

CPUCS Uprise Against The Dark

Written by DreamJ

~PS: There might be parts of this story that you might not understand and think it's poor wording/writing, grammar, or just plain gibberish, so please don't be too mean to me. I tried my best at rewriting this mess, so it may not be perfect, but better than the original one, though. If any of the links in this Doc are dead/not working at the moment, let me know, I'll fix it as soon as I can. If you are somehow not a CPUCS fan or know it, go watch it on Jacob Alpharad's channel. There is a playlist, just ignore the amiibo vids, those are non-canon to this fanfic. Session 4 is canon to this~

This story starts out with one year of no news on CPUCS since the upload of EVEREST:

Ultimate Level 9 CPU Invitational. Then this post was made. "r/CPUCS post by u/G 1m: You guys lost! Haha, Dark Realm won, the Blood clan gets to rule this subreddit!" Then Major posted this after the post by G "r/CPUCS post by u/Major 1m: I'm working for the Dark Realm. Actually, I have been working for them for quite some time, right after the Endgame tournament, in fact. Yes, I've been top-secretly with them this whole time. Now we are giving you fans an option to join us, leave from this subreddit, or stay here but get captured for not joining us. The decision is yours to make, not mine." Then JimAzo comments on Major's post saying, "Guys, calm down, this is just probably funny for hahas between Jacob and Major to get us hype session 5 of CPUCS with Jacob pretending to be G guys! Like this the most active I seen the subreddit in along while." the Major reply's back "This is no joke I'll prove it and you are going be the example." then later that day we get another post by Major "r/CPUCS post by u/Major 1m: We are not joking around here we are serious about this make your choice or else you will all end up just like JimAzo here!"

Everyone in the fanbase freaks out, then the Dark Realm looks for the fans of the subreddit to come and capture them. Some fans leave the subreddit to not get captured by the Dark Realm, some join the Dark Realm to be apart the Blood clan “note: some fans are already apart from this group”, others hide to avoid getting captured by the Dark Realm, and the rest got captured by the Dark Realm. The ones that hide came together to form a group to stop the Dark Realm and the Blood clan from what they are doing, save their fellow fans from captivity, and save the subreddit. But little did they know they were going to get into a lot of roadblocks in their quest.

We pick with those fans 5 years after Captain Falcon, King Dedede, and Vincent died. They currently don’t know which CPUCS Light Realm fighters (note: besides Linus) are still good, and which ones were turned evil.

~Transition to the base of remaining CPUCS fans~

Linus: “Ok troops, what’s the current status on everything we know so far?”

DreamJ: “We still don’t know which CPUCS fighters besides you, Linus. Are still good, and which ones became evil when the Dark Realm took over CPUCS and the subreddit. We are still gathering info on that. We don’t know where the Dark Realm is keeping the other fans at, it could be anywhere. Heck, I wouldn't be surprised if they turn them evil too.”

Linus: “Ok, this is not looking good so far. Polybrow any info from Steller on the field?”

Polybrow: “No, sadly nothing new yet from them.”

Linus: “Just great, we got no new info, and every time we do, it’s not much. What are we going to do?”

Polybrow: “Idk wait hope for good news like we always do.”

~BEEP! BEEP! INCOMING VIDEO CALL! From the motor.~

Stellar: "Guys, you won't believe what I just found out."

Linus: "What is it, Stellar?"

Stellar: "I just found out where they're keeping some of the CPUCS fighters, the good ones, turns out the Dark Realm couldn't turn them evil, so they're keeping them locked up in the CPUCS business building."

Linus: "That's really good news to hear. Don't worry me and DreamJ are coming to help you save them. We will get Trainmaster to ride his train to get there fast."

Stellar: "Ok, I'll wait here for you."

~Video call ended~

Linus: "Ok DreamJ, let's move out!"

DreamJ: "Yes, sir!"

~They run off to Trainmaster and his train~

Trainmaster: "I see guys want me to drive my train, must be something very important was found, ok guys get it in, we're going to be using the hype train mode, so hold on to something."

~Trainmaster driving the train very fast~

~Transition to the field group~

Stellar: "Ok, they should be here any minute."

~Trainmaster's train stops, Linus and DreamJ get off the train in their customs~

Linus: "Hey Stellar, let's infiltrate this CPUCS business building and save those fighters!"

Stellar: "Yes, sir!"

~They sneak into the building to find the captured CPU fighters that the Dark Realm locked in this building. Eventually, they find the room where the fighters are.~

DreamJ whispering: “There they are! There are not that many of them, but it’s better than nothing, let’s break them out.”

Linus whispered: “Wait, there could be more of them in the building and might not know.”

Stellar whispers: “Actually, that’s all them sir, the numbers I got by hacking into the Dark Realm’s system, here it adds up. I know you want to find more good CPUCS fighters, but we have to take the ones we can get in order to save the others and get the subreddit back.”

Linus sighs, then whispers back: “I was hoping we would find more of them, but I have to remember a good chunk of them were probably turned evil. Let’s save them and get them back to base.”

~Epic fight scene against the Dark Realm goonies here (I was going to draw this part out because it's not a major fight to write about)~

~Letting out the CPUCS fighters from their cells, then escaping the building as fast as they can to get to Trainmaster’s train.~

~Getting to the train~

Trainmaster: “Get in, i’ve got a way to get us there super fast. HYPE TRAIN MODE!”

~Trainmaster driving the train very fast~

Linus: “I’m going to video call Polybrow to let her know to open the gate for us.”

~Transition back to the base~

BEEP! BEEP! INCOMING VIDEO CALL! From the motor.

Linus: "Polybrow, we got them the captured CPU fighters! We are going very fast to lose any Dark Realm goonies that might be following us and get back to the base as soon as we can."

Polybrow: "Well, that's good, you got them. I'll be pairing for your arrival back to the base."

Linus: "Ok."

~Video call ended~

Polybrow: "Welp, there goes my plans of using Big Mac Obama to help them out."

~Goes to open the gate.~

~Opens gate. Trainmaster's train driving in the base.~

~Closes the gate very fast. The train stops.~

Polybrow: "Hey guys, glad you made it back in one piece."

Linus: "Same, actually. Here's everyone we save."

~Points at King Dede, female Robin, female Pokémon Trainer, Lucina, Shulk, Luigi, and Zelda.~

Polybrow: Wait, that's it?! Where's Tony, Naomi, and Skillshare Kirby?!"

Linus: "We don't know. This is all of them from the building, even Stellar told me that was all of them in the building, according to the Dark Realm's system there. Meaning we still don't know if Tony, Naomi, and Skillshare Kirby are evil or not."

Polybrow: "Dang it! With them on our side, we can easily win this. Sure, we got Zelda, but we still need more firepower in order to win against the Dark Realm."

Linus: "I know. I know, but this is better than nothing."

