

The 4 Questions:

Who are we talking to?

E-commerce (mostly Amazon) sellers

Where are they at right now?

Scrolling on Instagram (this is a reel script)

There's not enough news about Amazon, only in mainstream media for regular people. And they have to spend time looking through it.

Where do we want them to go?

We want them to book a free trial on our 1\$/week Amazon bulletin app that has all the news in one place and has step-by-step instructions on how to take advantage of new E-commerce trends. (We're getting their info as well from this)

What are the steps they need to take? (Think, Hear, Imagine, Believe)

Think:

1: They need to think that signing up for this app is worth their time. They need to think this app is valuable

Hear:

1: They want to hear how it is going to be useful to them.

Imagine:

1: being ahead of the competition, and making more sales than ever before with this exclusive tool for Amazon sellers.
