Title : GFRIEND Eunha stereotyping Hawaiians

BigHit entertainment,

A video has resurfaced of GFRIEND member, Eunha using a stereotypical Hawaiian filter while found saying "Aloha" and movement of mocking the hula dance. Hula is a sacred dance treasured by Native Hawaiians and it should be respected, not being used as a cute movement to do for pictures or videos. These stereotypes that Eunha has used are harmful to the community of Native Hawaiians, many calling them mockery and racism. Please teach your artists to understand that this is racist undertones and it is never okay to do, thank you for understanding.
