my hand (Just take my hand)
We'll take a chance TONIIIIIGHT!
Reach for the stars*

**SC276: ~What is it, what is it / Tell us quick, tell us fast / If you don't tell us now / I
don't think that we can last~**

Tonight

SC276: ~Well, it's... uh... um... the gas~

Tonight...

SC276: (explosion)

(End of song)

ThatUnknownPony: *his liquified brain drips from his ear as he flips off the story*

Mononeko: Thank you! For ending.

SC276: There - a visual song for a visual fic. Fuck you, story.

Topher: *Removes earplugs* Sorry, were you saying something?

ToonGuy: (End of Riffer)

As soon as the Sonic Heroes finished practicing, Sonic finished in a pose on his knees with his right hand in the air.

**ThatUnknownPony: And I raised my two hands and flipped the story multiple times.
Mononeko: And I did the same thing with one hand while the other collided with my
forehead multiple times.**

Then their new pony powers disappeared while Sonic's guitar and Manic's drum set turned back to their medallion forms.

Mononeko: Wait, did the instruments change during the song? Did they grow wings too?

SC276: The instruments came out *before* the song. I don't blame you, this fic is good at fucking with your memory via horrific distraction.

The Rainbooms cheered for them, while Rainbow jumped up in the air for joy, ran up to Sonic, and gave him a really strong hug, which surprised him.

SC276: How does *that* surprise you when you've made out multiple times?

ThatUnknownPony: And then she grabbed his head and snapped his neck. THE END.

Mononeko: And then the hug snapped his spine. THE END!

"Sonic. That was SO awesome!" Rainbow squealed, "How are you ever that good?"

"Trust me," Sonic said, "I've been playing with my guitar ever since I was a kid."

Nox: [Sonic] "I started my first band with my brother and sister."

ThatUnknownPony: [Manic] "Oh, there was also this baby hedgehog that I failed to rescue, but it's ok, it was just a robot."

SC276: [Knuckles] "I was weird back then."

Rainbow then instantly kissed Sonic on his lips with her arms around his neck.

ThatUnknownPony: *tries not to puke*

Nox: (pulls out umbrella)

Mononeko: *barely contains his rage*

SC276: Seriously, guys, this is like the fifth time or something. Grow up.

Topher: *Shoots SC in the head* NO AMOUNT OF REPETITION WILL MAKE THIS OKAY.

Sonic was a little bit surprised, but then kissed her back with his hands wrapped around Rainbow's waist. Then they both broke the kiss and smiled while blushing deeply.

"Oh, you two really are meant for each other," Rarity cooed.

ThatUnknownPony: [Rarity] "You two are very similar, therefore you're the perfect couple!"

Mononeko: Well, they *are* both blue. And like to be fast. And kinda have the same attitude.

SC276: That is *literally* how Sonic/Rainbow shippers think. Do you need purging urgently before you start doing terrible things with your keyboard?

"Not only that," Twilight said, "Sonic, you and your friends all ponied up."

Nox: What?

Mononeko: Did...did you seriously just miss that?

Nox: Truthfully, I started skimming through this thing near the beginning.

ThatUnknownPony: *brain melts once again* ...You had to remind us, Twilight?

"We did?" Sonic asked.

"Yeah," Rainbow said, "That made the song super awesome!"

ThatUnknownPony: If by "super awesome" you mean "completely and utterly idiotic".

Mononeko: And "completely weird and illogical".

Topher: and "A cacophonous insult to the very concept of music"

ToonGuy: and Fourth Thing.

"Umm, I really hate to interrupt the romance, everyone," Sunset said, getting everyone's attention,

SC276: We don't!

ToonGuy: Thank you Sunset for reminding me why you're awesome.

"But we don't have a lot of time. You're supposed to check in at the Battle of the Bands in fifteen minutes!"

ThatUnknownPony: First, THANK YOU FOR INTERRUPTING THE ROMANCE, SUNSET! Second, wasn't the Battle of the Bands supposed to happen in a week in the movie?

Mononeko: Anything to make the story go faster.

SC276: Someone help me strap these booster rockets to the fic.

Topher: Here, pour some of this into the fuel tank. *Hands SC a bottle of liquid schwartz*

That was when the Rainbooms gasped. "Uh-oh," Sonic said.

ThatUnknownPony: [Sonic] "If only we had a week to practice the song!"

The Rainbooms quickly rushed into gathering their equipment. Twilight was worried, "But... but it's not ready. If we play the counter-spell in the first round and it doesn't work, the Sirens will make sure we don't get a chance to play it again."

"TWILIGHT!" Sonic instantly yelled.

Mononeko: Spongebob!

SC276: Donkey!

Topher: Dr. Scott!

Everyone stopped at Sonic's outburst. Sonic then placed his hands on Twilight's shoulders, "Twilight, stop. You need to calm down,"

BittplexMutt: [Twilight] "I AM CALM."

ThatUnknownPony: [Twilight] "WHO ARE YOU TO GIVE ME ORDERS!"

Mononeko: [Twilight] "LOUD NOISES!"

he said as he then turned to the others, "Now, do we have any suggestions?"

Mononeko: PLAY FREE BIRD!

SC276: PLAY WONDERWALL! I'VE NEVER ACTUALLY HEARD IT BEFORE!

Topher: JUST GO HOME AND PLAY SKYRIM INSTEAD!

"Well, we can probably buy ourselves some time so you can keep working on it," Applejack said.
"And how do you propose we do that?" Rarity asked.

ThatUnknownPony: [Applejack] "Don't Sonic and Co. know that technique that stops time? What was it called? 'Chaos something'?"

That was when Rainbow spoke out, "We compete in the Battle of the Bands for real!

SC276: You were planning on faking it before?

I take over lead vocals again and we stay alive until the finals! We unleash the counter-spell then! You'll have figured it out by the vocals, right?" she asked Twilight.

**ThatUnknownPony: Because that could end up so well with Rainbow on the lead.
Mononeko: If you saw the *movie*, you'd know already.**

Twilight was about to speak

SC276: -namely to ask "what the hell did that last sentence actually mean?"

when Spike spoke, "Of course she will. Twilight Sparkle's never met a problem she couldn't solve! Right, Twilight?"

Mononeko: Well, there was the "Want It, Need It Spell", even though she did that herself...I've never watched Lesson Zero, if you couldn't tell.

ToonGuy: [Spike] "Pfft! Sorry, couldn't say that with a straight face!"

"Right," Twilight answered, but Sonic could tell that she wasn't sure.

ThatUnknownPony: His Marty Stu powers told him so.

"Then let's go win a Battle of the Bands!" Rainbow announced.

"Shadow," Sonic said.

"I'm on it," Shadow said as he pulled out the purple Chaos Emerald,

Mononeko: ...I...I don't even...

ToonGuy: HOW?!

"Girls, prepare yourselves."

"For what?" Applejack asked.

"This," Shadow answered, "Chaos... Control!"

A bright flash of light appeared as the Sonic Heroes and the Rainbooms had instantly disappeared.

ThatUnknownPony: Unfortunately they instead appeared 3km away from the school and didn't make it on time.

Mononeko: Never to be seen again.

Topher: Because they appeared three kilometers away from the school, and slammed into the roof at high speed after falling three kilometers straight down.

"Hmhmhmhm..." a scary demonic voice said.

A blackish red mist appeared out of nowhere on the floor. Then very slowly, Darkness appeared out of it.

SC276: He appears when they disappear? Would've been easier to just use Vivian's field move.

"Oh, Princess Twilight really seems to be a cute little girl," Darkness said.

Mononeko: Dude! No!

Nox: Double no!

SC276: Triple the *fuck* NO!

ToonGuy: AAAAH AAAH AAAH AAAH AAAH UNCLEAN THAT IS HORRIBLE IMAGES RIGHT THERE, I SHALL SUE YOU FOR THIS.

Topher: [*Mashes play on a boom box*](#)

"Indeed, she does," a strange male voice had said from behind Darkness.

Darkness turned and saw a teenage boy. He had beige tan skin, hazel wood tan hair, and sepia eyes. He wore a fog grey shirt with a slate grey down-vest, wood brown pants, and mocha brown shoes.

SC276: ...The camp counselor from *Legend of Everfree*?

"Aw, Boulder," Darkness said, "Good, I've been expecting you."

ThatUnknownPony: Wait, Maud's pet rock? What? Uh... Did I miss something?!

Ringmaster: Nope, this guy wasn't in the original fic either.

ThatUnknownPony: WHAT'S WITH THE UNEXPLAINED OC'S POPPING OUT FROM NOWHERE?!

Mononeko: I just realized that the only difference between this fic and *Starpops* is that in this fic the canons actually DO SOMETHING!

SC276: You only just now notice what I've been saying this ENTIRE FUCKING TIME?! ...KINDA?!

ThatUnknownPony: And that's only because he's straight up ripping off *Rainbow Rocks*, at least Mykan *tried* to change it a little!

Mononeko: Granted, he failed horribly. But that's beside the point.

ToonGuy: WUT.

"So, what is it we will do, High Councilor?" Boulder asked.

"We strike as soon as the Rainbooms get their turn," Darkness said.

Mononeko: "We'll form our own band!"

SC276: Either way, this is going to hurt.

Boulder smiled, "I like that. And when we strike, may I have the opportunity to take care of Sonic?"

"Yes, as long as you leave him alive, but weak enough for me to take his powers," Darkness answered,

SC276: Dude, it's Sonic, not a Pokémon.

"And I am excited to see what you can do."

ThatUnknownPony: [Boulder] "Well you're in for much disappointment."

"Oh, believe me," Boulder said.

Boulder held his right hand up, and that was when he formed a large grey rock as he said, "I'm gonna love smashing Sonic."

ThatUnknownPony: *chorus of facepalms* Guys? I think we just found the missing Demonite.

Mononeko: This guy is so shitty even Mykan rejected him.

SC276: And then the rock fell on him.

ToonGuy: Somehow, I feel this is appropriate.

But neither of them knew that Strike and Specter were just outside the door listening.

SC276: Considering these two have been pretty on top of tracking X, how has he not noticed them?

They were both wide-eyed in shock.

"Boulder?" Specter whispered, "How did he get here? And when did he meet Sonic's evil doppelganger?"

SC276: You mean, *besides* right now?

ThatUnknownPony: AND HOW DO YOU TWO FUCKERS KNOW ABOUT... Oh wait, they're Marty Stus, of course they know.

Nox: [Gus] "Shawn, these are the worst nicknames you've ever given us."

Mononeko: Who are you people? What is this? WHO AM I?

SC276: Apparently, Johnny the Tackling Alzheimer's Patient.

"I don't know," Strike whispered back, "But I have a really strong vibe that it's gonna get bad when the Battle of the Bands begins."

ThatUnknownPony: It hasn't even begun and it's already beyond bad.

Mononeko: Clearly, you have not read the previous scenes.

"So, what should we do?" Specter asked.

Strike peeked from the door and saw that Darkness and Boulder were gone. "Shoot, they're gone."

Mononeko: [Specter] "Why should I shoot at nothing?"

SC276: [Strike] "Villains and their fucking teleportation."

Quickly, we need to get to Canterlot High, and fast."

Specter nodded. His shoes then had some kind of a glow from underneath them.

BittplexMutt: Oh my god, he has glow-shoes on.

He rose into the air a little and his shoes had flames coming out of them. He then flew off towards the school.

Mononeko: Picturing it now and it looks freakin' hilarious.

SC276: The Jetbootsu?! Great, now this is also a *Xiaolin Showdown* crossover!

Strike then instantly ran off following him at super speed. He created a blur of cerulean blue energy and lightning that followed him very quickly.

BittplexMutt: That created destruction among its path.

ThatUnknownPony: Seriously, are we ever gonna get a clue about this guys?!

Mononeko: So you're even more of a Rainbow Dash rip-off than I thought...okay...

Flashback, a day after the Fall Formal...

ThatUnknownPony: Oh great, because now we need this right now.

Mononeko: *whistles the Doctor Who theme*

SC276: ~AND BEND YOUR KNEES IN TI-IME!~

**Topher: ~BUT IT'S THE PELVIC THRU-UST! THAT REALLY DRIVES YOU
IN-SA-YA-YA-YA-YANE!~**

Strike and Specter were on top of a building in Canterlot City. They were looking around the place. Their clothes and hair were moving along with the wind.

SC276: It looked a lot like the title screen of *Mega Man 2*.

"It's Canterlot City," Strike said, "Well, soft of, anyway."

ThatUnknownPony: [Strike] "It's actually an inflatable version of Canterlot."

Mononeko: They were standing on a huge bouncy castle.

"So... a temporal displacement?" Specter asked, "Alternate Earth?"

