Public comment may include suggestions and objective criticism of operations or programs but the board will not hear complaints concerning individual personnel. Board will hear comments but will not engage in discourse with the public in this meeting. If you would like to share a public comment at one of our meetings, please join us in person in the school library, or email your request to office@muddycreekcharterschool.org by 12:00pm the day BEFORE the meeting so we can share a link to the google meeting with you. Written comments may be emailed to board@muddycreekcharterschool.org and may be read into the record at the next board meeting.

8:30 -

8:45 -

9:00 - Close

Please send comments or questions to board@muddycreekcharterschool.org

Vision: Muddy Creek Charter School is a rural public school dedicated to the integration of an outstanding academic program with its community – the land and its people. We offer a joyful and creative educational experience where engaged students practice the skills they will need to be effective citizens and stewards in the future. Muddy Creek Charter School will serve as a model for preserving schools in rural communities.

Mission: Muddy Creek Charter School was founded to provide an outstanding K-5 public educational program for children who reside in and around the Muddy Creek Watershed. In multi-age groupings, the school will deliver a place-based, project-based, integrated arts and science curriculum grounded in its rural agricultural setting; and commitment to community service. Diverse learning styles will be fostered. MCCS will be supported in its efforts by forging and maintaining partnerships with local landowners and agencies, OSU researchers and the community at large. Our success will be our children. The students of MCCS will not only meet or surpass the state benchmarks but will also have a deeper understanding of their place in the world as demonstrated by portfolios of high-quality projects, and they will be well prepared to transition into other schools for their continued education.