~Silence~

Polybrow sighs: "You're right. Hey, you guys, let's get to the base."

~Everyone but Trainmaster goes inside the base. Trainmaster goes park his train first, then goes inside the base.~

Linus: “Ok, crew we had a very successful day today. We saved some CPUCS fighters, now they are going to be a part of this crew guarding the base because we don’t want superstition when we are doing fieldwork, getting info, or finding something. By the way, Pokemon Trainer, Lucina, Shulk, Luigi, Robin, King Dedede, and Zelda did those Dark Realm goonies mention anything while you guys were there?”

King Dedede: “Yes said that their boss was looking for Tony, Naomi, and Skillshare Kirby because they haven’t captured them yet an...”

Linus, DreamJ, Trainmaster, Polybrow, and Stellar: “WHAT!?! Tony, Naomi, and Skillshare Kirby haven’t been captured?!”

King Dedede: “Yup, they've been avoiding the Dark Realm for quite some time. Also, the Dark Realm is looking for any CPUCS fans, and there could still be a few still out there hiding, but you guys probably already knew that.”

Linus: “We still have a chance to find Tony, Naomi, and Skillshare Kirby before the Dark Realm does this is the best news ever. What were we going to say before we freaked out about Tony, Naomi, and Skillshare Kirby not being captured?”

King Dedede: “That there are 7 fighters locked up at Alpharad’s house alongside Alpharad.”

Stellar: “Do you know where his house is? If so, can you point it out on this map?”

~Pulls out a tablet with a map of Light Realm on it~

Luigi: “I know where it is.”

~Finger on the house~

Stellar: “Thank you, Luigi.”

~Stellar: draws an x on the house Luigi had his finger on, then puts the tablet away afterward ~

Linus: “We will go there tomorrow because it’s getting late and we are quite tired after beating up those Dark Realm goons. Let’s get some rest, people!”

DreamJ, Trainmaster, Polybrow, and Stellar: “Yes, sir!”

~They all go to bed.~

~Transition~

~Meanwhile at the Dark Realm base~

~Dark Meta Knight running in worry matter to his boss~

Dark Meta Knight: “Commissioner, sir we got bad news from members who were at the CPUCS business building. Some people broke in, beat them up, set free of their captured fighters, and got away.”

Commissioner: “WHAT?! How’s that possible? Was it Tony, Naomi, or Skillshare Kirby?”

Dark Meta Knight: “Our men didn’t fight them, they didn’t know who they were except one sir, that being Sans, sir.”

Commissioner: “Looks like Sans finally stepped up his game, do they know where Sans and others went?”

Dark Meta Knight: “No, sir...”

Commissioner: “Great... We just have to make sure this doesn’t happen again by warning the others about this, especially the ones at Alpharad’s house. We don’t want Sans getting Jacob.”

Dark Meta Knight: “Ok Commissioner, sir, I’ll warn them!”

Commissioner: “Good.”

~Transition~

~The next day~

~The base of remaining CPUCS fans~

Linus: "Ok crew, we're going here today to save 7 more fighters and Jacob. Keep mine, we probably got the Dark Realm on high alert right now, meaning there's going to be more guards around this building, so we have to be careful."

Polybrow: "Linus, DreamJ, Trainmaster, and Stellar you guys have the best of luck on this mission."

Linus: "Thanks, Polybrow." *putting on the Sans custom once again*

Polybrow: "No problem, sir! I, Pokemon Trainer, Lucina, Shulk, Luigi, Robin, King Dede, and Zelda will be waiting for your return."

~ Linus, DreamJ, Trainmaster, and Stellar all get on Trainmaster's train.~

~Trainmaster drives off the base of remaining CPUCS fans to Alpharad's house~

~Transition to the nearby house, everyone in their customs~

Linus whispered: "Just I have thought a lot of guards around the house, we have to be careful or else we have to fight our way in and get them."

DreamJ and Stellar whispering: "yes, sir."

~They find a way to sneak into the building to find the captured 7 CPU fighters and Jacob are at in the building. Eventually, they find the room where they are.~

DreamJ whispering: "There they are, all 8 of them... wait, something's off."

Linus whispered: "What is it, DreamJ?"

DreamJ whispering: "Look, Jacob is asleep, but the others aren't. Something fishy about this."

~Pointing at Jacob~

Linus whispered: “Well, have to save them, sure something is off about that, but we have to make our move soon, I hear noises coming from outside the building.”

~Epic fight scene against the Dark Realm goonies here (was going this too not a major fight to write out)~

~Letting out the 7 CPU fighters their ceils, Stellar grabs asleep Jacob then they escape the building as fast as possible, beating up more of the Dark Realm goonies, they get out of the building and see some past out guards, while the other guards are fighting Tony, Naomi, and Skillshare Kirby~

Linus: “Tony, Naomi, and Skillshare Kirby come with us, there’s no time to explain, but we are on the same team!”

~Then they ran as fast as they could to Trainmaster’s train.~

~Getting to the train and on it ~

Stellar: “Train! Do hype train mode so we can lose them.”

Trainmaster: “Ok then. Guys, hold to something then!”

~Trainmaster driving the train very fast~

Stellar: “Drive faster Train, there are still guys following us!”

Trainmaster: “Ok, time to go super hype train mode!”

~Trainmaster driving the train even faster~

Linus: “I’m going to video call Jitil to let him and others know to open the gate very fast!”

~Transition back to the base~

BEEP! BEEP! INCOMING VIDEO CALL! From the motor.

Linus: “Polybrow, Pokemon Trainer, Lucina, Shulk, Luigi, Robin, King Dede, and Zelda OPEN THE GATE!!!”

Polybrow: “Ok!”

~They go to open the gate.~

~Opens gate. Trainmaster’s train is driving on the base very fast. Closes the gate very fast. The train stops.~

Polybrow: “Whoa, you guys came in very fast!”

Linus, taking off his Sans custom head: “That’s because we were being followed, lucky we lost them.”

Polybrow: “Ok, who did you save this time? Besides Jacob.”

~Linus points at Daisy, Bowser, Cloud, PG Incineroar, King K. Rool, Audible Link, Rosalina and Luma.~

Linus: “Plus, we found Tony, Naomi, and Skillshare Kirby too; they planned to save these guys, too.”

Naomi: “No wonder you guys want us to come with you guys we are both doing the same thing, trying to stop the Dark Realm. Also good to know you're safe, Linus.”

Linus: “Sorry, I couldn’t tell you Naomi, sooner because of the whole getting away from the Dark Realm business.”

Naomi: “No, it’s fine, I understand you guys don’t want to get captured.”

DreamJ taking off her custom head: “Um, guys shouldn’t we focus on the fact that Jacob is asleep?!”

Linus: “Oh, right.”