ThatUnknownPony: Oh, fuck me, we're now involving parallel universes?

Mononeko: I see more and more connections with Mykan. Are you, by chance-*checks FF.Net profile* Oh my god, you're also a Canadian. THIS CAN'T BE A COINCIDENCE!

SC276: Oh my god, I had no *idea* the similarities ran this deep. Tell me one of you made a bunker, because a nuke is the only way to be sure.

Mononeko: Wait a minute...I finally have a justified reason to use this song!

"Could be either," Strike said with his arms crossed, "We may have jumped to a different dimension. OR perhaps events in our own timeline have changed, and we're in a new altered present time."

ThatUnknownPony: Of for fucks sakes! What are these two supposed to be, Time Patrollers?!

Nox: Does that mean Trunks will show up?

Mononeko: What...what the hell is going on?!

SC276: If these guys are supposed to be the *Silvers* of this universe, I swear to fucking god...!

ToonGuy: WHAT IS HAPPENING RIGHT NOW?

"We need to determine which, soon. If Black Ghost and Rainbine had rained destruction to our country, we have to get back," Specter said, "Our friends should've been able to pick up any anomalies, right?"

ThatUnknownPony: [Patrick] "WHO ARE YOU, PEOPLE!?"

Mononeko: WHAT THE HELL ARE YOU TALKING ABOUT!

"Our friends may not exist here," Strike sighed, "I can't make contact. Even with Gideon with us, I can't seem to get any help."

ThatUnknownPony: Seriously, STOP ADDING THESE OC'S WITHOUT TELLING US WHO OR WHAT THEY ARE!!! EVEN MYKAN INTRODUCES CHARACTERS BETTER THAN THIS!

Mononeko: I'm sure you're basically breaking every rule of fanfiction right now.

SC276: I think this is supposed to crossover with one of his other fics that he forgot to publish.

"Then we need to find out if they exist here," Specter said, "So what should we do?"

SC276: Say you did your job and get to the bar.

"Well, it's worth investigating," Strike said, "I'll check things out on ground, and you look around in air."

"Sounds good," Specter said,

SC276: [Specter] "Even though I clearly do not have wings."

"But hold on, if we ended up here, do you think that there's a possibility that our enemies are going to try and find us?"

"We'll just have to wait and see," Strike said,

SC276: Judging from the fic so far, no.

"Until then, we're stuck here, and we need to figure this out on our own. Sigh... too bad my brother wasn't fast enough to find us in time."

ThatUnknownPony: Who his brother is or what it has to do with anything, I don't know.

Mononeko: I think the story just shat itself.

"Strike..." Specter said as he placed his hand on Strike's shoulder, "Listen, I know how you felt when your girlfriend died, and I know you still want to get faster to defeat Rainbine, but you know as well as I do that revenge will only make you as bad as her."

SC276: Nonsense, I'm still a better writer than all the authors we've riffed in the last year and five-twelfths.

ToonGuy:Yeah, but will it, though?

"I know," Strike sighed, "I realized that long before our battle. I just want to be faster than I have ever been before."

Mononeko: Gotta go faster, faster, faster faster faster!

ToonGuy: And now we're watching an episode of the Flash. That's not a complaint by the way, I'm just mad that it's making me think of good shit I could be watching right now.

"You know, you did gain so much power from that night," Specter said.

SC276: [author] "I don't have to add details about that night to the story because I'll always be sending out telepathing signals with my mind with the details- oh OK that's harder than I thought. No signals for them. They'll have to telepathically read my mind themselves. Good thing I'm such a good writer that my audience consists only of psychic people, or I might come off as an idiot!"

"Specter," Strike said, "Let's just get to work."

"You got it," Specter agreed.

ThatUnknownPony: And what did all that nonsense had to do with *Rainbow Rocks*? NOTHING!!!

Mononeko: You can say that for all of the shit that isn't ripped off...

Later, the Sonic Heroes and the Rainbooms arrived at Canterlot High appearing in the back stage.

SC276: They didn't walk in, they Apparated.

The Mobians were okay from the teleportation, while the girls all felt a little dizzy and were all having trouble standing up.

Mononeko: Even though Twilight has experience with teleportation.

SC276: Oh right, Chaos Control. After all that OC nonsense, I honestly forgot.

ToonGuy: A normal reaction to reading this story, to be fair.

"You girls okay?" Sonic asked.

ThatUnknownPony: [Sunset] "What do you think, you jerkass?!"

Topher: [Applejack] "I think we might have gotten a few body parts scrambled. These are very clearly Rarity's legs."

"Peachy," Rainbow groaned as her eyes spun in circles.

Mononeko: Oh, that explains the shipping. They're hypnotized.

"What was that?" Applejack asked.

"Chaos Control," Shadow answered, "I used the Chaos Emerald to transport us here."

"So... we teleported?" Rarity asked holding her stomach.

"Yeah," Sonic answered nervously, "But I don't think you all look okay. Most people get sick from their first times."

Mononeko: [Twilight] "Bitch please. When I teleported for the first time, I burned Spike."

SC276: Author, that wasn't nausea in *Sonic Adventure 2*, that was being all worn out from teleporting with a fake Chaos Emerald. Did you even play the games?

"I think we'll be fine," Sunset said, "I might just need a little walk, though."

SC276: Try a long walk off a short pier. If you're lucky, maybe you'll land in a better story.

"If you would like," Shadow said, "I'll come with you."

ThatUnknownPony: [Sunset] "Yeah, no. I prefer to be alone."

Sunset was a little surprised, but she smiled and blushed at his kindness, "Okay, Shadow."

BittplexMutt: "It's not like I have a choice anyway."

ThatUnknownPony: *both hands on his face* In what universe, IN WHAT FUCKING UNIVERSE, is Shadow the most benevolent kind spirit of all?!

Nox: Universe 399987652378900928D.

Mononeko: Really? I thought that was the universe with the flying hamsters.

SC276: Yeah, Nox, that's not even the right quantum ID.

Topher: Hang on, let me check. *Rips hole into alternate dimension, pokes head through* YO, HAIRY TENTACLE THING, WHAT UNIVERSE IS THIS? *Body falls away from the hole, decapitated*

Before Shadow and Sunset left, Shadow said to Sonic, "Do you think you can set up the band for me while we're gone?"

SC276: [Shadow] "I have no confidence in your ability to set up a musical instrument. This is the most in-character I've been all fic."

Sonic nodded, "No problem. You two go on ahead."

ThatUnknownPony: [Sonic] "Go scar the minds of those poor bastards reading this by making out or some shit."

Shadow nodded back as he and Sunset went walking. They went walking around the school for a bit of time. Soon, they came to a bench and they sat down.

SC276: Thanks for reminding me that *Sun* and *Moon* don't let you sit on benches anymore, jerk.

Mononeko: It doesn't?! Those bastards...

"Feeling better?" Shadow asked.

ThatUnknownPony: [Sunset] "I'm still stuck with you, so no."

Mononeko: [Sunset] "No. I want to get out of this fic..."

Topher: CODE RED! CODE RED! AWFUL SHIP IS ALONE ON MOONLIT BENCH! I REPEAT, AWFUL SHIP IS ALONE ON MOONLIT BENCH!

"Yeah," Sunset answered, "Thank you, Shadow. You're a real gentleman."

SC276: No, Professor Layton in the fic I'm riffing solo is a gentleman. Stay tuned for details! (drops an electric plug)

Shadow smiled and blushed a little, "Hey, it's nothing. I'm just being a friend."

ThatUnknownPony: *IN WHAT UNIVERSE?! IN WHAT FUCKING UNIVERSE?!*

Mononeko: You'd be amazed what badfic writers can do.

"To me, it's true," Sunset told Shadow as she herself blushed as well, "You're so kind and helpful to me."

ThatUnknownPony: [Sunset] "It's almost like you're not even a shadow from your original characterization. Pun intended."

Shadow smiled more, then he stood up, "I'll go get you some water."

Sunset was a little confused, but she nodded, "Okay, thanks."

SC276: Let me guess, someone attacks him.

Shadow walked on down the hall and found a vending machine. It had some snacks and bottles of water. He snapped his fingers. One of the water bottles disappeared from inside the vending machine, and it reappeared in his hand. He had a smirk on his face.

ThatUnknownPony: [Shadow] "No vending machine will get my money."

SC276: He must be a hit on college campuses.

Mononeko: And then he got arrested for stealing.

Shadow then went walking back to Sunset. That was when he heard someone coming towards him from behind him. He turned around and saw Flash.

Mononeko: Great, just when things couldn't be any worse *this* asshole shows up.

Topher: AAAA-aaaaah! Savior of the universe!

"Can I help you?" Shadow asked.
"Hi, I'm Flash Sentry," Flash said,

SC276: Hi I'm Daisy!

Topher: [Flash] "Couldn't help but notice how you and your friends seem to be stealing waifus on my turf..."

"I just wanted to wish you good luck, not that you'll need it."

ThatUnknownPony: [Flash] "You look like a complete Marty Stu, it's obvious you're gonna win."

Mononeko: [Shadow] "Says a lot coming from you."

Shadow had a slight smile on his face, "Okay then."

ThatunknownPony: *+1000000000 dead puppies*

Shadow then noticed that there was a small glow of green in Flash's eyes. He stayed cool and didn't say anything about it. So he said, "Uh, sorry. I gotta go."

SC276: What "sorry?" You were going to go anyways.

"Okay, cool," Flash said as he turned around and walked away.

ThatUnknownPony: Almost like a robot without emotion. Like if being in this story was robbing him from his soul.

As Flash walked away, that was when Shadow had thought about him, "*Hmm, he must be under the Sirens' spell too.*"

SC276: Um... no shit?

But how can we free all of the students?"

ThatUnknownPony: I don't know! Perhaps with the *FUCKIN' COUNTER-SPELL YOU'VE BEEN WORKING ON WITH TWILIGHT?!*

Mononeko: Everybody. In this story. Is a moron.

Meanwhile, the Sirens were gathered in an empty classroom.

SC276: CHS has had a *real* problem with locking its doors at night.

Adagio was in a teacher's desk, Aria was leaning against the wall, and Sonata was in a desk playing with her hair.

SC276: Obviously important details!

ThatUnknownPony: They were wondering how to get out of this story as fast as possible.

"So..." Aria began, "Which boys do you each want to have? I want to have Knuckles and Manic."

"I would take Silver and Tails," Sonata said.

"Then that would leave both Sonic and Shadow for me," Adagio smirked evilly, "I like that."

ThatUnknownPony: ***WHAT DID I SAY ABOUT HAVING THE DAZZLINGS FALL FOR SONIC AND PALS?!***

Mononeko: What's your alternative? Having them be with Sunset?

ThatUnknownPony: *Raises hand* ...Actually, the Dazzlings falling for Sunset sounds like a fun idea. Plus lesbians, so it's win-win.

Mononeko: ...I was talking about Sonic and co, but okay...

SC276: This sounds like the sort of discussion best had *after* conquering the world.

Topher: CALLED IT! I FUCKING CALLED IT! I SAID "SONATA IS GOING TO GO FOR TAILS" AND LOOKIE HERE, SHE WANTS THE FOX! SHE IS DTY, DOWN TO YIFF!

ToonGuy: Huh. This is stupid.

"Oh, I'm sure you'll love it," Darkness's voice said.

The Sirens saw Darkness in a dark area.

SC276: You're in a classroom with presumably the lights off. It's *all* dark area. If the lights were on, he'd be coming out from under the desk.

"Ah, Darkness," Adagio said, "You have news for us?"

"I'm here to tell you, I've brought a little help," Darkness said.

"Which is?" Sonata asked.

Mononeko: [Darkness] "These five cliché bad guys I hired from another fic."

Darkness stepped aside, revealing Boulder as he said, "My servant, Boulder, can be real help to capturing Sonic and his friends."

ThatUnknownPony: [Adagio] *looks at Boulder and shudders* "Why does this guy remind me of those demon thingies I saw in my nightmares?"

SC276: Question: if he's so powerful, why get the Dazzlings involved? You just need to get Sonic alone, then stab him in the back with a massive energy spear. Tried and true!

"How so?" Adagio asked curiously.

Boulder held out his hand and formed a large rock floating in the air above his hand.

BittplexMutt: So, he's got Fuzzy Lumpkins move from The Beat-Alls?

ThatUnknownPony: Yeah, he's a Demonite, alright.

Mononeko: If he starts calling his attacks, I'm leaving.

SC276: And then he dropped it on himself.

The Sirens were surprised, but then smirked.

ThatUnknownPony: [Adagio] "Really? You think that's gonna be intimidating?"

"I like your plan," Adagio said.

SC276: Well I like your face! ...Wait.

