

re-synth Project: Digital Literacy in the Band Room ... and it's fun!

Not an ensemble application

A. Eric Heukeshoven

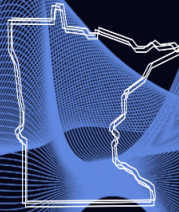

Dr. Aaron Lohmeyer, Dr. Janet Heukeshoven

Description: re-synth is a modern-day concerto grosso integrating samples of WSU band members played back in real-time with the band. Composer A. Eric Heukeshoven joined by Asst. Prof. of Music Ed. Dr. Aaron Lohmeyer, Interim Band Dir. Dr. Janet Heukeshoven, & WSU Music Ed. majors will demo how the project served as an educational tool blending music tech with acoustic instruments. Attendees will perform as one of the soloists and receive free access to all materials required to give their own performances.
