

## **CVU Celebrations**

November 17, 2017

Hello All,

This week Lydia and I have chosen to do celebrations! We are very thankful for this community and hope everyone has a safe and wonderful break!

From Robin Fawcett:

While I'm not a constant, heavy, user of the Clerical Office, I use the service enough to feel beholden to the incredible time-saving efficiency it allows me and the high quality learning tools it provides my students.

Before I'm feeling "you don't know what you've got til it's gone" I wanted to send you this big shout out of my appreciation for Clerical and Alice!

I've explored going paperless with Charlie over the past two years, and have found there are valuable teaching steps going electronic does not allow. Similarly, when I teach at the Flynn, the absence of a copying service adds a hefty, awkward step to my job and underscores my sense of fortune for this invaluable support system at CVU.

Given this appreciation, I want to champion Alice, who mightily empowers our efficient effectiveness and with can-do kindness every day. I hope we can find her a much needed, capable, collaborator soon and have my feelers out in that direction!

## CVU Student Council:

This week was Attitude for Gratitude! You can see many of our members handing out polite slips on our Instagram account @cvustudents, we hope all of you partook. We also set up a photo booth and asked members of our community to say what they are grateful for. Below are their responses