Topher: I ship it!

Later, the students were all in the gym sitting in chairs and benches, waiting for whose band was first.

SC276: Just in case it wasn't clear the author doesn't know how to communicate time... the author doesn't know how to communicate time.

In the backstage, the Rainbooms and the Sonic Heroes were getting themselves set up for the first round.

Celestia and Luna were on the stage in front of all the students.

ThatUnknownPony: Doing fuck-all like always.

Mononeko: Or failing horribly at doing stuff. Lookin' at you, "A Canterlot Wedding".

Topher: They tried to do an off-the-cuff rap battle. Didn't end well.

Celestia announced to everyone, "Welcome to the first ever Canterlot High School Battle of the Bands. I believe I speak for everyone when I say it is by far the greatest thing we have ever done here at this school."

SC276: [Celestia] "We seriously have some low standards."

Mononeko: [Celestia] "I can safely say that it'll be even greater than the 'watch paint dry competition'!"

All of the bands and the students cheered excited as Celestia continued, "We are so glad our three newest students encouraged us to turn this into something exciting!"

The Sirens smiled at this while Darkness and Boulder chuckled evilly.

Mononeko: [Adagio] "Shut up. You two didn't do anything."

Luna then took a microphone and spoke, "Before we get started, me and my sister have made a decision from yesterday."

ThatUnknownPony: [Celestia] "We've decided that Sonic cannot participate in the competition!"

SC276: [Celestia] "Unless he gets into a car like everyone else!"

ToonGuy: Yeesh. This one's getting to me a bit. Might skip the rest of this one. See you all later.

Everyone was then quiet, and the Sirens, Darkness, and Boulder seemed a little surprised, but also interested.

Celestia then called out, "Sonic, you and your band come out, please."
The Sonic Heroes came out from behind the curtains.

BittplexMutt: [Students] "Ahhh! Abominations!"

ThatUnknownPony: [Students] "Ahhh! Marty Stus!"

Mononeko: [Students] "Ahhh! Sonic characters!"

They walked over to the principles.

BittplexMutt: With looks of pure terror.

Luna put her hand on Sonic's shoulder as she said, "As we all know, in a competition, we can only choose one winner.

BittplexMutt: [Luna] "There can be only one!"

Mononeko: [Luna] "And because of plot reasons and Marty Stuness, we declare the Sonic Heroes the winners of the Battle of the Bands!"

For this competition, whichever band is the winner, their band gets to perform a special song with the Sonic Heroes at the end."

BittplexMutt: [Luna] "So, basically you don't have to do anything."

ThatUnknownPony: I was joking, but... REALLY?! THIS IS BEYOND MYKAN'S MARTY STU-NESS! AT LEAST HIS OC'S HAVE TO COMPETE, AND THESE FUCKERS ARE THE ACTUAL PRIZE?!

Mononeko: This...I...okay.

SC276: I have seen this in literally two different subseries of *Yu-Gi-Oh!*. Possibly three, I've never paid attention to *5D's*.

Topher: **FUCK!**

Everyone was surprised when they heard Luna announce that. Then that was when everyone cheered in super excitement.

BittplexMutt: But it was Opposite Day.

ThatUnknownPony: They cheered because that only meant they weren't going to hear them sing until the end.

They all believed that was a great idea.

SC276: It's not, but they believe it anyway.

The Sonic Heroes were surprised, even the Rainbooms. The Sirens loved this idea.

ThatUnknownPony: [Adagio] "If that means they won't get more involved, that's good for me."

"So, since you all agree about this," Celestia said, "Whose band will be the winner?"

Mononeko: Gee, I wonder...

ThatUnknownPony: Sucker's bet.

Nox: It's Tenacious D!

Everyone glared at each other for a moment, and then all began to argue about it all over again. The Sirens smirked at this as they saw green mist coming from everyone else and they were absorbing it. "You feel that, girls?" Adagio asked, "Our true power is being restored." "And soon, you'll be unstoppable," Darkness said.

SC276: [Adagio] "Hush, you, you haven't actually done anything."

"But there's still one problem," Aria said, "We can't absorb the magic or energy from the girls or Sonic and his friends.

Mononeko: Ummm...seeing as your power is being restored, you don't really need that shit, do you?

ThatUnknownPony: But you see, they need some excuse to keep the plot of the movie going.

How will we do it?"

"Patience, young Aria Blaze,"

Mononeko: Aria is a padawan now?

ThatUnknownPony: If only this was a Star Wars crossover instead...

SC276: Why does the author think her last name is Blaze? If it is, whatever, but I'm pretty sure it isn't.

ThatUnknownPony: Actually, her last name really is Blaze.

SC276: So, whatever then.

Topher: I always just called her "The one nobody likes."

ThatUnknownPony: ...I like her.

Topher: Well, you're wrong and you should feel bad.

Boulder said, "All good things to those who wait."

"Oh, Adagio, I know what you originally plan to do," Darkness said, "But why don't we do things my way?"

"What do you mean?" Adagio asked.

Mononeko: "I just wanted to name-drop that Frank Sinatra song, that's all."

ThatUnknownPony: [X] "I mean that I'm hijacking your almost successful plan and replace it with my own crappy plan that will most surely fail!"

"Let the Rainbooms play their song," Darkness said, "I want to see if those girls have the strength to get through, and I shall make a little change in the lyrics without realizing it.

Mononeko: Oh the horror. HE'S GONNA RE-WRITE THE SONG!

ThatUnknownPony: So, you're gonna pull a Mykan on them. Laaaaame.

SC276: 1) Which band's lyrics are you changing actually; and 2) how are you doing to change it without realizing it, the same way this author writes badly without realizing it's bad?

But don't worry, I'll use my power to make sure that they don't use their magic on you."
"Very well," Adagio said.

SC276: [Adagio] "I've honestly stopped giving two shits about this whole affair."

Later, the competition had begun.

SC276: How much later? The author doesn't know either!

The first band was Snips and Snails' band. They were trying to box beat,

Mononeko: One: They were trying to rap. Two: It's beatbox. BEAT! BOX!

well, if they could call it that.

SC276: They don't, it's just you.

Everyone just didn't know what to make of that, well, except for Pinkie who jamming out of it. As soon as they had finished, they dropped their microphones on the stage, trying to act cool, but the microphones got to close to the speakers, making a very loud feedback noise.

SC276: Actually, the feedback that comes with dropping the mic is due to the mic hitting the ground, the same way that it makes a sound when you tap it. In fact, you know the way those that drop the mic hold it out sideways before dropping it? That's cueing the sound guys to cut the mic's feed so it doesn't make feedback. Thankfully for us, I have absolutely no faith in the author's intelligence to assume he had any way of knowing that.

Principle Celestia and Vice-Principle Luna, who were sitting in chairs at the front and were judges of the competition,

SC276: Which the author only sees fit to mention now.

only gave the boys a blank look. Celestia looked at the scorecards and told them, "Please do not drop the microphones."

Mononeko: *pulls out a tape recorder. Hits "Play".*

Tape Recorder: Ha ha ha that joke was hilarious...in the movie.

Snips and Snails gave each other a high-five, thinking that it was just a compliment.

SC276: ...How?

As they walked past the Rainbooms and the Sonic Heroes, they taunted the girls, "In your face, Rainbooms!"

Sonic didn't take that very nicely. He instantly pounded his fists together, cracking his knuckles.

Topher: [Knuckles] "OW, MY SPINE!"

That made Snips and Snails yelp in surprise and run away in fear, and that made everyone laugh at them.

BittplexMutt: Haha, threatening to beat up students is high-larious.

ThatUnknownPony: Honestly, given what they do in the movie... They deserve a punch to the face and more.

SC276: I'd rather punch the author and take away his Scotch tape.

Applejack smiled confidently with a chuckle as she said, "Least we won't have one band stand in the way of us getting in the finals.

Mononeko: Not that they had a chance anyway.

ThatUnknownPony: I mean, they went against Bulk Biceps. That dude has more musical skill in his finger than those two as a whole.

Nice one, Sonic."

Rainbow smiled at her and said, "Let's get ready to rock!"

"Rainbow," Sonic said, making her look at him, "Good luck."

Rainbow smiled, "Thanks, Sonic," she said as she gave Sonic a quick kiss on his cheek.

SC276: Oh look, kissing, it's totally fresh the *fiftieth* time around.

Mononeko: *gags*

Pinkie looked around and said, "Wait! Where's Rarity?"

"Oh! Here! I'm here!" Rarity's voice said.

The bands turned and saw that Rarity was wearing a hippie-inspired outfit with metal fringes. They all gave Rarity a little bit of a blank look, all except for Silver. He thought it looked nice.

SC276: Of course he does, he has no personality.

Rarity said, "We will be performing in front of an audience. I'm not going to wear something fabulous?"

Mononeko: Then a ray of sunlight shone on her outfit, blinding the rest of her bandmates.

ThatUnknownPony: [Applejack] "If your intention is blinding the audience, then maybe!"

Applejack sighed a little annoyed. The Rainbooms went onto stage. Everyone was so focused on them;

SC276: Primarily because it wasn't their turn.

no one knew that Strike and Specter were watching them from inside the bleachers.

SC276: How did they get *there* without being spotted by anyone?

"Strike," Specter whispered really quietly, "Don't you think we should do something?"

"No, Specter," Strike whispered back, "If we show up, they'll start to ask us questions."

Mononeko: I've been asking questions about you two for the entire riff now!

ThatUnknownPony: I think we deserve to know what's going on with you two!

As the Rainbooms stood in front of the audience on the stage, Twilight looked at her friends as she said, "Remember, we have to be good enough to make it through, but not so good we let the Sirens see the magic within us."

The other girls nodded as Twilight also said, "They could realize we plan to sue it against them."

Mononeko: The Mane 6 are going to court! And I just got flashbacks to "Mysterious Death". What have I done?

ThatUnknownPony: Kill my neurons with one clean swoop. *falls down dead*

SC276: Order in the riff, or I bring in this thundercloud with three lightning bolts in it!

Topher: I'll have order when I'm dead! *Throws a molotov cocktail*

"Got it!" Rainbow said, "Be cool enough to win, but not so cool that we end up showing the whole ears and tails and rainbows things. So... about 20 percent less cool."

Mononeko: *facepalms* And yes, I know this is ripped from the movie.

ThatUnknownPony: As weird as it sound saying it, even that wasn't funny in the movie.

Topher: Even in the show, It wasn't that funny.

Pinkie raised her drumsticks in the air and beat them together, "1 2 3 4!"

The Rainbooms began to play their song.

(Shake your Tail!)

Mononeko: ...I refuse to sing to protest against ponying up Sonic.

ThatUnknownPony: And again with the copy-pasting lyrics.

SC276: My fellow Americans, I think we all know where this is going, so let's just skip to the end. *whoomp*

Topher: *Inserts earplugs*

Rainbooms: We just got the day

To get ready

And there's only so much time to lose

Because tonight

Yeah, we're here to party

So let's think of something fun to do

We don't know (We don't know)

What's gonna happen

*We just know (We just know)
It's gonna feel right
All our friends are here
And it's time to ignite the lights
Shake your tail
'Cause we're here to have a party tonight
Shake your tail, shake your tail
Shake your tail
'Cause we're here to have a party tonight
Shake your tail, shake your tail
Twilight: So what you didn't
Get it right the first time
Pinkie: Laugh it off
No one said it is a crime
Rarity: Do your thing
You know you're an original
Applejack: Your ideas are so funny
That they're criminal
Rainbooms: Ohhh-ahh!*

So far, the students weren't finding the song really bad, but to Sonic and the Mobians, something didn't feel right.

**SC276: *pmoohw* So Sonic isn't a Mobian?
BittplexMutt: [Sonic] "Why does this sound familiar?"**

"That's strange," Sonic thought, "It's like these are the lyrics of the song and the students aren't losing interest. What's going on?"

**SC276: ...You mean you're complaining about them playing it right? *whoomp*
Mononeko: OH MY GOD! THE SONG IS...GOOD!
ThatUnknownPony: I CAN'T BELIEVE IT! A SONG THAT WASN'T TARNISHED BY
BEING LAZILY REWRITTEN!
Topher: RED ALERT! RED ALERT! EVERYTHING IS GOING TO PLAN!**

*Rainbooms: We just got the day
To get ready
And there's only so much time to lose
Because tonight
Yeah, we're here to party
So let's think of something fun to do
We don't know (We don't know)
What's gonna happen
We just know (We just know)
It's gonna feel right
All our friends are here
And it's time to ignite the lights
Shake your tail
'Cause we're here to have a party tonight*

*Shake your tail, shake your tail
Shake your tail
'Cause we're here to have a party tonight
Shake your tail, shake your tail
Shake your tail
'Cause we're here to have a party tonight!*

Topher: *Removes earplugs* MOVING ON!

