

Blanking panels for data centres

EziBlank® 6RU Blanking Panels

The elegant EziBlank® 6-RU blanking panels are high-quality, flame-retardant ABS plastic panels. Install them easily onto EIA-310-D-compliant 19" server racks to prevent hot air recirculation.

The snap-fit feature allows them to be separated and installed onto different rack unit (RU) heights, making it a versatile and cost-effective server rack accessory for data centre operators.

- ★ The tool-free mounting systems are designed for rapid deployment and ease of use.
- ★ Made of robust, flame-retardant ABS plastic, the snappable design offers greater flexibility across RU heights.
- ★ The lightweight panels are aesthetically pleasing and industrially durable with a scratch-resistant textured surface.
- ★ The recyclable plastic material is both durable and environmentally friendly.

Purchase Data

Sales code	BKPNL01		
Article number	CDV2	BKPNL01	BKPNLC2

Mechanical Data

Colour	Black	White
Material	Impact-resistant, water-resistant, antistatic ABS plastic.	
Dimensions	270 x 483 x 12 mm (6RU panel *)	
Parcel dimensions	0.39 kg / 50 x 30 x 2 cm	

Environmental Data

Standards	EIA-310-D
Environmental	RoHS
Toxicity	Non-toxic and resistant to chemicals.
Flammability	Data centre-ready UL flame-retardant ABS plastic.
Recyclability	100% recyclable and reusable.

* 6RU/6U = 10.5 inches/266.7 mm high
