

Kylie Jenner's Busy Day

Kylie's managerial skills came into play when she sat in her office with her sister Kendall on a sunny Tuesday morning. The two were relaxing posing for selfies sipping on their Carmel Marchiotti when the topic of Kylie's busy schedule came up.

Kendall: Oh, I love this one. It's going to get 15 million likes easy.. Let me post it, Ky. You have enough content.

Kylie: Whatev. As long as my chest looks good. Boobs are trending.

Kendall: You seem to be the busy little bee lately. Looks like your day is already booked. Who are you meeting with today?

Kylie: Oh. . .Let's see. **9:00 AM Taylor Swift.**

Kendall: I've never seen her so . . . quit. I heard that she finally got some glasses. She was blind as a bat and couldn't even read a menu.

Kylie: All I know is that she has needed them for years. I guess we'll find out how she does in the upcoming tournament. I feel sorry for Taylor, she has been through a lot lately.

Kendall: A lot of it was self inflicted. She should have never fucked with Taylor Hill. I've modelled with her for years and her legs are amazing and she's not shy on showing you how strong they are.

Kylie: 10:00 AM. Vanessa Hudgens.

Kendall: OK, what's the deal with Hayden and the birthday cake? Did you allow that to happen?

Kylie: The first time I heard about it was in TKO.

Kendall: You can't just let her do whatever she wants. Vanessa will run all over you if you let her.

Kylie: 11:00AM Zendaya.

Kendall: I haven't seen Z since the last event. Is she still on the roster?

Kylie: She'll be here today. I'm worried about her. She sounded confused on the phone and kept saying something about an ectomorph. You have any idea what that is?

Kendall: Not a clue, Kylie. Not a clue.

Kylie: 1:00 PM Paris Berelc.

Kendall: You know her name is Berelc not Bereic. You should probably be seeing all of the Bratz. They're kind of getting ahead of themselves.

Kylie: I like that they're confident.

Kendall: Once they get pushed around in the Tournament they'll probably have a different take on things. Getting pounded in the face will bring them back to reality.

Kylie: 2:00 PM Emma Watson.

Kendall: You hardly ever mention World of Flight. If I owned them that's all I would talk about.

Kylie: I promised not to get involved. They're doing just fine without me.

Kendall: I've heard a few barbs from World of Fight at events but nothing from you. Has buying World of Fight really worth it?

Kylie: That remains to be seen. If I had to do it again I'm not so sure I would.

3:00 PM Selena Gomez.

Kendall: Why Sel. She's been doing pretty well lately, something like 6-0-1 in 2020. At least that's what she keeps telling me . . . like, everytime I see her.

Kylie: Aren't you 6-1 since Kangaroo Court?

Kendall: But it's not as good as 6-0-1. At least that's what she keeps telling me.

Kylie: I know but she can't stop getting into fights outside the cage.

Kendall: She's done pretty well there also. Didn't she punch Brenda Song's lights out and make Amber Heard quit?

Kylie: But Amber paid her back but now I heard that Hilary Duff is going after her.

Kendall: I think Sel can take care of herself. She still needs to pay Duff back for trying to break her leg.

Kylie: So the last appointment is at 3:00 and then it's happy hour.

Kendall: So who is your last appointment?

Kylie: 4:00 PM Kim Kardashian.

Kendall: So what is the deal with Kimmy? She is sooooo pissed.

Kylie: It's that idiot Mike Tyson. He started some stupid rumors about me making this deal for Kimmy. Supposedly I was going to trade Dove Cameron and Kimmy would become a Barbie.

Kendall: Did you talk to Kim before you talked to Travis?

Kylie: Trading Dove never entered my mind. She is the 5th ranked fighter in the league. Why would I trade her? Plus, she keeps me informed with what's going on. She knows a lot you know.

Kendall: But wouldn't it be awesome to have Kim on our team?

Kylie: Of course it would but she was an OG on Hellfire. There is no way she would ever leave.

Kendall: It's going to take a long time for Kimmy to calm down. I hope she doesn't blame you.

Kylie: I hope not. You know how she holds grudges. I wonder why Mike would say something like that.

Kendall: I don't know. Maybe ask Dovey. Can you believe that fuckface had us 3rd behind Gigi and Bella and the Rodriques sisters. WTF.

Kylie: Gigi and Bella are killing it so I really can't blame him but we're so much better than Belen and Cecilia.

Kendall: No doubt we'd kick both of their asses inside and outside the cage.

Kylie: That probably won't happen seeing that they're Welterweights but you're right, they wouldn't stand a chance against us. I got Taylor in 10 minutes so let's take a few more selfies.

Kendall: I always have time for some selfies with my little sis.
