

This is an email that I received regarding the FSA (Fair Share Act). I have also included a FQ&A link [here](#) in case people are unfamiliar with the FSA..

Hey All,

We would like to first thank you for all the incredible work you have done to make our FSA dialer as successful as they have been. They were so good that the campaign has asked us to replicate this for the entire statewide campaign!!!! We are shifting gears and will now work with our coalition partners to call MA voters.

There is a friendly competition between the various coalition partners over who can drive the most people to action. So the bottom line is.... we are now keeping score and want to make sure we are number one. We want to take this opportunity to show everyone that the MTA is the organizing powerhouse for the state of Massachusetts. The more we do the more other organizations will be driven to take more action. We will be the leaders in making sure MA voters are educated on this initiative. This campaign is going to be won one conversation at a time and we need your help to maximize those conversations.

You can register for FSA Dialers here - <https://www.mobilize.us/massteacher/event/442151/>

Make sure to share this link with your teams and ask them to take part in these dialers. Please make sure to put MTA in the organization field. You can now recruit members and nonmembers to be part of these dialers. They should put MTA in the organization field if you recruit them so we know who sent them.

Thank you again.