When the Rainbooms finished, the students gave a small but loud enough round of applause. Celestia and Luna clapped as well. Nothing really seemed to be going wrong, until...

Mononeko: The Fire Nation attacked!

SC276: *pmoohw* OK, so the Rainbooms succeeded in doing what they wanted to do in the movie without Sunset having to shove somebody and making her look even worse. Time for the author to fuck everything up.

"Hehehehehehehehe..." a very scary demonic voice echoed throughout the whole gym, "Well, what an interesting song that was."

Everyone gasped as they looked around the whole place trying to find out who or what that sound came from.

"Who's there? Show yourself," Sonic called out.

"We meet again at last, Sonic the Hedgehog," the demonic voice said.

Mononeko: [Sonic] "Who are you?"

[Voice] "I'm your evil brother, Casper the Hedgehog!"

The Sonic Heroes, the Rainbooms, and everyone else were all now confused.

Mononeko: Don't forget us!

ThatUnknownPony: Even those reading our riff are confused!

SC276: They hurt themselves in their confusion!

"I don't think we've met before," Sonic said.

"You don't, but your Mobian friends do," the voice said.

"What makes you say that?" Shadow asked.

SC276: [Shadow] "I don't like how you imply I'm not from Mobius."

"Allow me to give you a hint," the voice said, "Long ago, on Mobius, your friend Sonic killed you all."

Mononeko: ...Okay...elaborate...I don't like where this is going in the slightest.....

SC276: You call that a *hint*?

That was when everyone looked at Sonic with a "Huh?"

BittplexMutt: Wut?

SC276: Are you smoking?

"What are you talking about?" Sonic asked, "I never killed my friends."

BittplexMutt: [Pinkie] "I feel your pain, Sonic."

"To you, you didn't," the voice said, "Tails, do you remember seeing Sonic look different one time?"

BittplexMutt: [Tails] "Yeah, there was a lot of hyper-realistic stuff."

Mononeko: [Tails] "Is this about that time Angel Island got all weird?"

ThatUnknownPony: [Tails] "You mean that one time with Kyle and Tom?"

SC276: [Tails] "I assume by how you state 'one time' that you're excluding Super Sonic and everything that happened in the Storybook duology."

"Umm, yeah," Tails said,

BittplexMutt: [Tails] "What does this have to do with this fic?"

ThatUnknownPony: [Tails] "Why bring that shitty pasta into this?"

"All of us other than Sonic himself did. His eyes were blackened with red irises. And... he... killed us."

BittplexMutt: "Don't ask how we are alive, author's probably not gonna go into detail about this."

Mononeko: What?

ThatUnknownPony: Sonic friends are actually zombies, confirmed.

SC276: That would explain why they have no personality here...

"Correct," the voice said, "But I was defeated by an old friend of yours, Kyo the Lion-Hedgehog."

BittplexMutt: And then everyone laughed at that name.

Mononeko: What!?

That was the very second that Sonic and his friends all went wide-eyed in shock and gasped.

BittplexMutt: "Wait, who the hell is Kyo?"

ThatUnknownPony: "I don't know who this Kyo is, but he sounds disappointing."

Topher: Come on, guys! The Force Awakens was just laying the foundations for his character, I'm sure he'll be better in episode 8.

"Remember now?" the voice asked.

BittplexMutt: [Sonic] "Nope."

ThatUnknownPony: [Sonic] "No idea what you're talking about."

"You..." Sonic growled, "You're the one who took over my mind and made me hurt my own friends!"

BittplexMutt: "I thought you said he killed them?"

Ringmaster: ...Actually, I should've clarified earlier. While Specter, Strike, and anyone they mention literally have no backstory outside of this author's own head,

this whole Kyo thing is taken straight from a Deviantart fan-comic. Which ended with Kyo using his godlike powers to bring all the dead characters back to life... as small children. The Sonic fandom gets fucking *weird*.

Mononeko: So... to clarify. The villain... which is Sonic.EXE himself... killed all of Sonic's friends... and got killed... by an OC... from a fan-comic... that's not even made by the author himself... and the author, for some reason, crossed over everything... with Rainbow Rocks.

Ringmaster: And his own personal OCs, don't forget.

Mononeko: *clears throat* **WHAAAAAAAAAAAAAAAAAAT?!**

ThatUnknownPony:

**...WHAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAA
AAA...**

SC276: (jaw is stuck in dropped-to-floor mode) **WHAT THE FUCKITY FUCK FUCK
FUCK**

Topher: **THAT DOES IT. I'M GOING FOR TWO!** *Whips out a flamethrower, starts waving it around. It makes a pathetic hissing noise* ...anyone got some jellied gasoline I can borrow?

You're Sonic EXE!"

BittplexMutt: [Sonic EXE] "Well duh, who did you expect?"

SC276: [Sonic EXE] "The Spanish Inquisition?!"

ThatUnknownPony: [X] "Bitch, my name is X! When are you gonna get that fact right?!"

Mononeko: So tell me story, exactly how low are you going to sink?

SC276: You know how in *Minecraft* when you go below 0 blocks high there's an infinite void that kills you? *It's at -400 and dropping and it WILL NOT DIE.*

"The name is Darkness," the voice said, "And me making you kill your own friends? Hello? Haven't you learned yet that there are villains like me that say, 'I don't care'?"

SC276: **Much like we don't!**

Mononeko: **Man, you make Mykan's villains look like well-rounded characters.**

ThatUnknownPony: **Even the Demonites had better motivation than you!**

Topher: **To clarify: I have no motivation, I know I have no motivation, but I'm still here!**

How disappointing."

ThatUnknownPony: My opinion of this whole piece of shit.

Sonic was now really angry as he yelled out, "WHERE ARE YOU!?"

"Here," Darkness's voice said right behind Sonic.

ThatUnknownPony: And then broke Sonic's neck and put an end to the story. THE END.

SC276: It was at that moment Knuckles punched him.

As soon as Sonic instantly turned around and saw his evil doppelganger's demonic, blood red glowing eyes right in front of him, he yelped and jumped backwards and landed on his back in the middle of the Rainbooms.

SC276: As if we needed *more* evidence Sonic is out of character.

Everyone else gasped when they saw him and he looked just like Sonic.

Mononeko: Except...edgy. And fucked up.

ThatUnknownPony: And also hyper-realistic.

Darkness appeared right in front of Sonic and threatened him, "Give me the Chaos Emeralds, or die." "Think again," Sonic growled.

Nox: [Darkness] "Oh god! Thinking! My one weakness!"

ThatUnknownPony: [X] "Bitch, that's like the only thing nobody in this story does!"

SC276: [Sonic] "What makes you think *I* have the Emeralds, idiot?"

But as soon as Sonic got back up on his feet, he saw Darkness was gone. He and everyone else could hear his voice laughing hysterically, "Where did I go? HAHAAHAHAHAHAHA!"

Mononeko: The part of Darkness will be played by Dis-no, even Discord is more mature than this.

ThatUnknownPony: Discord could make this story funny and entertaining, but judging how this is a black hole of enjoyment, it's clear he isn't here.

SC276: [Sonic] "Y'know, it's kinda hard to give you the Emeralds if you're *not there*."

"Well, someone's certainly got some really dumb sense of humor," Knuckles said.

Mononeko: Yes indeed. But enough about Ring...

Ringmaster: I prefer calling it "twisted". Maybe even a little "sadistic", considering how much joy I get from watching you all go through these things.

Topher: Is that why you haven't thrown me out yet?

"What?" Darkness asked, "Can't a villain have his own fun?"

ThatUnknownPony: Hey, if we're not having fun, you have no right to have fun!

SC276: You only get to have fun when you have *style*!

Topher: [Sonic] "Have you ever considered different hobbies? You have the look of a knitter."

Darkness appeared on the right side of the stage with his arms crossed. The Mobians each got in a fighting stance while Darkness chuckled.

SC276: What is this, *Sonic Boom*?

"You won't be fighting me," Darkness said, "Not yet, anyway. Someone else really wants to fight you."

"And who would that be?" Manic asked.

Darkness snapped his fingers, and Boulder walked over to him.

"Seriously?" Knuckles asked.

Nox: [Knuckles] "Who the hell is this chucklefuck?"

ThatUnknownPony: [Knuckles] "You couldn't choose something more threatening and less stupid looking?"

SC276: Can we talk about how in *both* "OCs in *Rainbow Rocks*" fics, the demons fight the heroes right after the first stage of the competition?

Boulder slowly raised his hand in the air and formed a large rock.

Mononeko: This suddenly reminds me an awful lot of *Mortal Kombat*, and I don't want to ruin *Mortal Kombat*...

ThatUnknownPony: Bitch, Tremor could've executed a Fatality on all of them at this rate.

SC276: And then it fell on him.

Topher: [Maud] *Audibly moistens*

The Mobians and the Rainbooms gasped when they saw him do that.

SC276: The students of CHS in the audience, meanwhile, were too busy posting photos of this to Facebook.

"I'm gonna enjoy showing you what it's like to be smashed," Boulder said.

Mononeko: Wow, you really are a rejected Demonite.

ThatUnknownPony: ...I miss the Demonites.

SC276: No thanks, I don't do drugs.

"And let me tell you," Darkness said, "Try to attack me, and Twilight's done forever."

Nox: When did he have a chance to capture Twilight?

ThatUnknownPony: The Dazzlings plan was to be subtle and not raise alarm. This guy said "fuck it" and just made himself public... Why do i keep killing my brain like this?

SC276: [Adagio] "This is *literally* the opposite of help!"

Sonic said to Celestia, "Principle Celestia, Vice Principle Luna,

SC276: "-Core Principle Addition-"

get the students out of here, me and my friends will handle this."

Mononeko: It just dawned on me that this guy can't even spell 'principal' correctly.
SC276: C'mon, step it up- (brick'd)

Celestia and Luna nodded as they began to take the students out of the gym. But Darkness then held his hand out and formed red energy walls in front of all the doors. Everyone was trapped in.

SC276: Pretty sure that's not Traptanium.
Topher: I know a boss fight when I see it!

"Don't worry, kids," Darkness said, "I'm not gonna hurt you,

SC276: "MUCH."

I just want you to watch your pathetic hero fall."

ThatUnknownPony: "I'm totally not going to try to kill you later."

All the students got into the back corners of the gym to try and have enough save space.

SC276: I hate when I have to make space on my memory cards.

Darkness chuckled, "How smart."

ThatUnknownPony: By your standards, anything could be smarter.

Darkness held his hand out and a massive red energy wall appeared protecting the students and principles.

ThatUnknownPony: *chorus of facepalms* You cannot even get X right! He's supposed to be an Eldritch Abomination, not some kind of Affable Villain who spares everyone but the hero!

Mononeko: Don't worry. He's gonna make them play Sonic.EXE later. Or worse, he's gonna make them read Sonic.EXE.

"So," Darkness said turning to Sonic, "Will you fight Boulder or what?"

ThatUnknownPony: [Sonic] "Do you really think I'm that stupid? ...don't answer."

Sonic felt this wouldn't be easy, but accepted the challenge, "Bring it on!"

"You heard him, Boulder," Darkness chuckled, "Give Sonic what I like to call unimaginable pain."

ThatUnknownPony: [Boulder] "You're gonna make him read this fanfic?"

Mononeko: You're gonna make him marathon through Plant-Boy's fics?

SC276: You're gonna make him read *Love Knows No Race*?

Topher: HEY, YOU CAN'T CAUSE OTHER PEOPLE UNIMAGINABLE PAIN! I'VE GOT A TRADEMARK ON THAT!

"With pleasure, high councilor," Boulder said.

Boulder swung his arms forward, making the rock fly right at Sonic really fast.

SC276: *Super Mario Maker* letting you add wings to everything has gone too far!

Sonic didn't have enough time to dodge it,

SC276: Boy, this player sucks.

and it hit him really hard in his stomach. He yelled in pain from the strong impact.

ThatUnknownPony: And somehow rings suddenly busted out of him for some reason.

Mononeko: [Rarity] "MINE! *starts hoarding the rings*"

"SONIC!" Rainbow cried.

"Don't worry, my dear," Darkness said, "He doesn't plan to kill him, and neither do I."

ThatUnknownPony: WORST. VILLAIN. EVER! You make Mykan's villain effective in comparison!

"Guys, get him!" Knuckles said.

The other Mobians rushed right at Boulder, but Boulder held his other hand out at them. He suddenly formed a rock wall, blocking their way.

ThatUnknownPony: Because fuck it, he's an Earthbender now.

