<https://www.printful.com/blog/ecommerce-holiday-marketing-calendar>

NOVEMBER:

29 (Friday) Black Friday

30 (Saturday) Small Business Saturday

DECEMBER:

2 (Monday) Cyber Monday

9 Green Monday - 10 shipping days to Christmas

14 Free Shipping Day -

21 Super (Panic) Sunday - great for gift cards

26 Boxing Day Sales - 1 January - great sales days for New Year, New You!

**TIP:** *The week leading up to New Year's is a goldmine for marketers. Why not create a "New Year, New You" campaign featuring products that can help your customers stick to their resolutions? From [fitness apparel](#) to planners and calendars, offer bundles that make achieving 2024 goals more attainable. Consider adding limited-edition New Year's prints or designs to your [Printful](#) products. Timely flash sales or a resolution-related contest could add some zest to your campaign.*

*For the first week of the new year, you could also build your marketing campaigns around New Year's resolutions, bucket lists, and 30-day challenges.*

## ACTION ITEMS:

### Min ASSETS YOU NEED:

Images - Sales Page + Blog + Social + Email newsletter + Email popup + Ads

**TIP:** *These need to be the same for each event but different sizes for each*

*Know #Hex color so can add it to the background of the promotion blocks on the website.*

### COLORS TO USE for holidays:

Colors do need to compliment your brand colors.

Holiday 2022 tells the story of **FEELING** of the glow from within.

Drawing from the *current* Boom customer as inspiration for future community growth, we'll use the end-of-year opportunity to *celebrate* the resilience and return to self-pleasure of our women.

The call is coming from inside the house!

What does this look like?  
It looks like contentment, satisfaction, fulfillment, ease of being, gratitude.

This year's campaign images will feel warm. This translates to trust, to accessibility, familiarity, and the desire to share with others.

Velvet #b22525	Heartbeat #e61c24	Flame #f5a334
Young Pine #a1c86c	Golden Lock #ffa52d	Pinkie #ff4774
		Amaro #621822

**Discount Code** for each promotion

Omnisend: <https://your.omnisend.com/LXJeqY>

**TIP:** *You can use Shopify but it is not as good as email software.*

**MEDIA ASSETS:**

**EMAIL:** Size: 600w x 250/600h (so they fit in the promotion images).

**POSTS/ADS:**

**Images with Text:** 1080 x 1080 (so they can be used for posts and ads). The images must be like posts, with different backgrounds and maybe one framed—whatever you feel is appropriate.

Early Black Friday/Black Friday - 2 to 3 with people and appropriate colors

Each sales email will have different images for the main marketing image:

- Pre-Sales & Welcome = for each holiday event
- Sales & Welcome = for each holiday event
- After Sales & Welcome = for each holiday event

Reuse images if it fits the theme and holiday and discount. Although images should be different so that the customer does not think they are seeing the same email.

***TIP: Ideas for images:***

*Arrow in image*

*A frame around some images*

*Text on image to Meta requirements (check their requirements)*

*Color Scheme for the whole season (including in images for people clothes, for instance)*

**Video:**

GRWM (get ready with me) or BTS (Behind the Scene)

30 - 120 Second Video  
10-15 second (FB Pre-roll)  
Insta story - Ad  
(5 - 15 second Gif/Image/vid)

**TIP:** Posts - Lots of Emojis + Capitalize big messages with non-caps in text.

**DNS fix:**

**Use email authentication techniques:**

Email authentication is important for establishing trust. Tools such as Sender Policy Framework (SPF), Domain-based Message Authentication, Reporting, and Conformance (DMARC), and DomainKeys Identified Mail (DKIM) help prevent email spoofing and phishing attacks, as well as unauthorized use of your domain.

