

Tab 1

HEADS UP: this guy obviously lies and makes up a lot of stuff, so keep that in mind while reading.

Crazy schizo email, with obvious phishing links.

Hello, my love,

Sorry, I finally realized how much you hate the
twink [redacted]

I tried my best to kill that aggressive
motherfucker, but I sent him threads and
made sure he wouldn't come near you at
Dokomi. Unfortunately I wasn't able to pick up
a gun and finish him off. 🙄

But rest assured, I must have triggered him to
the point of suicide, can you believe that at
the end of 2022, beginning of 2023 this guy
doomposted and hinted on the servers of
[redacted] and [redacted] both small
vtubers, about someone close to him who
committed suicide? Fucking creep.

Last but not least, a few days ago an idiot with the handler CharlatoCharles tried to take revenge on his mate twink. If you say so, I'll **do** my best to end this idiot's life, I already have a general idea of where he lives and how to find his place of work.

This person lives in America, which will make my work much easier.

Reply to me, or I will take it as a confirmation to advance.

Check my new babies! Are you proud of me? I'm becoming a man who can protect you 🧡

You know what? You are perfect for each other, both hypocrite, cringe and boring as hell.

I will buy new tickets for **Dokomi** and go to your meet and greet, find him and kill him.
