

Parents & Administrators,

Get your students on the AI fast-track with [ULTIMATECODERS.COM](https://ultimatecoders.com)!

We offer **STUDENT RATIOS OF 6:1 OR BETTER** with the **MOST ADVANCED CODING CURRICULUM IN TOWN** via:

1. WEEKLY LUNCHTIME/DAYTIME PROGRAMS @ YOUR SCHOOL

(\$200 monthly per student for 4 instructional hours)

Mixed ages SK-12 learn to code -- your school provides computers and we provide expert instructors and a comprehensive, well-tested curriculum that adapts to industry changes in real-time! *All teachers are trained by Centre Director Adam Golding, who develops “[The High Park Curriculum](#)” in consultation with AI researchers and experts of all stripes!*

2. AFTER-SCHOOL CONVERGENCE @ OUR CENTRE: 4pm-7pm, Wednesdays & Thursdays

(\$150 - \$300 monthly per student for 4-12 instructional hours and 4 gaming hours)

Our after-school program at **406 Pacific Ave.** is where gamers and coders from schools around the city *converge* to work together on coding projects and maybe even form the next startup! **Includes our monthly GAMEATHON at no extra charge: 4 hours of gaming, supervision, and socialization with PIZZA INCLUDED! (First Friday of every month, 5pm-9pm!)**

To sign-up contact ultimatecoders.com!

Sincerely,
Adam Golding
Centre Director