Mononeko: Yeah, sure. It's not like Knuckles can break through rocks or something...

I mean, he can break through walls of ice in the Mario & Sonic games...

SC276: Busting through rock walls by *walking into them* was a thing he could do in *Sonic & Knuckles*. This should literally not be a problem.

They all accidentally hit it, and all fell on their backs. When they all tried to get up, they noticed that rocky chains stuck their hands and feet.

ThatUnknownPony: Wow! And I thought the Starfleet was incompetent.

Strike and Specter knew that now would be the right time to do something.

Mononeko: WELL, THEN FUCKING DO SOMETHING!

Topher: If you insist! *Does something*

Boulder created a cloudy dust of wind and threw it at the Rainbooms.

Mononeko: ~Dust in the wind...~

They flew over to the other Mobians.

SC276: Because they have wings currently.

Boulder then walked over to Sonic who was holding his stomach where the rock had hit him and he groaned in pain.

ThatUnknownPony: And I groaned in annoyance.

SC276: ...You know, X is a jerk. He blocks off the audience from interfering, but leaves stopping everyone else up to the guy actively trying to kill a single target.

"How disappointing," Boulder said, "I was hoping to have a little more fun with you. Too bad."

SC276: Too bad you're not a frog, sure.

Boulder held his hands in the air forming a large rock. Everyone else was worried, while Rainbow was worried the most.

SC276: And then it fell on him, and they stopped being worried.

Sonic covered his face. Boulder was about to swing the rock right at him when...
FLASH!

Nox: Gordooooon!

Mononeko: SENTRYYYYYYYYY!

ThatUnknownPony: ~Aaaaah, Savior of the Universe!~

Right at the edge of the left side of the stage, a bright cerulean blue vortex appeared. Everyone gasped as they looked at it. Darkness himself was even surprised.

Mononeko: [Darkness] "No! The Stunness! It's sucking up everything!"

SC276: CERULEAN MATTER EXPLOSIVES! ...No one's gonna get that.

"What is that thing?" Silver asked.

ThatUnknownPony: That is the most blatant Deus Ex Machina I have ever read.

That was when the vortex shook a little. And then... everyone saw two figures jumping right out of it.

Mononeko: *gasps* Chip and Dale!

SC276: And now this guy's ripping off my plathole portals concept! I came up with that like ten years ago, newb!

They both landed on their feet and knees and the vortex disappeared. The figures were Strike and Specter.

ThatUnknownPony: Good Lord! This two are putting Lighting Dawn to shame!

Mononeko: These guys feel like Starfleet characters, only I think even the Starfleet would fire these guys immediately.

Strike had bright cerulean blue electricity crackling while Specter's hands had bright red aura. Strike had his bandana over his mouth, his glasses were over his eyes, and his hood was on his head while

the zipper was zipped up. Specter had his hood and mask on. There was also some kind of emblem attached to Strike's hoodie on the center of his chest. The emblem was the same symbol in the same color and look as the symbol on his shirt.

SC276: Yeah, just describe them all intermingled like that, make it harder for us to visualize these characters. This is good writing.

Strike and Specter very slowly stood up from their knees as Strike said to Boulder, "We came quite a distance, Boulder."

Boulder was shocked, almost like as if he recognized them, "I thought you two were dead!"

Mononeko: WHAT! THE FUCK! IS HAPPENING?

SC276: More stuff the author thinks everyone already knows. How is this *still* surprising you?

Ringmaster: Worth clarifying that yes, this story is the *debut* of the author's OCs. He knew it wouldn't make any fucking sense and went with it anyway.

SC276: Pretty sure you already said that, but I don't blame you for forgetting either.

Ringmaster: I only said they weren't in the first EqG fic. They could've had some backstories in, like, another fanfic, Deviantart, or a fan character wiki, but no, this is 100% their debut. Which makes it that much fucking dumber.

Everyone looked at Strike, Specter, and Boulder all at the same time. Did Strike, Specter, and Boulder know each other?

SC276: Strike Specter and Boulder Strike Specter and Boulder, Strike Specter and Boulder. Strike Specter and Boulder? Strike Specter and Boulder!

What was going on here?

Mononeko: THAT'S WHAT WE'D LIKE TO KNOW!

BittplexMutt: Literally everyone at this point:

ThatUnknownPony: I think I'm gonna go cross-eyed from reading this.

"Well, you were wrong," Specter said, "Like you always are."

SC276: Like the author always is.

Darkness asked his servant, "You know these boys?"

ThatUnknownPony: [Boulder] "Nope, never seen them in my life."

"Yes, they're heroes from my Earth," Boulder growled, "My enemies that I had tried to crush for so long, but they always sent me to jail!"

ThatUnknownPony: So, either they're Time Patrollers, or this fucker's version of Starfleet. *takes a pillow and screams into it*

Mononeko: Okay, at least we some explanation. But still, WHAT THE HELL?

"That's right," Strike said, "And this time, we're making sure you won't be busting out of there again."

Nox: [Strike] "Because now we're just gonna kill you."

SC276: [Strike] "Even though we have no idea how we got here!"

Boulder growled, "Enough talk. Let's see if you two have gotten any improvements from our last encounter, shall we?"

SC276: If it's anything like how the author's gotten improvements from his last fic, it's probably not at all.

Boulder kicked Sonic aside and swung the rock at Strike and Specter.

ThatUnknownPony: *whimpers in despair* ...Guys? I think we found another Mykan. It all fits: rips off MLP, mixes it with the shit he likes even if it makes no sense, all canon males become Marty Stus, and then adds a bunch of even more Stu-ish OC's that make the canon characters irrelevant.

SC276: Gee, you just figured out what I've been saying ALL RIFF.

Mononeko: Nah, I wouldn't go that far. There's no blatant hate against the canons yet. I think we found the real Mai Can instead...

When it was right about to hit them, Strike used his speed to dodge it while Specter's opacity became about thirty percent visible and the rock went right through him.

Nox: So he became transparent?

ThatUnknownPony: Oh great, now he's just as transparent as his personality.

SC276: So we have another Sonic and a Boo.

Topher: Are we going to ignore the fact that he just straight up gave an opacity percentage rather than try to explain it in an interesting manner?

Boulder growled, "Where are you, Strike!?"

"Right behind you," Strike's voice said.

SC276: Semi-common line around here.

Boulder turned around, but didn't get the chance to do anything else as Strike gave him a really hard electric punch to the face.

BittplexMutt: Now, his entire face is all fried up.

ThatUnknownPony: *hears a ton of explosions like it's Fourth of July* OH MY GOD, THE MARY SUE-METER FACTORY IS IN FLAMES!!! THIS WAS TOO MUCH FOR THE METER TO TAKE!!!

Mononeko: Somewhere, Lightning Dawn was crying in his sleep.

SC276: Yes, punch the rock monster, that won't hurt your fist.

Boulder was knocked back a little.

BittplexMutt: And probably screaming in pain.

SC276: What is this, *Dokapon Kingdom*?

He formed another rock and threw it at Strike, but Strike did an air-cartwheel dodging it and went towards Boulder.

BittplexMutt: Its attack missed!

SC276: When suddenly, *Smash Bros*.

He then instantly did a clockwise windmill and began hitting Boulder with his feet.

BittplexMutt: Somehow.

ThatUnknownPony: His *Stu*-ness gives him the power to defy gravity!

Topher: Oh, so he's Neo from the matrix movies?

He managed to get him about five times, and knocked him over with a sixth kick, and Strike was instantly back right onto his feet.

BittplexMutt: Ah, so he used Double Kick.

ThatUnknownPony: It's Super Effective!

Mononeko: Riffer's Sanity fainted!

Boulder was about to make a move, when Strike rushed right at him.

BittplexMutt: [Boulder] "No fair! You're supposed to let me go first!"

ThatUnknownPony: [Strike] "I'm a Marty *Stu*, I can do what I want!"

He gave him a strong high kick, knocking him in the air.

BittplexMutt: No doubt knocking out some teeth in the process.

ThatUnknownPony: Because we need as many shonen tropes as possible!

He then very quickly jumped and gave Boulder a spinning kick, making him spin sideways.

BittplexMutt: Psh, that's nothing, I can spin diagonally.

ThatUnknownPony: Is this a Pokémon battle or what the hell?!

Mononeko: That, or a really weird ballet performance.

SC276: Or a *Snowboard Kids* ramp trick.

Now Strike managed to easily, and absolutely impossibly

SC276: You even fucking admit it!

do a front flip in the air and kick Boulder again, but this time, right on his head.

BittplexMutt: Dude! You don't kick people in the head, you'll give them a concussion!

Topher: [Audience] "This performance art shit is getting really out of hand."

Boulder was knocked right onto the floor headfirst.

BittplexMutt: And concussed.

Mononeko: And dazed. And confused.

SC276: So many people hurting themselves in their confusion! (slaps himself)

Strike did an impossible amount of front flips in the air, and very easily landed on his feet.

ThatUnknownPony: *Holds up a score card with a 0* I award you no points, and may God have mercy on your soul.

Mononeko: *holds up a scorecard with a -10*

SC276: (holds up a scorecard with a 3 and some lines, then realizes his mistake and turns it around to show it's actually a nuclear explosion)

Topher: *Holds up a middle finger*

Boulder got up and growled, "I'll get you for that!"

"You don't have a ghost of a chance, Boulder," someone said behind him.

Boulder turned right around and got hit right in the face with an energized punch from Specter.

"Your jokes are just plain lame, you know, Specter," Boulder said.

ThatUnknownPony: Speaking for the audience, it seems.

Nox: Anyone else thinking about *Danny Phantom*?

"Okay. YOU ASKED FOR IT!" Specter yelled charging right at Boulder.

BittplexMutt: [Specter] "How dare you say my jokes suck!"

ThatUnknownPony: [Specter] "I HAVE A SENSE OF HUMOR, DAMNIT!"

Topher: [Boulder] "Everyone knows my puns ROCK!"

Specter created a massive orb of red energy and threw it right at Boulder's face.

SC276: I'm just going to assume we'll never learn what Specter's actually throwing.

Topher: JUST. PURE. ENERGY.

Boulder didn't have a chance to block it in time. He yelled in pain as he was knocked back.

SC276: That happens to him a lot, I've noticed, and I've been zoning most of this scene out.

Boulder was getting angrier by the second, "All right. That's it!"
Boulder then created a rock arm and grabbed Sonic by his neck and held him in the air.

SC276: [Strike] "Why did you knock him *closer* to the guy he's trying to kill?!"
[Specter] "Fuck you, that's why!"

The grip was too strong for Sonic to breathe, he choked,

Mononeko: Well, at least he didn't choke.
ThatUnknownPony: And once again the canon characters are reduced to damsels in distress.

"AHG! Let-**GASP!** Let go of me!"
"Oh, I enjoy seeing people wine from the pain I give them," Boulder said, tightening his grip.

ThatUnknownPony: I don't think blood counts as wine, Boulder.
Ringmaster: He *did* say "people wine".
SC276: So *that's* how they make Soylent Green.

Rainbow began to feel something inside herself...

Mononeko: Apathy.
ThatUnknownPony: Boredom.
SC276: Catharsis.
Topher: Arousal.

rage. It was uncontrollable rage and power.

Mononeko: Is Rainbow going Super Sayian?
ThatUnknownPony: Please don't jinx it.

She growled at Boulder, "Let go of my boyfriend."
Boulder looked at Rainbow, "Or what?"

SC276: [Boulder] "In case you've forgotten, you're on the other side of a giant stone wall."

Suddenly, there was a bright cyan glow coming from inside Sonic's backpack. The cyan Chaos Emerald suddenly appeared out of nowhere and flew right towards Rainbow.

Mononeko: What?
ThatUnknownPony: YOU JINXED IT!

Rainbow caught the Emerald as its glow began to glow brighter. Suddenly, Rainbow instantly let go of the Emerald as it suddenly split into pieces and flew around her.

Mononeko: *mouths "the fuck?"*
ThatUnknownPony: OH MY GOD, SHE'S REALLY GOING TO...

Sonic was starting to feel worried about his girlfriend. Then suddenly, Rainbow's entire body glowed bright cyan blue.

SC276: (claps twice and the glowing stops)

The other Rainbooms, Mobians, Boulder, Darkness, Strike, and Specter shielded their eyes.

SC276: The CHS Students opted instead to ooh, aah, and take more pictures with their phones.

As soon as the glow disappeared, they all looked and gasped at what they witnessed.

Mononeko: She transformed into a pegasus!

ThatUnknownPony: Then felt as their brains started to drip from their ears from the stupidity they were grasping at.