~Many hours later on trying to figure out why is asleep Jacob?~

Stellar: “I got some good news and bad news about Jacob. The good news is I found out why he is asleep. The bad news is we need to keep him in our bad guy jail for the time being because the Pokémon Darkrai is currently in his mind, giving him an endless nightmare.”

DreamJ: “Looks like we have to go out and find the Pokémon Cresselia or find one of her Lunar Wings in order to get Jacob out of his nightmare.”

Trainmaster: “But we don’t know where to find both at the moment.”

Panda Global Incineroar: “I do after all, I’m Pokémon just like Cresselia and Darkrai, of course, I know my fellow mons very well. Cresselia could be in two places right now, either on the stage of Spear Pillar or in the Sinnoh region on Fullmoon Island alongside her Lunar Wings.”

Polybrow: “Any Lunar Wings on the stage of Spear Pillar?”

Panda Global Incineroar: “Idk. Dark Realm could have gotten them for all I know.”

Polybrow: “Ok then, looks like we have a 50/50 situation here.”

Linus: “Yeah, let’s go to the Spear Pillar stage first, then if we need to, we go to the Sinnoh region to go to Fullmoon Island while the rest of us keep watch of Jacob. Polybrow, DreamJ, Trainmaster, and Stellar will go to Spear Pillar and then maybe the Sinnoh region to go to Fullmoon Island. I’ll stay behind to catch up with Tony, Naomi, and Skillshare Kirby on what we have been doing here. Understood?”

DreamJ, Trainmaster, Polybrow, and Stellar: “Yes, sir!”

~Transition~

~Meanwhile at the Dark Realm base~

~Dark Meta Knight running in even more worry matter to his boss~

Dark Meta Knight: "Commissioner, sir we've got even more bad news from members who were at Alpharad's house. Sans gang broke in, beat them up, let free of their captured fighters, got Jacob, and got away. Worst of all, when they were leaving the building Tony, Naomi, and Skillshare Kirby attacked the guards outside the building, and they teamed up. Our men still don't know where their base is, if they even have one."

Commissioner: "FUCK! This is just great, our two biggest enemies have teamed up just great."

Dark Meta Knight: "Should we send troops to the Spear Pillar stage or Fullmoon Island to try and stop them, sir?"

Greninja: "No, we be wasting our time on that."

Dark Meta Knight: "Then what should we do about them?"

Commissioner: "Don't worry, I've got the perfect plan to capture them. Major! Rose!"

~Major and Rose Shrimp running up to the Commissioner~

Major: "What is it, Commissioner sir?"

Rose Shrimp: "Yeah! This better be worth my time."

Commissioner: "I need you two for my plan!"

~Transition~

~Sometime later, on the Spear Pillar stage~

Trainmaster: "Hmmm, is this one them?" *he shows a wing*

Polybow: "No, that's Falcon's feather, not a Lunar Wing."

Trainmaster: "Oh..."

Stellar: *pats Trainmaster on the back* "There, there, we find one eventually."

~They look around some more until they find Cresselia~

DreamJ: “Cresselia, we came looking for you for your help! You see someone we know who is trapped in an endless nightmare that Darkrai created for them, we want you or one of your wings to free them from the nightmare.”

Cresselia uses her psychic powers to talk back: “I see. I’ll help you save them from my counterpart. I’ll follow you to the place your friend is currently at.”

DreamJ: “Thank you, Cresselia.”

~DreamJ, Trainmaster, Polybrow, and Stellar get on Trainmaster’s train ride to get back to their base fast.~

~Meanwhile, while that was going down~

~The base of remaining CPUCS fans~

Naomi: “How come you didn’t ask some of us CPUCS fighters to go with them, Linus?”

Linus: “We have the Dark Realm on high alert right now sending you guys would be a bad move we be spotted a lot sooner and they will ask you guys where’s our base.”

Naomi: “Fair, but I don’t want to be sidelined, same with others.”

Linus: “I know, but we have to think smart and not get caught because we are the last hope for the CPUCS.”

~Silence in the room~

BEEP! BEEP! INCOMING VIDEO CALL! From the motor.

Polybrow: “Linus and Naomi we got Cresselia open the gate!”

~They go to open the gate.~

~Opens gate. Trainmaster’s train driving in the base fast.~

~Closes the gate very fast. The train stops.~

Linus: “You guys really got Cresselia.”

DreamJ: "Yup, now let's go help, Jacob."

~They go to their bad guy jail where Jacob is to stop Darkrai's endless nightmare on Jacob~

~Cresselia uses her powers to get Darkrai out of Jacob's mind, then the crew capture Darkrai before he could escape the base and lock him~

Linus: "Welp, he is all locked for the time being. I wonder why Darkrai trapped Jacob in an endless nightmare?"

Darkrai uses his powers to talk: "I'll tell you why. I was paid by the Commissioner to put Jacob in an endless nightmare, he didn't tell me why, though I just listened."

Everyone: "WHAT?!"

Naomi: "The Commissioner paid you to do that?! That doesn't make sense because Linus, DreamJ, Trainmaster, Polybrow, and Stellar found Jacob locked away by the Dark Realm, something is not adding up."

Polybrow: "Maybe just maybe the Commissioner was actually working for the Dark Realm and we just didn't know. Meaning what Darkrai just said, and Jacob was guarded by the Dark Realm goonies, does add up."

Naomi: "There's no way the Commissioner is working for them. Vincent put him on his will. It just..."

Linus: "I know it's hard to believe this Naomi but Polybrow is right after all we found out that Major top secretly working for them too he join them sometime after the Endgame tournament and we didn't know until the takeover of the subreddit by the Dark Realm sometime after the post by G. Then Major told everyone about this in a post."

Stellar: "I thought we agreed to never talk about that again."

Linus: "I know, but we had to tell them at some point."

Stellar: "Fair..."

Linus: "Has Jacob woken up yet?"

Stellar: "Not yet."

Darkrai uses his powers to talk: "It takes a while for someone to wake from one of my endless nightmares."

Jacob waking up: "Man, my head hurts. What happen? The last thing I remember before being asleep was going to my room after I uploaded EVEREST: Ultimate Level 9 CPU Invitational to the channel."

~ 2 hours later, and some explaining to Jacob on what happened while he was trapped in an endless nightmare~

Jacob: "Wo that's a lot to take in after being sucked in an endless nightmare."

Linus: "That's understandable, I would feel the same if that happened to me."

Jacob: "What are we waiting for? Let's save the others!"

Linus: "I would like to Jacob but we have the Dark Realm on high alert they could be planning a way to take us down or trap us."

Stellar: "That's true because remember, after we save King Dede and others. They up the guards. And with you guys, I wouldn't be surprised if they did that."

Linus: "Well, it's been a long day. I think we should get some rest."

Jacob: "Well, I'm not. I just got up."

Linus: "Understandable, just don't leave the base, that's all."

Jacob: "Alright."

