ALICE Drill (Alert, Lockdown, Inform, Counter, Evacuate)

Dear Rock Creek Parents and Guardians,

On **Thursday, March 5th**, our school resource officer as well as other members of TFPD will come to Rock Creek to help us conduct another ALICE drill. We want parents to be aware that this is taking place because you may see a few police cars outside of our school.

As part of our school safety plan, we will practice barricading or evacuating the building. We will announce where a person is located in the building and teachers will decide whether it is safest to barricade their class or evacuate the building based on the information they are given.

Teachers will talk to students prior to the drill so that students understand this is just a drill, just like we practice fire drills. They will also read the book, "I'm Not Scared, I'm Prepared" in order to help students understand what to do in case of an emergency. Students are taught to listen to their teacher for directions.

Our goal is to ensure all students are safe and know what to do if teachers tell them to help barricade or evacuate the classroom. These drills are done in a kid-friendly way, as we don't want to worry or scare our elementary aged students.

Once again, this is an opportune time to talk with your children about safety and discuss how they can play an active role in keeping our campus safe. We encourage all students to be aware of their surroundings and let a trusted adult know if they see or hear something that makes them feel unsafe. If you have any questions or concerns about the upcoming ALICE drill, please reach out.

Mrs. Gebbie, Principal

Mrs. Mette, Assistant Principal
