

PN Admission Sequence

If not currently enrolled at SVCC, submit an [application for admission](#) to the college, along with high school transcript or proof of GED and transcript of any previous college work.

- ☐ Meet with SVCC counselor in Student Services to review program and transcripts and determine placement.
- ☐ See [Registration Guide](#) for many tips on the process of getting started at SVCC!
- ☐ Register for and complete any required developmental courses (EDE 10 or MDE 10) as determined by SVCC counselor. Students may not apply to the nursing program until after these are completed, unless they place out of these courses.
- ☐ Register for [General Education classes that are part of the PN Program](#). Though not required for acceptance into the program, complete as many as possible prior to beginning clinical nursing courses.
- ☐ Study, register for, and take [ATI-TEAS 7 test](#) prior to application deadline for the year to which you are applying.
- ☐ Submit PN application after completion of developmental requirements, Information Session, and TEAS test. The PN Application is available online during each location's specific application window. See [Practical Nursing Webpage](#), click under "Info Session/Application/Links" in menu to right.