Rainbow was wearing a tight-fitting cyan-blue suit while her hands, head and hair were still visible. She had bright cyan blue crystal armor on her chest, as well as crystal shoulder pads and kneepads that were the same color. She was wearing cyan-blue crystal boots that were in the same look of her original boots. Her hair was the same, but it glowed like as if it was in a crystal form. Around her waist was a belt with several amounts of cyan-blue crystal shurikens, she had crystal cyan-blue wings on her back, and even a cyan-blue crystal sword holster with a saber in it on the side her belt.

Crazy56U: I would like to say, at this juncture, that when Ring told me about what goes down in this fic (including a bit that, well, you will know about when you get there), I declared that, by all accounts, this would actually *debunk* "The Mysterious Death of the Wonderbolt Leader" as the *dumbest* fic ever ran on FFT3K15. And it gets worse.

Mononeko: Did the fanfic just... I don't... what?!

SC276: Cyan-blue cyan-blue, cyan-blue. Cyan-blue? Cyan-blue! ...Yes, that is all I have to say given *everything else* this story's already done. I am *barely fazed*.

Topher: She just went super cyan!

"Rainbow, what happened to you?" Sonic asked.

Rainbow was silent for a moment, until she spoke, "Don't worry about me, Sonic. Boulder is mine."

SC276: [Sonic] "I thought we had something special!!!"

Everyone went wide-eyed in surprise, but Boulder wasn't scared, "Oh, you dare challenge me?"

SC276: [Boulder] "You dare bring light to my lair?! You must *die!*"

"Oh, but I do," Rainbow growled, "But I warn you. Attacking me at this stage is not going to be easy."

Mononeko: "You need to reach Stage 7 to do that!"

ThatUnknownPony: [Rainbow] "THIS ISN'T EVEN MY FINAL FORM!"

Boulder only laughed at her, "Ha, you think a silly line like that will scare me?"
Boulder dropped Sonic on the floor.

SC276: So, are Specter and Strike just done fighting for now, or...? Because last I checked, they weren't K.O.'d or anything.

Topher: They decided to take a quick coffee break in the next county.

He formed a rock and threw it at Rainbow.

SC276: Do you literally have no other moves?! You're basically Guts Man, but lamer and without a memetic butt!

Topher: [Boulder] "I THREW A ROCK AT `EM! ...it was a big rock."

Sonic tried to get up, but the pain in his stomach wouldn't let him. Although Strike and Specter would do something, they didn't do anything but watched.

ThatUnknownPony: GOOOD!!! EVEN STARFLEET IS MORE USEFUL THAN YOU TWO!!!

SC276: Well that's my question answered.

Rainbow only stood where she was and didn't move. The rock was right about to hit her in her face when she suddenly caught it in her hand at the last second and crushed it with no problem.

Mononeko: ...am I high? Is that Spiky Blue I drank in the sampler finally kicking in?

ThatUnknownPony: Nope, I'm seeing it too, and I think it's not because my brain is now a puddle on the floor.

Everyone gasped in surprise, but Boulder was shocked.

"No... that's... That's impossible!" Boulder shouted, "Only Strike can be able to dodge my attacks!"

ThatUnknownPony: [Boulder] "Only my OC Donut Steel can perform impossible feats! This is bad characterization!"

SC276: Dude, that wasn't a dodge. That was more a block, maybe a Superguard.

"You want to see something impossible?" Rainbow asked, "I'll show you one."

ThatUnknownPony: I'm seeing it, alright! Something doing even worse than Mykan?! HOW CAN YOU MAKE ME MISS STARPOPS!?

SC276: [Rainbow] "Here, I'll show you!"

Rainbow suddenly threw her hand out at Boulder, throwing several of her shurikens at him. All of them managed to hit him. Boulder yelled in pain and surprise. Darkness was really surprised, but he was also impressed.

SC276: At how completely fucking stupid this is.

"Sorry, Boulder, but I'm afraid I'll have to say this; it's every man for himself," Darkness said as he turned to red energy and disappeared.

Mononeko: [Darkness] "Also, you don't get paid for this!"

ThatUnknownPony: [X] "Fuck this shit, I'm outta here!"

SC276: It's probably insulting to one of my favorite games that I keep imagining this action as sliding into the floor a la the Shadow Sirens.

"WHAT? HEY! COME BACK!" Boulder yelled.

SC276: Meanwhile, Sonata is lulling around on the floor moaning about eating too much popcorn.

Boulder growled in anger at Rainbow, "All right then, Rainbow Dash. Let's see if you can handle this. Rock Monsters!"

Mononeko: ...*gets up and leaves* That's it. I'm done.

ThatUnknownPony: *banging his head on the table* HOW?! HOW DO YOU OUTBEAT MYKAN EVEN WITH THE STUPID NAMES?!

SC276: The part of Boulder will be played by Wuya.

Boulder held his hands up in the air and created living rock humans with his powers, "Destroy her!"

Mononeko: *comes back and sits down* Fucking door's still locked...

ThatUnknownPony: *drinks a whole bottle of Spiky Blue* ...am I drunk enough to survive this?

Nox: "Don't count on it."

SC276: Golem. *Golem*. For fuck's sake, author, you're ripping off *Mykan*, you have no creativity already, stop pretending you do.

The rock monsters charged at Rainbow as they created weapons made of pure rock. Rainbow held her right hand out and a cyan-blue crystal gun appeared. She began blasting the rock monsters.

Mononeko: ...well those were pointless.

SC276: What is this, *Kamen Rider*?

ThatUnknownPony: *Hears an atomic explosion in the background* ...welp, there goes the last Sue-Meters Factory. ...Is it normal to have a hole in your stomach after too much Spiky Blue?

Topher: Nope! Normally you don't have much of a torso left to speak of.

The gun was shooting bright cerulean lasers out of it.

SC276: No, author, you're confused. They're *cyan-blue* lasers. The *cerulean* ones are *Strike's*. This is your system, keep it fucking straight.

Then when a pair of the rock monsters was charging at her all at once, she placed her hand on a barrel on her gun.

"Energize!" Rainbow yelled as she spun the barrel and it starting sparking as she pointed the gun at the rock monsters and yelled, "Chaos Morpher Blast!"

BittplexMutt: Oh hey, this finally did turn out to be Mykan-type writing.

SC276: To the surprise of... apparently, everyone but me.

Mononeko: Why? Why? WHY? WHY DO WE NEED ANOTHER MYKAN IN THIS WORLD?

ThatUnknownPony: Because God has abandoned us... And now I don't feel my organs. *Dissolves into a puddle of Spiky Blue and burns the floor*

Nox: (looks at a hole in the floor) Dude, lay off the Spiky Blue.

Topher: *Sigh* I'll make some more. *Pulls out a cocktail shaker*

The Chaos Morpher shot three lasers at once. Each of them went at the rock monsters and destroyed them. Rainbow could then hear more coming from behind her. She grabbed a pair of her shurikens and yelled, "Chaos Shurikens!"

SC276: Because you totally need to call your attacks *now*.

Rainbow threw her shurikens at all of the rock monsters at once and destroyed them. Boulder growled angrily as he created more.

Applejack really seemed to want to be in the fight.

Mononeko: How uncharacteristic.

ThatUnknownPony: *Poofing into existence again* NO, APPLEJACK! YOU DON'T DESERVE TO BE TURNED INTO A MARY SUE TOO!!!

That was then when she could feel chaos energy just like Rainbow did. The green Chaos Emerald appeared right in front of her while the rest of the Rainbooms and the Sonic Heroes gasped. Applejack grabbed the Emerald and it glowed.

ThatUnknownPony: *Whimpering non-stop* WHY?! WHAT DID WE DO TO ANGER YOU, GOD?!

SC276: What, and break up a matched set of six?

Rainbow was now surrounded by a whole bunch of rock monsters. Boulder smirked evilly, "How about you give up, Rainbow?"

The rock monsters were about to attack Rainbow when... BAM! Two of the monsters exploded from some kind of orange energy.

SC276: Hey, leave me out of this!

Rainbow looked and saw Applejack, but she was now just like her.

Applejack was wearing an emerald green skintight suit while her hands,

Mononeko: AGAIN WITH THE DESCRIPTIONS!

ThatUnknownPony: BECAUSE WE DIDN'T HAVE ENOUGH BEFORE!

head, hair and hat were still visible. She had merigold-orange crystal armor on her chest, crystal and shoulder pads and kneepads in the same color. Her hair and hat had turned to crystal. She had crystal merigold-orange boots that were in the look of her old boots. She also had a merigold-orange crystal whip and a dagger-blade on a merigold-orange crystal belt around her waist, and there was even a merigold-orange crystal sword holster with a saber in it on the back of the belt.

**SC276: Merigold-orange merigold-orange, merigold-orange. Merigold-orange?
Merigold-orange!**

BittplexMutt: "Merigold"? Don't you mean marigold?

ThatUnknownPony: Do you expect the Author to bother with grammar at this point?!

SC276: Maybe he means the Going Merry?

One of the rock monsters threw a rock at Applejack, but Applejack jumped right over it at the last second doing three front flips in the air, and landed right next to Rainbow.

Mononeko: OH SHIT, SHE BECAME A SUE!

BittplexMutt: Sue powers, Activate!

ThatUnknownPony: YOU GET SUE POWERS! AND YOU GET SUE POWERS! EVERYBODY GETS SUE POWERS!!!

SC276: ...It only occurs to me *now* that the Rainbooms' instruments are still on stage where this is taking place. They could easily have played their hearts out right there to pony up for this and gain the superpowers they needed, including Sunset, to blow Boulder and his minions away. Instead, we get the Chaos Emeralds as transformation trinkets for magical girls, because the author is an A+ *dip*.

"Decided to join the party?" Rainbow asked.

"What?" Applejack asked, "Should I let you have all the fun?"

SC276: That would require there to *be* fun in the first place.

Boulder was getting ticked off, "Rock monsters, merge! Smash Applejack!"

Mononeko: The part of the rock monsters will be played by the Gorons who form that unused Twilight Princess boss.

ThatUnknownPony: Because this couldn't get more like Starfleet Ponies!

Nox: Oh god! The rock monsters have Contact Fusion!

The rock monsters came together and became one massive rock monster. Applejack turned to Rainbow, "You get Boulder. This guy's mine."

Rainbow nodded. Applejack held her hand and formed a Chaos Morpher of her own, but the crystal color was merigold-orange.

SC276: Magical girl transformation trinket, *Power Ranger* transformation trinket, same difference really.

"Bring it on, big guy."

SC276: [Sandy Cheeks] "Bring it on, big rock!"

Boulder appeared in front of Rainbow, "I'm gonna enjoy this."

SC276: We're not.

Boulder held out his arms and formed a sword made of pure rock.

Mononeko: That... can't be conventional...

ThatUnknownPony: Nor practical.

SC276: Should've mined for iron.

Rainbow slowly got herself in a fighting stance and held a shuriken in both of her hands, "Funny, I was just about to say the same thing."

Another pair of rock monsters surrounded Strike and Specter.

"Ready, Strike?" Specter asked.

"Like you even have to ask," Strike answered.

ThatUnknownPony: Oh right, forgot about those Marty Stus because THEY DECIDED TO DO NOTHING!!!

The rock giant raised its fists in the air and swung them down at Applejack, but Applejack did a cartwheel to dodge it. She then grabbed her blade and threw it at the rock giant. The blade hit it in the right shoulder.

ThatUnknownPony: And then it bounced off because it was made of rock.

SC276: I think the author vastly overestimates the size of Canterlot High's stage.

Topher: Yeah, I remember my high school stage was pretty big, but we didn't have room for all THIS shit.

The rock giant yelled loudly. Applejack then jumped onto the rock giant's shoulder, pulled the blade out and swung down the side of the rock giant's chest. The rock giant yelled as it tried to grab Applejack, but Applejack jumped off doing a backflip and landing on her feet.

Mononeko: Oh, come on! I can see the strings!

ThatUnknownPony: Talk about cheap Special Effects.

SC276: These people midair-somersault more than Samus with Space Jump.

Boulder kept attacking Rainbow with his rock sword, but Rainbow kept blocking with her shurikens.

Mononeko: Those are some pretty big shuriken, then.

SC276: The part of Rainbow Dash will be played by Ash-Greninja.

Rainbow then spun around and kicked Boulder in the stomach, making him cough and step back. Boulder then formed and threw rocks at Rainbow, but Rainbow took out her Morpher and blasted the rocks destroying them.

ThatUnknownPony: *sleeping out of boredom*

SC276: [Rainbow] "You know, you're a fucking lousy arch-nemesis."

Rock monsters attacked Strike and Specter. Three of them popped out in front of Strike, but Strike took them out with an electric round house kick. Two more appeared right behind him, but Strike clenched his fists as a blue electric energy shield surrounded him and made the rock monsters bounce back. Strike then instantly turned around and shot lightning at the monsters destroying them.

