TEACHER'S ACTIVITIES	STUDENTS' ACTIVITIES	CONTENTS
Task 2: Read the article. Choose the words or phrases with the closest meaning to the highlighted words or phrases in the text. (6 mins)		
- Ask Ss to read the text. Ask them to locate the highlighted words/phrases in the text, e.g. 1. The word 'adopted' is found in the sentence: "He was adopted by Clara and Paul Jobs." - Ask students to study the context (including the sentence containing the word/phrase as well as neighbouring sentences) carefully, e.g. 1. The word 'adopted' is found among these sentences: His biological parents were not married and gave him up for adoption. He was adopted by Clara and Paul Jobs. - Encourage Ss to replace the word/phrase with each choice to see which one best replaces the word/phrase. E.g. 1. His biological parents were not married and gave him up for adoption. He was given birth to / taken by another family as their own child by Clara and Paul Jobs. The choice B. "taken by	- Students read the text and locate the highlighted words individually. - Students study the context and do the tasks as required.	Answer key: 1. B 2. B 3. A 4. A 5. A Strategy: Reading for vocabulary To read and understand the meanings of words/phrases in context, students should: 1. Locate the word or phrase in the text. 2. Study the context (including the sentence containing the word/phrase as well as neighbouring sentences) carefully.

<i>another family as their own child” best replaces the word ‘adopted’ because his biological parents gave him up.</i> - In weaker classes, check their understanding of the words by asking Ss to make sentences with them.		3. Try to replace the word/phrase with each choice to see which one best replaces the word/phrase.
Task 3: Read the article again. Match each section (A–C) with a heading (1–5). There are TWO extra headings. (7 mins)		
- Ask Ss to read the headings carefully. Make sure they understand them. - Ask Ss to skim through each section, and choose the heading that covers the ideas of the whole section. - Remind them that there are TWO extra headings. Remember that incorrect headings for a section are often “irrelevant” (i.e., not mentioned in the section), “incorrect” (i.e., not true according to the text), “too narrow” (i.e., only representing part of the section) or “too general” (i.e., not specific to that section only). - Check answers as a class. - Have Ss explain why certain headings are not needed, e.g. <i>Heading 3 only focuses on part of Section C so does not represent the main idea of the whole section. Similarly, Heading 4 is also incorrect since it only covers part of Section A.</i>	- Students read the headings first, then skim through each section. - Students choose the heading that covers the ideas of the whole section. - Students check answers with the whole class and give explanations for their choice.	Answer key: A-2 B-1 C-5 Strategy: Reading for main ideas (Headings) To read and understand the main ideas of a text and select the best headings for a section, students should: 1. Read the headings carefully. Make sure you understand them. 2. Skim through each section, and choose the heading that covers the ideas of the whole section. 3. Pay attention to the number of extra headings. Remember that incorrect headings for a section are often “irrelevant” (i.e., not mentioned in the section), “incorrect” (i.e., not true according to the text), “too narrow” (i.e., only representing part of the section) or “too general” (i.e., not specific to that section only).
Task 4: Read the article again. Complete the diagram with information from the text. Use one word for each gap. (7 mins)		
- Ask Ss to study the timeline to get the general ideas. Make sure they understand that each number/year on the timeline is a milestone in the life of Steve Jobs. In	- Students do as instructed to complete the diagram. - Students compare their answers with partners then check with the whole class.	Answer key: 1. adopted 2. Apple 3. company 4. products

weaker classes, give Ss an example, e.g. <i>In 1955, he was born in California ...</i> - Draw their attention to each gap. Encourage Ss to guess the type of information they need for each gap. E.g. <i>For Blank (1) we need a verb in passive voice. For Blank (2) it is an adjective.</i> - Check answers as a class. Extension: Play a game: Make some statements based on the text and have Ss decide whether they are True, False or Not Given by doing some actions. If the statement is True according to the text, they should raise their right hand. They should raise their left hand for a false statement, and stand up if it is Not given (No information is provided). E.g. <i>Steve Jobs was born in Oregon (False/left hand). His parents were rich (Not given/stand up). His friend was very good at computer engineering. (True/right hand)</i>		5. cancer