~They all went to sleep except Jacob~

~The next day~

Linus: “Ok folks we have to theorize what kind of plain the Dark Realm might try to trap and capture us.”

Polybrow: “My best guess on this is they're going use Major in some way, but I don't know for what thou.”

DreamJ: “Probably make a post to the subreddit saying that Major lied or something in order to not get captured by the Dark Realm, that's my best guess on that theory of your's Polybrow.”

Stellar: “Major could also use Smash News to tell that too.”

~ TV news intro noises from the motor~

Isabelle: “We have breaking news that we are back finally, and we have some great news too!

That Dark Realm goonies have left the Light Realm for the time being, thanks to Major?!

What?!”

Major: “Sorry that I lied to you guys and to the subreddit. I did it in order to not get captured by the Dark Realm I join out of fear and I lied hard. But now I want to bring back the CPUCS alongside Jacob aka Alpharad and CPUCS fighters. So yeah I'll be waiting for you all to join me at the CPUCS business building.”

Rose Shrimp: “Indeed. It took me a while to get the real truth out of him.”

Isabelle: “Well, you heard the man, this was Isabelle signing off.”

~Motor turns off~

~Silence in the room~

DreamJ: “Welp, that's a trap. Better not go there, the best thing to do is wait them out until they give up on that plan. Which means we just stay here for the time being in order to stay low and relax in the meantime.”

Naomi: “What if they aren't lying?”

DreamJ: “No, we can’t take that risk, Naomi. I know it’s hard to believe those you trusted are actually being evil instead of good is hard on you, but have to believe me and others here that Major is evil and is trying to trap us like he did kidnapped JimAzo then posted it as a warning if not we didn’t join the Dark Realm.”

Naomi: “I don’t believe you! He was nice, caring, and supportive. You guys…”

Polybrow: “DreamJ is right, Naomi. We thought the same thing, but when I came across him before I joined here, he wanted nothing more but to capture me. I didn’t believe what I was seeing. I tried to reason with him that this wasn’t him. You know what he said back to me, Naomi?”

Naomi: “What?”

Polybrow: “He said to me: ‘I’ve always been this way, it’s just, my master Punsh Convict didn’t want me to be this way, he wanted me to be good and never in give in to my dark ways. But now I can give in to my dark way all I want now thanks to the Dark Realm!’” I was shocked to hear this. I couldn’t believe what he just told me, but I didn’t want to get captured by him, so I ran away from him, knowing he was evil. I managed to escape him barely, I thought I was a goner.”

Naomi: “... I don’t know what to say to that. I’ll stay here not to fall for that trap. But I still believe that there’s still some good in him, it’s just Major doesn’t see it in himself.”

Stellar: “Maybe there is, but we should focus on the fact that right now he is evil, not good, meaning we shouldn’t trust him at this current time.”

Tony: “What about the person with Major thou?”

Trainmaster: “As for other person we don’t know, to be honest first time seeing them. But most likely they are working for Dark Realm with Major.”

Tony: “I see.”

Linus: “Welp, it’s settled we are not leaving the base until the Dark Realm has given up on their current plan.”

Jacob: “What are we going to do after they give up?”

Linus: “We can make our own plan in the meantime.”

Jacob: “Ok.”

~So our heroes make a plan and get some time to relax for a bit.~

Jacob: “So what are you guys going to do after when you guys win against the Dark Realm?”

Trainmaster: “I don’t yet probably get back to work with CPUCS: Enter the Endgame. Either way, Stellar is going to be with me, right?”

Stellar: “Yup. I’m going to do some art, that’s for sure!”

Linus: “.... I don’t know yet I kinda don’t want spilt paths with everyone here but I understand if they want to leave and go back home after this mess.”

Polybrow: “Make music.”

DreamJ: “Go back home and fanart once again for the subreddit and maybe even make a comic (Google Doc).” *Winks at the audience reading this*

Jacob: “Who are you winking at?”

DreamJ: “Oh, no one.” *smug face* “Anyways, back to planning.”

~ Sometime during this downtime for our heroes~

~Linus looking out at the night sky alone~

~Tony enters the area~

Linus: “Tony!? Do not come up sneaking up to me like that, you scared me.”

Tony: "Sorry, I just noticed you were not asleep, that's all. Sorry for scaring you like that. I didn't mean it. So, can you tell me why you are out here?"

Linus: "Just out here thinking about the times before the subreddit was taken over by the Dark Realm, that's all."

Tony: "I was never on that. What did the fans think of me?"

Linus: "Well they hated you at first do to you know but they have forgiven you even though now they probably hate your Dark Realm version of you now heck even I hate him for what he did."

~Silence~

Linus: "Look, I.."

Tony: "No, I get it, I don't like him too. It's just that sometimes I wish I woke up sooner from trying to find my place in the world, no longer trying to beat Vincent in a fight, trying to break that wall. Maybe then the Dark Realm would never have been made after all, I still feel responsible for making it even though it was a different version of me that did it, not me."

Linus: "Yeah I would feel the same to if another version of me did something like that I guess anyways I'll be going, after all, we are going to continue with making our plan tomorrow."

Tony: "All right, later then."

~Linus leaves the area~

Tony thought to himself: "Poor Linus, he is trying to act tough in these hard times, poor guy he is younger than me yet he has to go through this mess with other fans man makes me hate myself even more for something I didn't do yet feel responsible for making the Dark Realm. Ugh well, I should get going myself."

~Five weeks later~

Major on the phone in the Light Realm: "I think our plan is not working, Commissioner they haven't shown up. I really shouldn't post that I was working for the Dark Realm to the subreddit and kidnap JimAzo, then posted that because I think Sans and his gang must have seen those posts."

Commissioner on the phone in the Dark Realm base: "Ugh, what am I going to do? I got nothing else that could stop them."

Rose Shrimp gets on the phone in the Light Realm: "Says the guy who came up with taking over the subreddit and capturing them so none of the fans could be a threat against the Dark Realm plan."

Commissioner on the phone in the Dark Realm base: "Wait, I think I figured out something about Sans and his crew."

Major gets on the phone in the Light Realm: "Oh boy, what is it?"

Commissioner on the phone in the Dark Realm base: "Sans and his crew are fans that got away from us or hid away from us."

Major on the phone in the Light Realm: "'WHAT?! Well, that explains why Jacob and Naomi didn't show up. I bet Polybrow told them what I told her.'"

Rose Shrimp: "This is what we get for letting her get away, Major!"

Commissioner on the phone in the Dark Realm base: "Yeah but how are we going get these guys since they don't trust you and I bet Darkrai probably told them that I paid him to put Jacob in an endless nightmare meaning they don't trust me. Meaning we have to find someone on our side that they still trust a little bit."

Major on the phone in the Light Realm: "I don't know since Rose was on the news with me, idk they trust them still, maybe we should ask you know who for..."

