

EXAMPLE

Project Proposal

OUTLINE YOUR PROJECT: From your Brainstorming a Topic sheet from the last lesson, choose one topic that you would like to focus on for your project.

What is your topic? Crocheting

What is your learning goal?

What skills or knowledge will you learn by completion of the project?

I would like to learn how to crochet.

What is your product?

*What will you produce by the end of the project?
(video, journal, art piece, event, etc.) Check out the list of possible products on the next page for more ideas!*

I will produce 20 crochet headbands that I will donate to a Wider Circle, a social services non-profit.

EVALUATE YOUR PROJECT PROPOSAL: Evaluate your project proposal by responding with “yes” or “no” for each question below.

Yes/No	Checklist
YES	Is your project something you enjoy and are passionate about?
YES	Will your project challenge you?
YES	Can you complete your project in the next 3-4 months?
YES	Can you get the materials needed to complete the project?
YES	Is your goal measurable? Can you determine if you were successful at the end of the project?
YES	Is your project school appropriate and safe?

YOUR WHY & HOW: Share your reasoning behind your topic choice and begin to consider how you may measure your success below in 1-2 sentences.

1. **YOUR WHY:** Why did you choose that idea for your project? In other words, what personal connection do you have with your idea?

 I choose to learn how to crochet, because my grandmother lives in Mexico and crochets all of the time. I really miss her as I am not able to visit as often as I would like, so I think learning how to crochet will help me stay close to her and learn a hobby that she really enjoys.

2. **THE HOW:** How will you know that your Project has been successful? Think about how you might measure your success in meeting your goal.

 I think I will be successful if I create 20 headbands. I would also like the headbands to be pretty, so I think my stitch size and headband fit will also be important measures of success. I am not sure about other ways to measure my success as I do not know much about crocheting at this point.
