

INTRIGUED (As if inspecting a mobile phone):

My, my, sonny! These newfangled devices are spectacular!

SELF-ASSURED, SLIGHTLY ARROGANT:

Darling, my voice was made for the radio!

DISMISSIVE:

You're wasting your time listening to those "podcasts". You should put on... oh, you know, a fireside chat. Or something like that!

CONFIDENT:

The only thing we have to fear is fear itself!

CASUAL, PLAYFUL:

Tell me what you think of Mr. Hoover over there. Doesn't he look so... what do you kids call it... chopped? You know they called me the Hoover Remover back in '32 right?