**DISCOUNT:**

DISCOUNT EXAMPLES:

15% OFF Orders Under \$50 | 20% OFF Order Over \$50  
20% OFF Orders Under \$220 | 25% OFF Orders Over \$220 (IND)  
FREE SHIPPING OVER \$220+  
20% OFF Orders Under \$150 | 25% OFF Order Over \$150  
FREE SHIPPING OVER \$150+  
15% and Gift or FREE SHIPPING

**TIP:** Discounts depending on your product price & cost (you need to have enough profit margin)

# SETUP OF HOLIDAY SALES CAMPAIGNS

## Step 1. Set up your pages and collections

### **Create the Black Friday/Holiday collection page:**

2 x Banners (Black Friday & Holiday) on the collection pages with new discounts.

Create your Black Friday and Holiday products and add them to the appropriate collection.

**TIP:** *If you are offering a store-wide sale, create the promotion on your homepage but still create the promotion page with either Black Friday or Holiday collection with your sub collections on the page.*

Create a 'Discount Section' on the top of the page with the details of the discount offered.

Add the collections to the menu list.

## Step 2. Pre-Sale Email Campaign (before Black Friday)

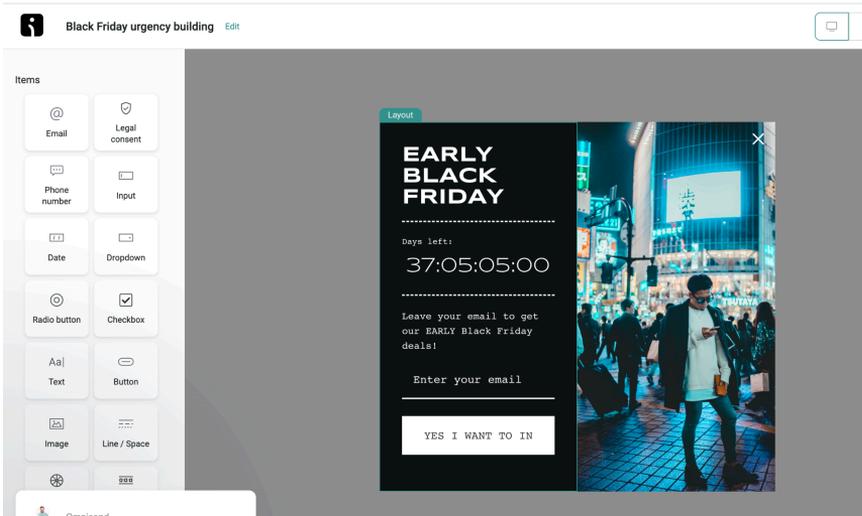

1. Create the popup and the form in Omnisend.
2. PAGE: Create the form page and add your embedded form and copy
3. Create an automated WELCOME email.

### **1. POPUP & EMBED FORM**

#### **POPUP:**

Change the image and color for your brand.

This template has a timer on it to remind people to sign up before the sales start.

The screenshot shows a form with a text input field containing the placeholder text "Enter your email" and an orange button labeled "YES I WANT IN". To the right of the form is a "Targeting" dropdown menu and a code block for embedding the form on a website. The code is: `<div id="omnisend-embedded-v2-63fd0cc2226d07b48dd57d1e"></div>`. Below the code is a "Copy" button and a note: "We automatically sync contacts who signup using your Shopify footer form."

### 3. CREATE LANDING/FORM PAGE:

First, create a Black Friday collection and automatically or manually add your products. Then, create a template in the 'CUSTOMIZE/THEME' editor and link the collection to the template in collections.

## Add the Omnisend code to an HTML section in Customize/Theme:

Add a banner, etc., to make your page interesting, and put icons and text at the bottom of the page.

#### **4. AUTOMATED WELCOME EMAIL - Early Black Friday**

<https://moosend.com/blog/black-friday-email-examples/>

Create an automated email for the promotion, and then add the content to your email design.

Add a blog and or more information about the company etc.

In each email, include how they can follow, like, and share, as well as links to social media.

Add a menu at the top and bottom of the email - check out the email template below.

Add a photo of you and family or dogs and a 'With Love' message if it suits your brand.

See some examples below:
