The object I measure is _____.

Non-Standard Unit	My Estimate (I think it is...)	Measurement (It is __ cubes long.)
unifix cubes 		
Paper clips 		

Now find your own units to measure. 還可以用甚麼來測量呢?

Non-Standard Unit	My Estimate (I think it is...)	Measurement (It is __ () long.)

想想看，為什麼用不一樣的工具，量起來的結果會不一樣呢？

Why the measurements were different with each unit?
