

Purpose

The purpose of the UCRCD is to provide fiscal sponsorship, planning, and/or implementation within the areas of land and water management, community/economic development, and conservation of all natural resources.

Mission

To support the fiscal sponsorship of projects related to planning and implementation of land and water management, community/economic development and conservation of all natural resources within Spokane, Stevens, Pend Oreille, Lincoln, Ferry and Whitman counties in northeastern Washington.

Vision

To work with conservation leaders in the six county region supporting programs and projects to implement sustainable community development involving natural resources.

Value Statement:

We envision enhanced ecosystem resilience, human well-being, and thriving communities through prioritized planning and implementation of sponsored projects.
