- Consultancy	Language and communication consultant for various institutions and Balai Bahasa across Indonesia; frequently invited as guest lecturer, dissertation examiner, and research consultant.
How are personal research activities reflected in teaching activities?	My research activities are deeply intertwined with my teaching practice. Insights from my studies in pragmatics, sociolinguistics, and semantics are incorporated into classroom instruction to help students critically examine the relationship between language, culture, and society, and to understand how linguistic forms reflect social meanings and communicative intentions in Indonesian contexts.
