Macon County High School
2550 Days Road
Lafayette, Tennessee 37083

February 10, 2025

Dear Parents/Guardians of current 9-11 graders:

Macon County High School is beginning the Course Selection Process for the 2025-26 school year. Students will be selecting classes during home room beginning this week and entering their course requests into *Skyward Student Access*. As a result, *Skyward Parent Access* may be locked during the course selection process and will be unlocked once all current grades 9-11 have entered their course requests. This process should be completed by March 14.

You will be able to review/change/approve your child's course selections at MCHS on the following evenings from 5:00-7:00pm in the cafeteria: March 18 and March 19. If you are unable to attend your child's *Course Selection Night*, parents will be able to view their child's course requests in *Skyward* from March 18-March 28 and will be directed to a *Google Form* link to confirm you have reviewed the course requests for the 2025-26 school year. Note: Course requests for students with IEP's are determined at their team meetings.

Prior to reviewing your child's **2025-26 Course Requests**, we strongly suggest that you visit the **Tennessee Department of Education's** website at www.tn.gov/education for more information regarding graduation requirements, **College and Career-Technical Education**, and **Early Post-Secondary Opportunities**. We will also have our *PowerPoint* presentation and other informational advising materials available on our *Counseling Center* page on the school website at www.maconcountyhs.com and *EPSO and CTE* information and board policies at www.maconcountyschools.com. The information provided on these websites provide valuable guidance in helping to determine your child's four-year plan of study and post-secondary plans.

Students also have access to the above information in their *Class of ____ Google Classroom-2025 COURSE SELECTION* folder. To stay up-to-date, we suggest that you work with your child to access their grade-level *Google Classroom* through their school email. If you have any questions regarding the provided information or the Course Selection Process, please email your child's school counselor--Ashley Crowder (grades 9-10) and Malinda Owens (grades 11-12). **The last day to make changes to your child's course requests for next year will be March 28.** No course request changes (or schedule changes next year) will be allowed after this date due to the building of our master schedule.

Respectfully,
MCHS Administration and Counseling Center Staff
