

Low ELO Legion's Tournament Portal

Low ELO Legion's Tournament Portal

This tutorial aims to help first-time users to sign-up to the portal and register to tournaments currently hosted in the website.

If you have any questions, check our [Discord](#) and ask for **Sokól**.

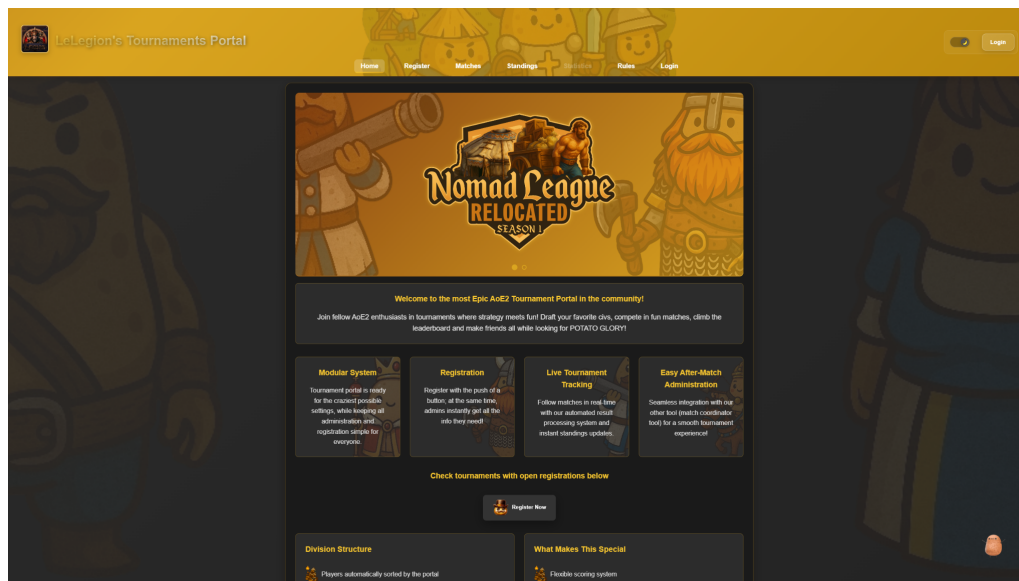

1. Overview

The website is designed for all **Tournament Organizers**, big and small, to host their tournaments however they see fit. Whether they intend on a quick tournament just for friends, a community event or even high-tier tournaments, the whole system is designed to afford **Organizers** with all possible tools to make the best possible tournament.

The Portal, however, isn't designed solely for those looking to create tournaments. Our main user base is composed of **Players**. For them, the portal gives an easy way to sign-up for multiple tournaments with the click of a button. No need to include your information all the time, like name, IGN and elo, or whatever else **Organizers** might require for a sign-up.

2. Sign-up Process

As soon as you enter the website, you will need to sign-up.

Look at the top right of the page and click on Login in either the navigation bar or the profile area.

It'll take you to the login page, where you can login when you have your credentials or click on the Sign Up button to create a new user for you:

A screenshot of the 'Tournament Portal Login' page. The page has a dark background with yellow text and borders. At the top, it says 'Tournament Portal Login' and 'Log in to access tournament management features'. Below this is a 'Continue with Google' button. A horizontal line with the word 'or' in the center separates this from the login fields. There are two input fields: 'Email or Username *' and 'Password *'. Below the password field is a 'Forgot your password?' link. A 'Login' button is centered below the fields. At the bottom, there is a link 'Don't have an account?' and a 'Sign Up' button, both highlighted with a red box.

Here you'll have two options:

- a) Use Google's OAuth, which is quick and painless;
- b) Create a new user not linked to your Google Account with a valid e-mail.

Both options have the same kind of access to the website, it's a matter of preference.

NOTE: We are working to add more Quick Access methods like Apple ID, Facebook, etc.

Everything that has an * (asterisk) is a required field. You must provide AoE2Insights Profile URL, as this is used to determine your ELO and for quick access to your Profile. If you have MORE than one, it's recommended you add it to the "additional profiles" field.

You **cannot** change your main AoE2Insights Profile; you can, however, add *additional* profiles later on your profile page.

You can hover your mouse over the (?) icons for more information on each field.

When you are done, you'll be automatically logged in.

If you forget your password, we can send you an e-mail for recovery and creation of a new one, however, no admin is capable of “reminding you” of your password.

You only need to **sign-up ONCE ever** in your life.
After this is done, you can register for as many tournaments available at the time and any tournaments in the future that are hosted in the portal.

3. Registering to a Tournament

After you are done with the sign-up process, you will be redirected to the Register page on the Portal:

Agree to the Rules

Here you'll be able to select which tournament you want to register for. You can register for however many tournaments you want.

Your profile information will be loaded automatically.

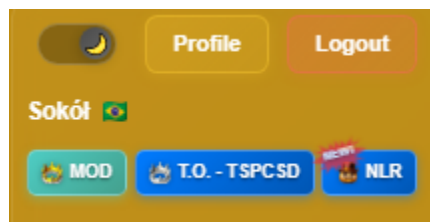

Some tournaments require additional information, as you can see in the image above: For **Nomad League: Relocated**, you

have to choose your Legion (if any) and to vote on a Map to be introduced to the map pool.

Then, read the rules (if you haven't yet) and check the checkbox in order to register. And you are done!

For **Low ELO Legion** tournaments, you will see your sign-up on the appropriate channel ([#sign-ups](#)) as soon as it is approved by an **Organizer**.

For all tournaments (**LeLegion** included), after your registration is approved, you'll see a new badge within your profile area with the initials of the tournament you registered for:

Here you can see:

- a badge for **Moderators**;
- a badge for **Organizer** of a tournament; and,
- a badge for a player in the **Nomad League: Relocated** with “new” attached to it.