ThatUnknownPony: *deadpanned* Woo, they did a thing.

SC276: Wake me up when September ends. Or this battle does, whichever comes first.

Specter turned into a red mist and disappeared and reappeared behind one of the rock monsters.
"SURPRISE!"

Mononeko: "Hi! I'm Specter, and I threw this party just for you!"

ThatUnknownPony: "MOTHERFUCKER!"

The rock monster turned around and Specter instantly smashed its head to pieces. The headless rock monster collapsed and fell to pieces.

SC276: Whoop. (weakly tosses confetti)

Another rock monster appeared right behind Specter and tried to punch him, but Specter turned around and gave the rock monster a strong uppercut.

"Nice try, pal," Specter said.

But Specter was distracted as another rock monster was sneaking up right behind him and tried to hit him with a rock hammer, until a blue electric fireball blasted it.

BittplexMutt: *Fireball playing in the background*

Mononeko: Son of a...*turns a radio off* Who left that thing on?

Specter turned around startled and saw that Strike saved him.
Don't get cocky," Strike said.

Mononeko: Thanks, Han Solo.

ThatUnknownPony: Strike shot first!

"Uh, sorry," Specter said.

SC276: No you're not.

While Boulder and the rock monsters were distracted, Shadow closed his eyes and focused on the Chaos Emerald he had,

SC276: [Shadow] "OK, time for me to do shit."

"Chaos Control!"

Shadow teleported out of his captivity. He then quickly went to Tails to help him out. As soon as Tails was free, Shadow asked, "Tails, do you have some of Mario's Super or 1-Up Mushrooms?"

Mononeko: WHAT!? WHAT!? MARIO!? WHAT!?

ThatUnknownPony: Oh right, forgot that they brought that shit with them.

SC276: I vaguely remember that now. The main takeaway I got from the sampler was that fucking gym scene, which now seems like a prelude to bigger and even worse things.

"Good thinking," Tails said.

Tails took out his arm cannon and used it to spawn one of the 1-Up. "Sonic, here. Take this." Tails tossed the Mushroom to Sonic. Sonic was able to catch it. He put it against his chest as it disappeared. He glowed bright green for a second as the 1-Up sign was above him for a moment.

Mononeko: No! NononononononoNO!

ThatUnknownPony: *grabs a gun to his head and fires... only for a flag with "Bang" written on to come out* ...of course.

SC276: Eh, Life Shrooms have more swag.

Topher: Do you want to borrow one of my real guns, Unknown?

Then he was able to neck kip back up onto his feet.

SC276: He did *what* with his neck?

Boulder kicked Rainbow back. He chuckled, "Oh, I could do this all day."

ThatUnknownPony: It sure feels like it's been a whole day.

Boulder held out his hands and began to form a large rock when, "Hey, Boulder!" Boulder looked and then he was hit right in the jaw by Sonic's fist. As Boulder stood back up, he growled, "GRR! You stay out of this!"

ThatUnknownPony: That's what we've been trying, without success.

SC276: And then the rock fell on him.

Topher: No matter how hard you wish for it to change, your life will still be a neverending whirlwind of torment, SC.

SC276: *Shhhhhh*, no spoilers.

Boulder fired a blast of rocks at Sonic, but Sonic dodged the attack. He then quickly got into his spin dash and hit Boulder in the stomach, knocking him back.

SC276: Action! Confusion! Jump cuts! *ding*

The rock giant was getting annoyed with Applejack. It charged at her and tried to body slam her, but Applejack did a back summersault dodging it.

Mononeko: Followed by a wintersault.

ThatUnknownPony: And then performed a frontal springsault.

Nox: She then finished it off with an autumnsault.

SC276: Those that don't like the last level of *Banjo-Kazooie* have Click Clock Wood salt.

The rock giant roared at her in anger.

SC276: As opposed to in happiness.

Mononeko: [Giant] "I HATE SOMERSAULTS!"

ThatUnknownPony: [Giant] "NOT FAIR! YOU'RE USING CHEATS!"

"Don't worry," Applejack said, "I'm not finished yet."

SC276: Actually, that's exactly what we're worried about.

Applejack put her Morpher away and grabbed her crystal whip.

Nox: "That she stole from another cartoon."

SC276: You leave *Steven Universe* out of this!

The rock giant began to charge at her when Applejack waved her rope and yelled with the sound of an echo as she glowed orange, "HA!"

Applejack swung her whip at the rock giant and it tied itself around its neck. Applejack held onto her whip tight as she swung it pulling the rock giant over her and swinging it onto the ground.

SC276: Taking out every wall and bringing down the ceiling.

She repeated that a few times, then she ran right at it, jumped over it, took out her blade and Morpher, threw the blade the rock giant, pointed it at the rock giant, and yelled, "Honestly Blast!"

Mononeko: That is literally the worst name I've ever heard for an attack. And I've slogged through Mykan's stuff.

ThatUnknwPony: *Sinks face in his hands and groans* ...Mykan writes better stuff than this.

SC276: Honestly, Blast this fic.

Topher: [Honesty Blast] "NONE OF YOU WILL EVER MAKE IT IN THE MUSIC BUSINESS!"

Applejack's Morpher shot a massive laser at the rock giant and it was destroyed.

SC276: WEAK.

Applejack landed back on her feet, "Thought that had warm me up."

Knuckles saw how Applejack defeated the giant. He was truly impressed, "*Whoa, the way she stopped that thing, it was amazing. I guess she really is stronger than she looks.*"

Mononeko: Or she's just buffed by a magical emerald.

ThatUnknownPony: Or the Author simply gave her Mary Sue Powers all of a sudden.

Boulder had enough of this, "Now I've had it!"

ThatUnknownPony: Just now?

SC276: We've been done with this shit longer than the week we have to riff it!

Boulder shouted in anger as he held his hands out and three large rock hands appeared. They each grabbed Sonic, Strike, and Specter. The grips in each of the hands were so strong, Sonic, Strike, and Specter couldn't get out.

ThatUnknownPony: Even the Moron writes the villains better.

SC276: Sonic Strike and Specter Sonic Strike and Specter, Sonic Strike and Specter. Sonic Strike and Specter? Sonic Strike and Specter!

Boulder chuckled as he turned to Rainbow and Applejack, "The only way for you to save your friends now is to stop me."

SC276: Yeah, sure, give them *more of a reason* to target you. When you've been losing this entire time.

Boulder's eyes suddenly glowed bright yellow as his hands glowed the same. Multiple floating rocks appeared.

Mononeko: Oh no. He's... doing what he usually does... the horror.

ThatUnknownPony: Be careful, he's doing... that. How fearsome.

Rainbow and Applejack turned their heads to each other and nodded. They jumped into action. Boulder threw the rocks at the girls, but they destroyed them with their weapons. Applejack used her Chaos whip to grab one of the rocks and throw it back at Boulder. Boulder was hit right in the face. Rainbow suddenly landed right in front of him and did a backflip kicking him and launching him in the air.

ThatUnknownPony: Well, that was easy.

Boulder landed on his feet. He took out his rock sword but it was suddenly cut in half by one of Rainbow's shurikens. Applejack took out her whip again and caught Boulder's arm. He raised and wrapped her leg around the whip.

SC276: He did *what* with her leg?

She then forced her leg back pulling her whip and Boulder towards her.

BittplexMutt: Somehow.

ThatUnknownPony: Because apparently she can do that.

As Boulder was flying straight at her, Applejack gave him an elbow to the face.

BittplexMutt: Critical hit!

Mononeko: I'm half-expecting Adam West Batman onomatopoeias to appear.

ThatUnknownPony: But then it could actually be more profound than this.

SC276: That honestly seems not all that effective. I hope her super-armor includes elbow pads.

Boulder was knocked back in the air again. Applejack threw her blade at Boulder and it hit him in his shoulder.

BittplexMutt: [Boulder] "Agh, that was my good shoulder!"

ThatUnknownPony: [Boulder] "If I wasn't made of stone, I could say that'd hurt in the morning."

SC276: Talk about a sword in the stone...

Right when Boulder landed, he yelled in pain from both the impact and the blade in him.

BittplexMutt: And thus, his arm became utterly useless.

ThatUnknownPony: Not like he was useful in the first place.

He pulled out the blade and threw it back hard at Applejack, but Applejack was able to catch it.

BittplexMutt: Without cutting herself.

Mononeko: Sue powers. Don't ask.

ThatUnknownPony: It hurts to see Applejack reduced to a simple Sue.

Boulder was getting angrier as his eyes glowed brighter.

SC276: When will he fucking explode already?!

He created a rock axe and threw it at Applejack really hard. Applejack blocked the axe with her blade, but she was knocked back into the wall.

BittplexMutt: Somehow.

ThatUnknownPony: They have to nerf those Sues somehow.

Boulder charged at Rainbow. He took out another rock sword and tried to attack her, but Rainbow gave it a strong kick breaking it.

SC276: Should've mined for iron.

She then swung her fist really hard at Boulder's jaw giving him a really, REALLY strong uppercut. Boulder felt his jaw cracking a little.

ThatUnknownPony: Juuuust a little, not like his jaw's on the floor or anything.

Topher: The ultimate technique! Hitting them really, REALLY hard!

Boulder held his jaw and yelled and moaned in utter pain. He stepped back a little. He couldn't believe a girl was beating him, *"This can't be possible! She's just a girl! How can she be so strong!?"*

Mononeko: Again, magical emerald. Take a hint.

SC276: I don't think you've watched MLP at all.

That's it!"

Boulder began to charge furiously at Rainbow in utter rage, "NOW I'LL KILL YOU! THEN YOUR BOYFRIEND IS NEXT!"

ThatUnknownPony: [Boulder] "I'LL KILL YOU! I'LL KILL YOU TO DEATH!"

Rainbow took a shuriken in both of her hands, "Now it's my turn."

SC276: When *hasn't* it been your turn?

Rainbow crossed her arms in front of her. Boulder was getting closer to her. She suddenly threw her arms out with a quick and loud battle yell as she glowed bright blue, "HA!" She threw the shurikens at Boulder and they hit him in his shoulders. Boulder yelled in pain as he stepped back a few steps.

**SC276: This guy is a fucking wimp. With a gigantic health bar.
Topher: WHY WON'T YOU DIE!?**

Rainbow used her crystal wings and flew right towards Boulder. She grabbed his right shoulder, and flew up through the ceiling taking him with her.

**SC276: [Principal Celestia] "Luna, I forgot, does watching the Battle of the Bands have an entrance fee?"
[Vice-Principal Luna] "No, it doesn't. I'll organize a bake sale."**

"What the? Where did she go?" Sonic asked.

SC276: *Really? Did you not see your girlfriend go through the ceiling?!*

Really high in the air, Rainbow flew up with Boulder who was yelling, "AHH! PLEASE PUT ME DOWN! I'M SCARED OF HEIGHTS!"

Mononeko: Eh, I can believe Boulder having a fear of heights, considering he's normally so down to *earth!*

ThatUnknownPony: If he falls, Boulder's totally gonna hit *Rock Bottom!*

SC276: I would like to point out that it's X's fault this is happening for just blocking off the audience and not everyone but Sonic from Boulder. And yet he will be confused by the entire thing.

Rainbow let go of Boulder's shoulder, punched him with both of her fists, and then elbowed him really hard in his back. He screamed in utter pain as he began to fall down. Rainbow suddenly grabbed Boulder's leg, and then began to spin around super fast, and then swung Boulder downwards. She quickly took out her Morpher, aimed down at Boulder and yelled, "Loyalty Blast!"

Mononeko: Yeeaaaah...using the names of their elements for their finishing moves...not a good idea...

ThatUnknownPony: I think that was made clear by the first chapter of "Magic Is Believing".

Rainbow's Morpher shot a massive blue laser at Boulder and it hit him in his back.

BittplexMutt: Again, critically injuring him.

ThatUnknownPony: But that's okay, they're the good guys!

He screamed in pain as he fell faster to the ground.

SC276: DBZ called, they want their Meteor Smashes back because you're obviously not using them right.

Boulder then appeared back in the gym landing really hard on the floor.

BittplexMutt: And now he's critically injured.

ThatUnknownPony: Our heroes, everybody! :D

SC276: He didn't fall back in through the roof, he just teleported there.

He took a strong impact when he landed. Then Rainbow appeared floating in the air in front of him as she said, "Thank Celestia I'm merciful."

BittplexMutt: [Student] "Um.. he's not moving. I think you killed him."

Mononeko: [Principal Celestia] "Why should he thank me?"

