We do not request or process any sensitive data.

ReefersTemp stores locally (in local database on your user’s device), but does not transmit or send for anyone any business data, including (and not limited to):

- Vessel names and its characteristics
 - Vessel routes
 - Lists of reefer containers
 - Cargo information
-

3. No Third-Party Services

The App does not use any third-party SDKs, including but not limited to:

- Analytics tools
- Advertising networks
- Cloud storage
- Crash reporting services

All data entered into the App remains stored locally on the user's device and is not transmitted anywhere.

4. Local Device Storage

Some operational data (such as container numbers or user-created records) may be stored locally on your device solely for the purpose of providing app functionality.

This data:

- Never leaves the device
 - Is not shared with us or any third party
 - Can be deleted by the user at any time by uninstalling the App
-

5. Children's Privacy

Our App does not collect any personal information from children or adults.

The App may be used by individuals of any age, as it contains no data collection or online features.

6. Changes to This Privacy Policy

We may update this Privacy Policy from time to time.

If a change is made, the "Last updated" date at the top of the document will be revised.

Continued use of the App after changes means acceptance of the updated Policy.