Commissioner on the phone in the Dark Realm base: “NO WE ARE NOT ASKING HIM FOR HELP I’LL FIGURE SOMETHING OUT!”

~Hangs up on Major~

~Beep beep beep~

Major in the Light Realm: “Well, he wasn’t too happy about that welp time, to tell the truth again.”

Rose Shrimp: “No, let’s wait a bit longer...”

Major: “No! Who’s the boss here, me or you, Rose?”

Rose Shrimp: “I thought we were equals!! But you are, I guess. This is so going to backfire, but at least I might get my chance to fight Naomi at least.”

~Transition~

~The base of remaining CPUCS fans and TV news intro noises from the motor~

Isabelle: “Breaking news umm, Major was lying again and...”

~Major shoves Isabelle to the side. She screams~

Major: “Of course, I was lying. I was trying to get Jacob, Naomi, Sans, and his crew captured for the Dark Realm. Speaking of Sans and his crew, they are actually fans of CPUCS. That’s right, Polybrow, I know you are one of them after all, and you must have told them about what I told you, did you all? Well, I must tell the CPUCS fans something while I’m here about how G, aka the Commissioner, thinks he got this, he just needs some time to try and stop you guys. Well, guess what, he has done nothing but help you fans rather than actually trying to stop you guys by giving them all this time for you guys to think of a plan to stop us. Sorry, Commissioner, but I

want us to win this, not lose, and I don't really care if the CPUCS fans come to you for this because frankly, you deserve it!"

Rose Shrimp: "Wtf, Major?! You shouldn't tell them everything! The boss is going to kill us!"

Major: "I DON'T CARE ROSE I JUST WANT TO NOT HAVE TO KEEP LOOKING FOR YOUR ONCE FELLOW FANS!"

Rose Shrimp: "You really lost it. That's for sure..."

~Then the new report cuts off, and the motor turns off~

Everyone: O_o

~Silence in the room~

DreamJ: "Well, didn't expect that to happen. Umm, well guys, the pressure is on, guys."

Linus: "Ok folks, we all have to work together to in order to take down the Dark Realm with our plan!"

Everyone: "Right!"

Polybrow: "Oh yeah, I finally get to use my stand!"

~ Summons her stand, Big Mac Obama~

~ Everyone but DreamJ O_o~

DreamJ: "I already knew about that. Anyways, we should get going."

~Everyone gets on the Trainmaster's train~

Trainmaster: "Ok everyone hold on because we are about to go very fast because I'm using super hype train mode!"

~They go to Smash News to capture Major~

~They get there in time~

Major about to leave there: “WHAT HOW YOU GUYS GET HERE SO FAST!?”

Rose Shrimp: “Yeah!”

Trainmaster: “With super hype train mode. That’s how Major and Rose!”

Polybrow: “I think we shouldn’t have told them that, Trainmaster.”

Trainmaster: “Oh.”

Major: “Glad to see you again, Polybrow. I should have guessed you guys would try to capture me first and do my all knowledge about the Dark Realm. Well, I’m not going to give myself up that easily. That’s why I got back up just in case.”

~Some Dark Realm goonies show up~

Rose Shrimp: “There they are, I was wondering where they were at...”

Major: “But I’ll make things fair by not running away from you guys on one condition.”

Linus: “That being?”

Major: “I get to fight Polybrow in a 1v1 fight! Then, if she falls, everyone else has to do the same thing, you have to fight me in a 1v1 fight.”

Polybrow: “Ok, I and the other gladly take that offer.”

Rose Shrimp: “And I want to fight Naomi in a 1v1 fight!”

Naomi: “Ok, then..”

~Polybrow fights Major, and Naomi fights Rose while the others fight the Dark Realm goonies~

([Naomi Vs. Rose Shrimp](#), the only new major fight in this rewrite)

([Polybrow Vs. Major](#))

~They win their fights and tie up the Dark Realm goonies and Rose Shrimp, but Polybrow~

Everyone: “POLYBROW!”

Major: “HA! You put up one good fight, but sadly, you lost. Come on Naomi, let's fight even though you fought my coworker already.”

~Naomi slowly walks forward. DreamJ cuts in front of Naomi.”

DreamJ: “No, Naomi, this is what Major wants to fight you while he is still strong, let me and others handle him first. Also, I want to beat him up for knocking my friend Polybrow.”

Major: “Dang it, who do you know?”

DreamJ: “The tone of your voice gave it away very easily.”

Major: “Dang. Well, well, weak little friend of Polybrow wants to go at me? Go ahead and try your best; we both know you are going to lose. I’m surprised you are not letting Naomi fight.”

DreamJ: “Shut up! I’ll prove you freaking wrong!”

Major: “Go ahead, then prove me wrong!”

~They fight~

[\(DreamJ Vs. Major\)](#)

Major on the ground knocked down: “Ugh, how?”

DreamJ sounding tired: “Idk but I surely prove you wrong!” *faints afterwards*

~So others tie up Major and put up DreamJ and Polybrow, who are knocked out

~Transition~

~The next day~

DreamJ: “Ugh, that hurt a lot. Is Polybrow ok?”

Linus: “Yes, she is fine, me and others were talking while you knocked out that me, you,

Polybrow, Stellar, Jacob, and Trainmaster should train under Naomi, Tony, and Skillshare Kirby before we go into Dark Realm.

DreamJ: “Says the guy who won against Ridley.”

Linus: "He went easy on me, that's it. It wasn't plot armor that won me that fight."

DreamJ: "Ugh, ok then least let me and Polybrow recover first."

~Trainmaster walks into the room~

Trainmaster: "We sure will, right, Stellar?"

~Stellar walks into the room~

Stellar: "That's right!"

~5 days later, they all fully recover~

~Outside on the field of the base~

Naomi: "Ok, we're all out to train the 6 of you to better fight."

Trainmaster: "But I don't like to fight or fight like others here, I just like running people over with my train."

Naomi: "Me, Tony, and Skillshare Kirby are training you too, just in case you get attacked while the others are nowhere to help you."

Stellar: "She got a point, Trainmaster you have to know how to fight in order to defend yourself."

Trainmaster: "But I can just run over any attackers with my train."

Stellar: "Ok but what would you do if someone manage to get on your train trying to attack you?"

Trainmaster: "Oh uhh. Fine, I'll learn how to fight."

Tony: "Ok this is going take a while for you guys to be really good at fighting."

Skillshare Kirby: Poyo!

Trainmaster: "But do we get cool new outfits at the end of this?"

Tony: “Wha?”

Naomi: “No.”

Trainmaster: “Aww man.”

~One long training montage later, look do you really need to see the training, no? Good, and if you say yes, then you go write these scenes then because I’m not~

Naomi: “Ok, we are done. Time to go to the Dark Realm.”

Tony: “But first let’s ask Major and Rose for any Dark Realm bases like we planned I know he won’t give the main base to us but it’s worth a try.”