The rock arms disappeared and crumbled and Sonic, Strike, and Specter were free. The red energy shield that was keeping the students stuck at the back disappeared.

ThatUnknownPony: Because these bad guys operate in RPG rules.

Boulder growled as he struggled to get up, "Well, for a girl like you and Applejack, I really have to admit, I am truly impressed. You two may actually seem to be a real challenge."

Rainbow just looked at Boulder as she said, "That is why you should never mess... with the Chaos Rangers."

Mononeko: Are you...are you fucking kidding me right now *ARE YOU*

FUCKING KIDDING ME RIGHT NOW!

ThatUnknownPony:*starts shaking in livid rage* I-Is that how it is, right? Heh heh... So you're not even being subtle like the Moron... No, you just had to be blatant what you're ripping off... Heh heh... Hahah...

AHAHAHAHAHAHAHAHAHAHAH! *FUCK YOU!!!* *grabs all

the remaining bottles of Spiky Blue, lights them on fire and throws them at the fanfic*

SC276: OK, *now* my head actually hurts. (facepalms)

Topher: *bursts into flames as music begins to play from an unknown source*

THAT FUCKING DOES IT! THIS IS EASILY. HANDS FUCKING DOWN. THE WORST GODDAMN PIECE OF SHIT I'VE EVER HAD THE DISPLEASURE OF READING! EVERY PAGE. IT JUST GETS DUMBER AND DUMBER! IT'S INANE. IT'S INSUFFERABLE! IT'S OBNOXIOUS. IT'S PRETENTIOUS! HALF ITS PLOT WAS STOLEN FROM RAINBOW ROCKS AND THE OTHER HALF STOLEN FROM A BACKWATER CARNIVAL PORTA-JOHN! THROW IN A FEW ABSOLUTELY

RIDICULOUS CROSSOVERS AND NONSENSICAL PLOT POINTS. BASED ON AN OBSCURE FAN WORK NOBODY GIVES TWO SHITS ABOUT. AND HEY PRESTO! I'VE HAD ENOUGH! THIS FUCKING ENDS NOW! *nuclear explosion*

Boulder scoffed and was about to make a move

SC276: *Why are you still conscious?!*

when Applejack's Morpher blasted him in the stomach. Applejack walked over to Rainbow and held her Morpher aiming at him. Boulder groaned as he was about to form another rock when he felt a strong hand grab his arm. He turned and saw Strike with cerulean blue electricity in his eyes, "Sorry, playtime's over, rock-head."

ThatUnknownPony: [Boulder] "Seriously, stop with the puns, they're awful!"

Strike then thrust his hand at Boulder's neck and electrocuted him. "AAAAAHHHHHH!" Boulder yelled.

ThatUnknownPony: Okay, now he's dead.

Strike then pulled his hand away, and Boulder fell onto the floor unconscious. Strike then picked up Boulder as he and Specter looked at the Mobians and the Rainbooms.

"Who are you two?" Sonic asked.

"Now's not the right time to explain,"

Mononeko: OH FUCK NO YOU EXPLAIN RIGHT NOW WHO THE HELL YOU ARE!

ThatUnknownPony: YOU HAVE NO RIGHT TO SAY THAT WHEN WE KNOW JACKSHIT FROM YOU!!!

SC276: WE LITERALLY JUST HAD A GIANT FIGHT SCENE ON A TINY STAGE, WE HAVE ALL THE TIME IN THE FUCKING WORLD!

Strike said, "Not yet. But don't worry, we're on your side, Sonic."

Mononeko: "In case you didn't realize after we saved you."

ThatUnknownPony: "We have to point out the obvious for those not paying attention."

SC276: "Which to be honest is most of the audience."

Strike then instantly ran off using his super speed leaving his energy blur following him as he took Boulder. Specter saluted quickly as he was surrounded by bright red aura and he disappeared.

SC276: Not only do they suck at getting into fights at the right time, they suck at saying good-bye.

Sonic ran over to Rainbow, "Rainbow, are you okay?"

ThatUnknownPony: [Rainbow] "I don't know, maybe the fact I'm a Power Ranger now should tell you if I'm okay."

It took a few seconds, until Rainbow was then back on the ground. Her and Applejack's crystal armor and suits disappeared and they were in their normal forms again. And the Chaos Emeralds appeared right beside their feet on the floor.

ThatUnknownPony: Cause the Emeralds are now Morphers somehow.

SC276: Even the video game consoles used in the latest *Kamen Rider* series make more sense as transformation trinkets.

"Yeah, I'm all right," Rainbow said, "Sonic, I'm so sorry. I lost control over myself. The Emerald. It... I-." Rainbow's sentence was then cut off as Sonic gave her a strong passionate kiss on her lips. Tears formed in her eyes as she embraced her boyfriend and returned the kiss.

Mononeko: I want to be enraged by this, but... I can't be mad anymore when there's so much other shit in this fic.

ThatUnknownPony: Everything about this fanfic enrages me.

SC276: Does anyone else actually *taste* cliché?

Topher: Rainbow can certainly taste it.

That was when Boulder's rock wall had turned into dust and disappeared

SC276: [Knuckles] "It took until now to remember I can punch stuff!"

and the other Mobians were free. When Sonic and Rainbow broke their kiss, Sonic looked at Celestia and Luna as he asked, "Principle Celestia, please, give the Rainbooms another chance to try and compete."

Mononeko: [Celestia] "No."

THE END!

"Don't worry, Sonic," Celestia said, "They were able to finish their song; they will go to the second round."

Mononeko: Because that's how competitions work.

ThatUnknownPony: To be honest, could you be ungrateful to those who saved you?

SC276: *What* saving? They were separated from the fight by X's giant force field, remember? He *explicitly said* they were not in danger. All the heroes did was bust up the walls, tear up the stage, and put a hole in the roof!

Topher: Seriously, It's basic superhero protocol, always take the fight out of the city!

"Thank you," Sonic said, "And let's hope we don't get anymore trouble."

SC276: *There's three more parts after this, take a wild fucking guess.*

Back on the stage, the other Rainbooms and the Mobians were a little covered in dust. Rarity's outfit was covered in a lot of dust, yet it also had a bit of rips. She whined, "That rock-loving jerk had ruined my outfit! It's ruined! ABSOLUTELY RUINED!"

Mononeko: Author...stop being Mykan. It's creepy.

ThatUnknownPony: Mono... I think the author has surpassed Mykan a long while ago.

"That probably wouldn't have happened if you weren't wearing that thing," Applejack said.

SC276: Meanwhile, Adagio's shouting at Sonata about how she kept eating popcorn even after she was full.

Rarity was about to freak out, when she felt a hand touch her shoulder.

BittplexMutt: [Rarity] "Shadow, quit touching me."

ThatUnknownPony: [Shadow] "Touch."

SC276: [Sunset] "Don't touch!"

She turned and saw Silver. "Rarity, it's okay. In my eyes, it was an amazing outfit you made."

BittplexMutt: [Silver] "It really captured the idea of fashion disaster."

ThatUnknownPony: [Silver] "It kinda reminded me of my future."

SC276: [Silver] "Just needs a little more fire and lava monsters."

Rarity was a little wide-eyed and she blushed a little as she asked, "Really?"

BittplexMutt: [Silver] "Nope."

ThatUnknownPony: [Silver] "At least I made you feel better, right?"

"Not a single bit of a lie," Silver answered as he then hugged Rarity.

BittplexMutt: *prepares lie detector* You sure, mate?

ThatUnknownPony: [Silver] *Crossing fingers behind his back*

Rarity's blush increased, but she smiled and returned the embrace, "Thank you, Silvy darling."

BittplexMutt: So.. Silver turned into some guy who hosts a show on ESPN Radio?

SC276: SilvyGunner, the new name in screwing up perfectly good video game music with memes.

Ringmaster: You say "screw up", I say improve tenfold.

Crazy56U: Shut your face, SC.

ThatUnknownPony: Even I admit he has some legit high quality rips.

Rainbow said to Sonic, "Sonic, you should head to the medical room."

BittplexMutt: [Rainbow] "You look like shit."

ThatUnknownPony: [Rainbow] "I mean, more than before"

Topher: [Rainbow] "Don't forget to scoop your innards into a bucket before you go so they can stick 'em back in."

Sonic nodded as he picked up the cyan and green Chaos Emeralds, "Good idea."

BittplexMutt: And then he passed out due to his injuries.

Mononeko: False. He died.

Meanwhile, Darkness and the Sirens were disappointed in Boulder's failure. "Somehow, I knew he'd fail," Aria said with her arms crossed.

BittplexMutt: [Aria] "I should know, I read ahead."

Mononeko: "He looked like a useless minion anyway."

ThatUnknownPony: [Aria] "He was a bad OC, of course he was going to lose."

SC276: [Aria] "Of course we can't expect someone whose name is 'Darkness' to understand the subtlety of our initial plan."

"He was able to give Sonic some damage," Darkness said,

SC276: He would've won if the others hadn't intervened. Which they did because you fucked up.

"We won't be so tough next time.

SC276: [Sonata] "You only intend to get weaker?"

Topher: I can only assume that that's a typo, but how do you fail so badly at editing that you overlook an error that COMPLETELY CHANGES THE MEANING OF A SENTENCE TO ITS EXACT OPPOSITE!

Don't worry, I have more powerful servants."

Mononeko: Oh, jolly. More fight scenes.

ThatUnknownPony: Give props to Mykan, he saved the fighting for the last act.

"Not only that," Sonata said, "Now two of the girls have powers. We can't absorb powers. Only magic." "Quiet," Adagio growled, "Your whining is getting on my nerves."

BittplexMutt: [Sonata] "I wasn't really whining, I was just pointing out the facts."

SC276: [Sonata] "I'm not whining, I'm complaining. THIS IS WHINING!"

BittplexMutt: And yeah, that's pretty much the end of this part of the story. So far it's.... Something. There is so much over-description it feels like the author is just naming out labels on Crayola crayons. Darkness comes out of nowhere and pretty much takes over while the Dazzlings are on the sidelines. His past interactions with the heroes were from a completely different universe, a fan-comic, which I have never heard about until Ringmaster had to explain what it was. Strike, Specter and Boulder come out of nowhere and make the story twice as confusing. The last few parts are a drawn-out fight scene. And things are only going to get worse from here.
Mononeko: This part sucked, the entire story sucks and the author needs to rethink his life choices. That's all.

ThatUnknownPony: *sigh* Where do I begin with this thing? I could go on a complete rant about how much it sucks, how it makes Mykan good in comparison, how forced the whole crossover feels, and how utterly ridiculous the whole setup

is... But, I think I'll save it until the story is over, just to let out all my anger in one whole swoop. Now, if you excuse me I heard a knocking on my door, let me check....
Oh hey! My copy of *Pokemon Sun* finally arrived! See ya guys later!

SC276: Well didn't I just call this from the fucking beginning. What we did was riff "Starpops" again, only more condensed and even more terrible. It's like this guy read Mykan and went "This guy's too subtle. I can do *much* worse!" Bunch of OCs from another dimension that form romantic relationships with the characters, even if those OCs are wearing the skin of canons; pasting those OCs into a plot of a movie without them actually affecting the course of the movie they're in because quantum physics are a sham; ignoring that the girls are magical on their own now and demanding they need other power sources; the villains are demons of some sort that were sealed in the human universe underground; and having giant fights with guys in rubber suits even though that's the exact opposite sort of conflict that *Rainbow Rocks* has. At least Mykan's too self-absorbed with his own universe to openly state he's ripping off *Power Rangers*. This, meanwhile, stole not only SEGA's universe, but a fancomic series he didn't even make! Literally the only way this guy doesn't top the Moron is that he's not outright stealing scenes left and right. Actually, I take it back; what we're riffing is not "Starpops" again, but a "Starpops" AU fic where Lightning didn't go back to his world at the end, because there's still *three parts to go*. I managed to avoid igniting my full fury this time because I've already been mad at Mykan and I hate repeating myself, but now we're getting into territory even *he* didn't touch. As if I have to tell you this, *this is going to SUCK*. Don't say I didn't warn you.

Topher: Wait! Before we go off to do whatever it is we do when we're not riffing, I've got something for everyone! *reaches through a hatch in the floor, pulls out a roast turkey* I know it's a couple days late, but what the hell. I know you guys are usually my punching/shooting/stabbing/poisoning bags, but I still kinda like to think that we're friends here, so I just wanted to wish you all a happy thanksgiving, and same goes to all you readers out there, too! *Reaches into the hatch, procuring stuffing, mashed potatoes, gravy, bread rolls, cranberry sauce, and a completely set table and chairs* Now, *pulls out a chainsaw* hands up, who wants dark meat?
...Guys? Where'd everybody go?
