This is a cool genetic piece! She is sired by the "Kad-B" Ram 2016 champion fine Ram a Louisville that Anderson's bought after show and Bob got when they were done with! He excelled in bone/ structure for having such a fine fleece! We wanted to offer a ewe or two that were bred for Jan lambs on this sale so we dug in and her she is. Bred to "Twisted Trickers" the 2023 champion ram NAILE. Preg checked - TW | 75 days | 10/11/25

PENC 15-10

We actually purchased this ewe at the North Star sale! She killed it for us at PENC! We have retained 2 daughters and now are giving you a chance at her. Her first lambing as a yearling ewe she had "Lady May" the supreme ewe at mn state fair 22' and "Kelly" the champion ewe at the May Sale 21'! She is bred to "Benchmark" champion buck Ohio State Fair in 24'! She was 40 days with twins 10/11/25 when we preg checked!

SUB Lot 86-- FRA 8425 Fall ewe lamb-OPEN

An Open Fall Ewe lamb will replace the original lot 86. It was a toss up between this ewe and another to sell at the Premier Ewe Sale in Louisville at NAILE. We opted to go for the other ewe and bring this ewe to Pipestone! She is no slouch and is one of my favorites in the fall ewe lamb group. She is the result of a bred ewe purchase from Block Katahdins in Illinois and is packed with POY genetics! She will sell open and ready to breed to the ram of your choice!