~They go to Major and Rose Shrimp cells, and after asking him for a Dark Realm Base~

Major: “There’s no way I’m telling you any Dark Realm base locations. I’m not that dumb, you guys.”

Rose Shrimp: “Says the guy who jumped the gun on the plan to try to take them down.”

Major: “Grrrr.”

Naomi: “I think we should try asking the Dark Realm Starbucks Barista for help about Dark Realm base locations.”

The CPUCS Fighters and Linus: “Huh?”

Stellar: “You know, they could be dead, right? Because you know.”

Naomi: “Crap your right Stellar.”

Major: “Nah he's still alive we didn’t kill him. He is only can make really good Black Coffee in the Dark Realm so we keep him.”

Polybrow: “Oh really, like we fall for another lie from you of all people.”

Rose Shrimp: “He's not lying this time, the dude Black Coffee is the best we've both had one before we had to come over here by the Commissioner's order.”

Naomi: "Ok, we're going there and being cautious because you two could be lying."

Everyone: "Right."

~They go to the Dark Realm and make it to the Dark Realm Starbucks~

Linus: "Ok, we are here, let's..."

Naomi: "Linus, wait let me go in first alone, that way all of you guys don't get captured."

Linus: "Oh ok but be careful and let us know when it's safe for us to come in."

Naomi: "Ok, will do."

~Naomi enters cautiously into the Dark Realm Starbucks only to see the Barista alive and well~

Naomi: "Oh, thank goodness you are still alive, Shadow Luigi."

Shadow Luigi: "Oh hi Naomi I haven't seen you in a long while let me guess here to try and stop the Dark Realm once and for all?"

Naomi: "Yup, and I brought comedy however only someone know about coming here before and I don't you to you know tell them I've been here before."

Shadow Luigi: "Ok... I'll pretend I have never met you until now."

Naomi: "Ok, guys it's safe!" Then she whispers to Shadow Luigi, "Thanks."

~The others enter~

Linus: "Hi there, can you give us info on the Dark Realm base locations are?"

Shadow Luigi: "Ok just let me get out my map and draw where they are all at."

~Shadow Luigi gets out a Dark Realm map and starts drawing circles on buildings with some info on certain ones~

Shadow Luigi: "Ok that's it I suggest going here first to the Dark Realm mall they have some fighters being held here but I don't know if they turn them evil or not same as well for the

CPUCS fans they have there. I only see a few evil CPUCS fans but I don't all bases they go to that's the problem."

Linus: "No, it's ok this is more than enough info to help us Shadow Luigi."

Jacob: "What about the location of Jo in the Dark Realm?"

Shadow Luigi: "Ah, Jo I saw him near the base in the frozen mountains, but that place is dangerous and has a lot of Dark Realmers around the place with some evil CPUCS fans too. I suggest going there second to last."

Jacob: "oh..."

Linus: "Jacob I know you want Jo back as soon as possible but we can't just rush it, especially with such low numbers we have to do the smart way by getting as many people with us, lowering the Dark Realm number of fighters by capturing them and putting in our bad guy jail like we did to ones still in the Light Realm."

Jacob: "I know it's just, I miss Jo being at my side, joking with me, having fun, and being such a goof. Sometimes I wish I hadn't made him fight Blood Falcon all those years back. I wish fought alongside him against Blood Falcon, maybe things would be different, Jo would be with me and not on the Dark Realm side."

~Silence~

Jacob: "I'm sorry guys, I didn't mean..."

Linus: "No I understand you can say here if you need some time to yourself we will pick you up after we are done at the Dark Realm mall."

Jacob: "Linus, I'm still coming with you guys, there's no way I'm going to let my feelings get in the way of getting rid of the Dark Realm and getting Jo back!"

Linus: "Ok, Jacob. Let's get going, guys."

Tony thinking to himself: "Linus still trying to put on a brave face to others by letting them take a break when needed but not for himself. Linus, you don't have to kid you need it too sometimes I know you have to by being the leader of this but me or Naomi could easily take over a day if you need it."

~Everyone gets on the Trainmaster's train, and they go to the Dark Realm mall~

~They made it to the mall~

Polybrow: "Wow suck a huge mall this going to take a while to find all Dark Realmers in this place alongside finding the CPUCS fighters and fans they have here."

Linus: "Welp, I think we should stick together that way they don't take us down one by one if we slip up, even though it would be a lot faster to find the CPUCS fighters and fans they have here."

Stellar: "Well, I'm staying behind with Train to make sure he doesn't jump on and also has some backup too."

DreamJ: "Fair enough."

~They all go into the mall, but Tranmaster and Stellar~

DreamJ: "You've got to be kidding me, three floors! I'm scared of heights, I'll be fine on the second floor as long as I'm nowhere near the railing, but that third floor just intimidating to think about, man."

Linus: "You go back to the train and wait with Tranmaster and Stellar."

DreamJ: "No way, and let you guys probably lose all, be captured all because I was too fearful to be on that third floor. I faced my fear on the second floor a long time ago, so I'll face my fear again in order to help you guys in any way on that third floor."

Linus: "You sure about this? We will understand if you stay behind with you don't have to force yourself to do this just make sure we are safe and sound DreamJ."

DreamJ: "Yes, I'm very sure about this!"

Linus: "Ok, if you say soo."

~They go around the mall looking for Dark Realmers, CPUCS fighters, and fans they have in the mall. Eventually, they go to the third floor looking for them~

Linus: "We have yet to find them in this mall. I'm starting to think Shadow Luigi tricked us into coming here."

Naomi: "There's no way he is lying, he could have thought they were here but left a long time ago, for all we know."

Polybrow: "Guys, think we should slow down due to someone being afraid and being very cautious on their position up here."

DreamJ in a nervous tone: "No, I'm not, I'm perfectly fine, no to slow down."

Polybrow: "DreamJ, I know you are nervous, I should know you are my friend for peak sake and you are not good at hiding it."

DreamJ in a nervous tone: "Fine I'm afraid right of height we are at but there's no way I'm leaving now, after all we said no splitting up."

Linus: "You could have stayed on the train with Trainmaster and Stellar, I like said but nope, you chose this."

DreamJ in a nervous tone: "Look I have to rid of this fear eventually I might as at least well try to Linus!"

Linus: "Ok, whatever you say."

Naomi: “Look, guys they are over there!” *pointing to the Dark Realmers, CPUCS, and fans of CPUCS*

~Everyone but DreamJ runs over there to beat them up~

~Epic fight scene here~

~They win and tie up the Dark Realmers~

Linus: “Welp, time to get going with these guys and take them back to the base.”

DreamJ in a nervous tone: “Hey I finally... oh you guys beat them all I guess you guys didn’t me here after all.”

Linus: “Yeah. Anyways, let’s get these guys to the train.”

Everyone: “Yes, sir!”

