**A plea for consideration...**

Many of you have our top managers cell phone numbers. We want to be approachable and timely with our communications with you. We pride ourselves on our connections with the residents and offering great customer service. We are not stingy with giving our numbers to you for accessibility. Likewise, I would ask for your consideration. Does the issue warrant calling during non-office hours? On the weekend? At night? In case of emergencies... fire, flood or blood...we always want to be called. Other questions or concerns, maybe send a text or wait to call during normal office hours out of consideration for home lives. And remember, the security office is staffed 24/7/365...they are ALWAYS there to take your call and escalate if appropriate. Thank you for understanding!
