

If you are a twin that has or is attending a university or college, we would love to talk with you about your experience!

My name is Jordan Allen, and I am an assistant professor in the Department of Communication at Utah Valley University. I am conducting research on the stories and experiences of twins. If you agree to participate you will be asked to schedule an appointment to set up a time and place to be interviewed. Interviews will be audio recorded, you will be asked to answer a number of open-ended questions related to your experience as a twin. All responses to these interview questions will be kept confidential and at no time will your identity be revealed in the analysis and or reporting of research results. Interviews will be conducted individually with each participant, but we would love to speak with your twin, if they would like to participate as well!

In order to participate in this study, you must meet the following criteria:

- 1) You must be at least 18 years-old.
- 2) You must be currently or have attended a college or university. It is not necessary to have attended the same college or university as your twin.
- 3) You must be willing to share stories, experiences, and or opinions about being a twin.

For this study, we are looking for people who are fraternal or identical twins. If you have any questions about meeting the qualifications for this study, please feel free to email me at Jordan.allen@uvu.edu.

Participation in this study will require approximately sixty minutes of your time. Your participation is completely voluntary. At any time throughout the interview you may choose not to answer any question(s) and you are free to leave at any time that you do not feel comfortable.

If you are interested, please contact me at jordan.allen@uvu.edu or uvutwins@gmail.com.

Thanks for your consideration of involvement in this study.
