

Directions to Amgen Biotech Experience – Los Angeles Mission College Distribution Center

Address: 12890 Harding St, Sylmar, CA 91342

Pick up and Drop off with Mitsy Natareno (mitsyn@lapromisefund.org)

Upon arrival, please call my cell phone number, which was given during our email communications. I will then come out and meet with you.

Los Angeles Mission College East Campus Map with Directions:

There are two options for parking:

1. If you are picking up **supplies only**: please park in the circular drive-way and turn on your emergency lights. Head over to CMS 103.
2. If you are picking up a **kit**: please park in the faculty parking lot near the front of the building (you will see it to your right as you pass the circular driveway). If there are no parking spots in the front, you may also park in the back of the building (please follow the black arrows on the map below).
 - a. Signs will state a permit is required, but that will not be necessary. I have informed LAMC campus sheriffs about your arrival. If you are questioned, please let the sheriff know you are a teacher picking up a lab kit.

Disclaimer: *Los Angeles Mission College has two buildings that visitors often get confused about: the Health, Fitness, and Athletics Center (HFAC) and the Center for Math and Science (CMS). You will be picking up supplies/kits from the CMS building. Please see the map above.*

Los Angeles Mission College Center for Math and Science Campus (front):

Los Angeles Mission College Center for Math and Science Campus (back):

Please follow the signs for “Staff Parking,” the first row closest to the building.