~They leave the mall, get to the train, drive back to their base, and put the Dark Realmers in the bad guy jail. They go back to Dark Realm Starbucks, the day with saved CPUCS fighters and fans ask Shadow Luigi where to go next, and then go there. Capture the Dark Realmers, and a few CPUCS evil fans saved the captured CPUCS fighters and fans. Then they drive back to the base. This keeps happening for the next few days until we get down to the final three bases of the Dark Realm. Look, I’m trying to speed this up a bit because this comic is going way too long, and I had to cut this massive corner of the plot. If this were a movie or video, there would be one long montage of this happening anyways, back to the plot~

Shadow Luigi: “Ok, after this base, you guys can finally go to where Jo is.”

Jacob: “Finally, we get to save Jo soon, I’m so happy right now!”

Shadow Luigi: “But I must suggest you guys something before you go to this base.”

Linus: “What is it, Shadow Luigi?”

Shadow Luigi: "I suggest someone stays behind with Trainmaster in the train."

Trainmaster: "Well, I have been fine even though Stellar has stayed in the train with me to make sure nothing like that wouldn't happen, why now to suggest this?"

Shadow Luigi: "Because I fear that the remaining Dark Realmers will try and capture you and your train. Due to you getting these guys in and out of the Dark Realm with that train. Of course, they would aim for something that good on your side, especially with the numbers they have left, they will get that desperate in order to stop you guys."

Trainmaster: "I'll be fine after all, I was taught to fight in order to defend myself even if Stellar decided not to stay with this time."

Shadow Luigi: "Just because you were taught to fight in order to defend yourself doesn't mean you will win against any attackers."

Stellar: "Well, shouldn't their numbers be lower by now? Sure, I still worried for Train here, but looking at this logically, I think Train will be fine, Shadow Luigi."

Linus: "I agree."

Shadow Luigi: "Linus, you can't risk such a thing happening, you should know as a leader."

Linus: "A leader also believes in his crew to do their best at anything that might come their way. I believe Trainmaster can defend himself against anyone, if not, he can call us on our earphones to come and help if things go bad."

Trainmaster: "That's right, Shadow Luigi, I can just call for backup!"

Shadow Luigi: "Ok, but if Trainmaster gets captured, you can blame yourselves for not listening to me."

~They get out of Dark Realm Starbucks~

~Silence~

DreamJ: "Kinda agree with both sides here."

Polybrow: "Same like, I can see his worry, but where you two even attack once?"

Trainmaster: "Nope!"

Stellar: "No."

Polybrow: "Yeah, Shadow Luigi overworry about this."

Stellar: "And I should be one overworrying about this, not Shadow Luigi."

Tranmaster: "That's for sure!"

Polybow: "Ok then."

DreamJ: "..."

~They get on the train and drive off to the Dark Realm base~

~They get to the base~

Linus: "Alright crew, let's get going!"

Trainmaster: "Good luck as always!"

~Everyone but Trainmaster goes head into the base. DreamJ is still worrying about what might happen to Trainmaster if left alone when leaving the train this time, but she still wants to help others, so she still goes into the base~

~A bit later, outside the train, someone comes out of the shadows and gets on to the train~

Trainmaster: "Huh? BOTW Mario?! I nearly forgot you were in CPUCS, glad to see you are safe!"

BOTW Mario: "....."

Trainmaster: "Oh, you're probably wondering if I'm alone? Well, at the moment, yes, but the others will be back from getting everyone out of the base."

BOTW Mario: "....."

Trainmaster: "...you are starting to freak me out with the no talking. I know you suppose to be half Mario and Link but Mario can somewhat talk."

BOTW Mario: "..... you fool."

Trainmaster: "?"

~Gun Mario knocks out Trainmaster~

Gun Mario: "Nice work, brother just like we planned. Now let's take him and his train back to the base in the frozen mountains."

BOTW Mario: "Yes, let's drive this bad boy back to there! I'll bet our leader of the base will be very happy with us."

~They drive off with the train and with Trainmaster knock out~

~Later again~

Linus: "Alright guys, another base down now let's... uhhh."

DreamJ: "I freaking knew it I had feeling this might happen the one time no one was with him. Shadow Luigi was freaking right."

Linus: "Look, I didn't know Trainmaster didn't..."

DreamJ: "Just admit that you were wrong. They clearly had someone that we could still have trusted to distract Train, and they knocked him out before he could have called us."

Linus: "Fine I was wrong I thought he be fine I should have taken Shadow Luigi's warning I should have been worried for Trainmaster's safety I just thought he would be fine like every

other base before this one but I was very wrong. I'll understand if you guys don't want me as the leader anymore."

Stellar: "Linus, everyone makes mistakes. I know you have done goof big time, but that doesn't mean you should be down on yourself. Plus, I should have taken Shadow Luigi's warning more seriously than you, since I've always been one with Train on the train. Now they got him, we can still save Train, just not the right way as we or I wish."

Linus: "You're right, well time to walk all the way back to base to lock away these guys."

Polybrow: "Ugh, that doesn't sound fun at all, makes me miss Trainmaster and his train already!"

~They walk all the way back to their base~

~Later that night at the base, we see the group tossing and turning in their sleep. Then we see Linus outside thinking to himself.~

Linus thinking to himself: "Ugh, man my doubt as a leader is really getting after me for what I did, huh? Man, I want the others to know about this, after all, they still believe in me, even though I got Trainmaster captured. Stellar and Trainmaster want me to lead this group when we first got started this group since I learn a lot from Vincent before he died, and then DreamJ and Polybrow when they joined. They just expected me as the leader with no questions."

~Tony comes up to Linus from right behind Linus turns around~

Linus: "TONY?! What are you doing out here!?"

Tony: "To see if you were out here because you feel you failed as a leader and are starting to doubt yourself as one. I'm right?"

Linus: “.....”

Tony: “You don’t have to hide it anymore because I can clearly see you are trying to hide it, Linus.”

Linus: “Yes, Tony. In fact, I have been doubting even since I have become the leader of the group, but I don’t want the others to know because I learned a lot from Vincent, so I’m expected to be just as good of a leader as Vincent but I’m nowhere near the levels of him.”

Tony: “I see the impact of Vincent’s death and people trying to meet the same levels as him is still in effect. Look, kid you don’t have to meet that same level. Just try your best at the level you are comfortable with, and if you need help or a break from being a leader, just ask me, Kirby, or Naomi we will gladly help you.”

Linus: “Thanks, Tony, I really need that. I’ll be fine I can handle being a leader for real this time no more faking that I know everything about being a leader. I’ll continue being this group’s leader until this is all over but still take you, Kirby’s, and Naomi’s help when needed.”

Tony: “No problem, kid, I want to make sure people don’t have to live up to those who came before them. I don’t want you, Naomi, CPUCS fighters, and fans to feel this way anymore. just be yourself, there’s no need to break that impossible wall.”

