Capital to Capital Day trip.

Explore the historic town of Kimberly, the city that sparkles!! Let us go back in time, to a city rich in history, where the colourful digging days of the past will come alive. Kimberly is an architectural gem, and it is difficult to believe that the city grew around a great big hole. Beginning as a shanty and frontier town, it resembled the towns of the American Wild West, which quickly bloomed to a city with majestic Victorian buildings. Discover the many attractions this capital city has to offer and see why "Diamonds are a girl's best friend"

Itinerary

08h00- Depart Bloemfontein after early breakfast and head via Petrusburg and Paardeberg, to the diamond Capital.

10h00- Discover the Big Hole, experience an underground mine and admire the real diamonds housed in a vault.

11h30- After the guided tour we will leave the Big Hole and visit the Mc Gregor Museum which houses major natural history and cultural history collections and is one of the leading museums in the Northern Cape.

13h00- Have a break for lunch at one of the various restaurants. **At own cost**

14h00- Take a short drive out to Wildebeest Kuil to view the fascinating rock art engravings created by the San. These engravings believed to be between one to two thousand years old, hints at a spirituality of the San people.
