

Slido Questions August 18, 2026

Q: Since we are doing fewer overnight trips this year, will the experience fees be reduced? If not, can you please explain why?

A: We are not forecasting a reduction in fees. While it is true that we are taking less overnight trips, costs of operations have not gone down. In fact, we are experiencing inflation in prices in most cases. For more detailed explanation, please feel free to reach out to a board member.
