Task	1.1
Title	Create Pool (User Role: Leader)
Starting situation	Imagine you are Erik, a teenager living with 4 other classmates Fred, Inigo, Krishna and Gokul in a dorm. You propose to buy an Xbox One console and propose the idea with your friends. As a group, you decide to use a Cash pool application to pool the money and select Erik as the leader. You have had discussion within the group and know that Xbox one worth 585 \$ will serve your purpose. During your free time, you set up the pool.
Task instructions	Create a money pool in the Cash Pool app with the following data Pool name: Xbox One S Pool Description: Planning to buy Xbox One Console and Accessories to have a blast during the summer holidays. Add friends: Fred, Inigo, Krishna and Gokul Product price: 585\$ (get from Amazon) Pool duration: 23-03-21 to 23-08-21 Pool interval: biweekly (2 weeks) Contribution per pool: To be set by individuals (suggest \$12 as minimum) Payment method: Google Pay

Task	1.2
Title	Create Poll (User Role: Leader)
Starting situation	Everyone has accepted the pool and set their contributions. The pool has been running and Fred comes with a proposal to buy just an Xbox without accessories, he can get the accessories from his friend. You create a poll in the app to see if everyone would want to change to the new product.
Task instructions	Create a poll in the app with the following data Poll name: Item change Description: Fred has arranged Xbox accessories from his friend and now we just need to buy the Xbox Console. I will be around 85\$ lower. Ask a multiple choice question and get a yes or no response: "Do you want to accept buying the Xbox S Console without accessories?" You can find the product here: https://www.amazon.com/Xbox-One-1TB-Console-Previous-Generation/dp/B089M5L82M/ref=pd_sbs_1?pd_rd_

z

Task	1.3
Title	Cash Out (User Role: Leader)
Starting situation	After the 10th pool iteration every two weeks, the pool has reached the 500\$ objective, so now you can cash out! As the leader of the pool, you can choose to finish the pool, you need all the pool members to agree and authenticate themselves.
Task instructions	Cashout the pool you just created.

Task	2.1
Title	Accepting Pool (User Role: Member)
Starting situation	Now imagine you are Fred , one of Erik's roommates, and you have just gotten the invitation to the Xbox pool that he created.
Task instructions	Accept the pool Xbox One S, indicate that you want to contribute 15\$.

Task	2.2
Title	Performing Contributions (User Role: Member)
Starting situation	During the 4th pool, you are asked by Gokul if you could contribute on his behalf, because he had some unexpected expenditure and can't afford to pool this time. That also reminds you that you need to contribute yourself, too.
Task instructions	Make your personal contribution to the pool (amount you previously fixed) and contribute for Gokul also.
