

Hi,

Thank you for your support. How can you help? You can write a letter and share your experience as a community member supporting the Deaf, DeafBlind, and Hard of Hearing Community. Legislators need to know how you feel about interpreter shortage and how your loved ones (siblings, parents, friends, etc) 've been impacted. Encourage your legislators to support this bill. Thank you so much in advance!

Hello {Representative/Senator _____},

My name is NAME. I am a Child of a Deaf Adult (CODA) / parent of a Deaf child / partner of a Deaf person / supporter of the Deaf Community. I'm reaching out today in support of legislation that will benefit the Deaf, DeafBlind, and Hard of Hearing Community in Washington State.

1-2 SENTENCE PERSONAL ANECDOTE ABOUT WHY YOU SUPPORT THE DEAF, DEAFBLIND, DEAFDISABLED, HARD OF HEARING COMMUNITY

1-2 SENTENCES ABOUT HOW THE INTERPRETER SHORTAGE HAS IMPACTED YOU AND YOUR COMMUNITY (Impact of shortage in your life- medical appointments funeral, memorial services, educational classes, school, etc)

I am asking for your support for a new bill, **HB 2221**, endorsed by Representative Tina Orwall. If passed, the bill will create and fund a stakeholder workgroup to gather data about the American Sign Language and ProTactile interpreter shortage in Washington State. The workgroup will use the data to create a report that recommends policy solutions to the House of Representatives and Senate. The report would also include community-based solutions for Washington State residents.

Please support the Deaf, DeafBlind, DeafDisabled, and Hard of Hearing communities in Washington State by lending your support to the passage of this bill.

You can find more info about the community effort to pass the bill at TerpsWA.com. Please reach out to me at your convenience if you would like to discuss this issue.

Thank you for reading.
