Spring 2025 SALT LAKE COUNTY & WEST Mortuaries using their most recent General Price List (GPL)		*Itemized Package Add homemade or locally-made casket (~\$300 to \$1K) OR Mortuaries' Package which requires you buy THEIR casket (~\$1500 & up) Plus final disposition Cemetery (~\$3K & up) or Cremation (~\$1K)	Direct Cremation Package Includes cardboard casket box for ashes 1st Death Cert Cremation Permit Add +\$10/extra DC +\$? if over 200 lbs +\$? if over 50 miles +tangible items tax	Forwarding Package Includes Paperwork 1 st call pick up embalming delivery to airport Add \$32 1st Death Cert + \$157 M.E.permit (IF family taking over, leaving UT, or cremation) + casket (make or buy)	Examine the GPL in the private: on the mortuary's website or provided by us in Google Docs

Most mortuaries REQUIRE you buy their casket to take advantage of their “package price”. That's why we've calculated the cost of a full service funeral if you were to buy each item individually (itemized) EXCEPT their utility van.

***Our itemization does not include a utility van because we think you can move your own flowers and the mortuary charges elsewhere for running errands and removal of body.**

Our Itemized Package in this survey ONLY includes: the non-declinable (often includes obituary published on FH website), transfer of remains, embalming, other prep (which is hair, makeup, dressing, casketing), 1 hr viewing followed immediately by a funeral service (not at mortuary), graveside/committal service, and a funeral coach/hearse).

That is meant to standardize the survey and to only choose the minimum most people (without a support system) would buy.

Nor do any of the above packages include: Casket, Newspaper Obituary, Flowers, Burial clothing, Longer viewing or visitation, Extra certified copies of death certificate, M.E. permit if burying out of state. **Nor Cemetery fees:** plan to add 3K+ for plot, opening/closing, grave marker, vault or grave liner (graveside chairs, awning, fake grass) and any other things not specifically listed.

Discovery: Just like hospitals & insurance companies, mortuaries raise cremation or forwarding prices in order to allow for a discount of what they really want you to buy. That way they don't mind if you choose cremation because they made the price outrageous.

The perceived savings for a "package deal" if you buy THEIR casket is often around the cost of their lowest priced casket (\$1500-2500). Choosing to itemize (buying only what you really need) can save money and allow you a more intimate experience with your final farewell.

2) PLEASE don't necessarily go to the mortuary closest to your house: Generally there's no experiential difference based on distance, unless you need to use their facility for viewing and/or funeral. If over 25-50 miles they typically charge \$3/mile.

Direct Cremation Package here includes paperwork, a casket (particle board or cardboard), a box for the ashes (called "temporary container" in the vernacular of the funeral biz), and the actual cremation.

A memorial service *held after* cremation is simplest to arrange without a funeral director.

A funeral service *followed by* a direct cremation can be accomplished easily as well, but requires support of family or friends..

Forwarding of Remains: If you want embalming, this is an economical way to purchase (1) retrieval of the body (2) death certificate (3) burial transit/M.E. permit (4) embalming. Then the Funeral Home can turn the body over to the family to: hold meetings, ceremony & delivery to final resting place on their own.

See how many things families can do themselves:

**Things not usually needed in red
and
Things family can do themselves in
blue**

- Procuring paperwork,
- Embalming (FHs insist on this for open casket because how the body looks is their calling card/claim to fame)
- Body prep (washing, dressing, casketing or other custom)
- Hearse
- A van or truck to transport casket
- Directing people and casket during gathering
- Obituary (a free death notice can be published)
- Video or Audio recording of ceremony,
- Transporting flowers to chapel and graveside
- Lowering casket into grave (depends on cemetery).

Next Steps: Call 2–3 homes, request their GPL, and compare. If you see errors in this chart, contact [Funeral Consumers Alliance of Utah](#)

If you work for a mortuary and want to improve your GPL to have your listing updated we are glad to do that with you.
