Volunteer to Read to the Class

Even though I teach Science & Social Studies, reading is essential for all students at any age. The more they are read to, the more fluent readers they become. I have many books that have science or history themes, so I have plenty to provide if you would like to read to the class. Students love when their family members become a part of our classroom community!

If you are interested in reading to the class, please fill in your name and number and I will get in touch with you for a time and date! If you don't feel comfortable posting your info, you can message me via the remind app or email me. Information for both are provided at the top of this page.

Thank you for all that you do!