Linus: “I’ll be going now, but I can’t thank you enough, Tony. I feel a lot better now.”

Tony: “Alright, kid.”

~Linus goes back inside~

Tony thinking to himself: “You did good me you did good.”

~Tony goes back inside~

~The day~

Linus: “Ok, guys we're going to the Dark Realm's base in the frozen mountains. We got to hope that they took Trainmaster there if not then might have a big issue then because that means we don't get his train back right way which is going to suck and we will have no choice but to fight Trainmaster, the Commissioner, and whatever Dark Realm goonies the Commissioner has in their main base right way which not we were planning on taking this place as we envision. That being saving the CPUCS fighters' fans first and then fighting them.”

Polybrow: “Wo you are leading a little differently, Linus. I guess this must have woken up after what happened yesterday.”

Linus: “Yup. (Not really though.)”

Stellar: “Ok, let's get going then!”

Linus: “Wait, we should be careful for any traps or tricks that Dark Realm goonies might try to pull on us when we get there.”

DreamJ: “Right, jess you are doing things a lot differently.”

Polybrow: “Ok, anything we discuss before going?”

Jacob: “Well, I know I'm fighting Jo. We all know was turned evil. So, who is going to fight Trainmaster if he is there and was also turned evil?”

~Everyone then looks at Stellar~

Stellar: “Well makes sense you guys want me to fight him too, since I'm his “friend” meaning I can maybe make him no longer evil. Also really worried about him I should stayed in the train him ugh so won't have to save him but got other choice now.”

Linus: “Ok, then it's settled, you fight Trainmaster Stellar, while we fight the others, and Jacob gets to fight Jo. Let's get going, guys!”

Everyone: “Yeah!”

~They leave the base~

~Many hours later, they made it to the base~

Polybrow: "Look guys, there's Trainmaster's train!"

Linus: "Oh thank goodness he was taken here and now remember we got to be careful guys there could be traps around here."

Everyone: "Right!"

~They enter the base just to see a bunch of Evil CPUCS fans and some Dark Realmers facing them down~

BOTW Mario: "Hello there, we were expecting you to show up sometime soon."

Gun Mario: "That's brother right, our boss here in this base was very happy with us getting your friend and his train. But he knew you came for us."

Jacob: "BOTW Mario and Gun Mario I thought I would never see you again, especially after I ban you both from CPUCS."

Linus: "I remember BOTW Mario, but who the heck is Gun Mario guy?!"

Gun Mario: "Of course, you don't know me no one in the CPUCS community wouldn't know me because of how much Jacob hid away the original first session."

Linus: "WHAT?!"

Gun Mario: "That's right the first session that you know and love wasn't actually the first it was the second just trying to hide all times I fought your precious hero and lost never giving me the chance to win one tournament just one it made me so mad."

Linus: "Wait, what?! Then how did you and BOTW Mario get banned?"

Gun Mario: “I was banned “for being bad at the game” I never was in just how Jacob seated me in those tournaments to always fight Vincent in round 1 made me so pissed and my brother was banned for losing one time in round 1 against Audile Link both of which isn’t was fair at all.”

DreamJ: “But why are you working for the Dark Realm?”

Gun Mario: “I had it, with Jacob rig things in CPUCS! So I followed Dark Samus one day so I could kidnap her to stop the rigging once and for all! Then throw following her, I found out about this realm before anyone else in the Light Realm did. I join them in their plan to end CPUCS, a much better plan than mine.”

Jacob: “I didn’t rig the matches at all, I just use a randomizer to do the sitting before I had the Commissioner to do the sitting for me.”

Gun Mario: “I don’t care it’s still rigged to me. Hmm anyways enough with the past we should focus on today and your friends.”

BOTW Mario: “Come on out, Punish Jo and Punish Trainmaster.”

Both Punish Jo and Punish Trainmaster appear: “Reporting for duty!”

Jacob: “Jo!”

Stellar: “Train!”

Gun Mario: “Haha, as you see, they are under our control, right, boss?”

???: “That’s right.”

Polybrow: “Who are you?! Show yourself now!”

???: “Since this is where your journey ends, I might as well show myself to you. Especially to my Light Realm self.”

Everyone: ?!

~??? reviewing themselves as.~

Dark Linus: “Hello, other me, it’s been a while since we crossed paths.”

DreamJ, Jacob, Polybrow, Naomi, Tony, and Stellar: “SINCE WHEN DO YOU HAVE DARK REALM COUNTAPART LINUS?!”

Linus: “I'd rather not talk about especially since we have to fight all these guys.”

Dark Linus: “Aww I might tell for you then. I've been since the being of this realm we also had our subreddit too but we lost it right after Toy Convict took over the place. Now men attack them except Light Realm self I wait to fight him.”

Dark Linus’ men: “Yes, sir!”

~They fight the goonies, everyone that’s not Linus, Jacob, and Stellar. Linus is fighting his Dark Realm self, Jacob is fighting Punish Jo, and Stellar is fighting Punish Trainmaster. It’s epic and whatnot.

([Stellar Vs. Punish Trainmaster](#), I can’t believe this fight gets to stay.)

([Jacob Vs. Punish Jo](#))

([Linus Vs. Dark Linus](#))

When everyone who’s not Linus, Jacob, and Stellar finishes the goonies and ties them up. Notice that others are still fighting and ask them if they can join, they all say no, eventually they win and tie them up.~

Dark Linus: “Impossible, I had everything for a sure-fire win.”

Linus: “Nothing is impossible. Dark me we fought up from with no hope, to hope, so anything can happen.”

DreamJ: “Ok, people get them on the train, we're getting out here.”

~They put all the goonies, Dark Linus, Punish Jo, and Punish Trainmaster. Then get on the said train to go back to their base~

~Later, back at the base, we see Linus and others put all the tie people bad in jail except Punish Jo and Punish Trainmaster~

Polybrow: "So what are we going with them? They were turned evil after all."

DreamJ: "Simple, we get into a quick fight with them and win against them, and boom they are good again. After all, this happened before with Audible Link and Rosalina being evil by the Dark Realm and were turned back to good after losing to someone in the Light Realm. That's why they are still evil after they lost in the Dark Realm, not the Light Realm."

Jacob: "I'm not in the mood to fight Jo again. Fighting him once was enough for me."

Stellar: "Same with me fighting Train again but don't worry I have the quickest way to win."

Polybrow: "What is it, Stellar?"

~Stellar picks Ness~

Stellar: "This little guy can just home run bat them while they are tied up, and if that fails, he just Pk fire spam them."

Linus: "Uhhh I guess your right it's just kinda weird for you actually like Ness for what he can do. Since every CPUCS fan doesn't.."

Stellar: "Oh, I don't like this little guy, he's just our best option to get Jo and Trainmaster back to normal."

Linus: "Ok then, umm Ness, will you do it then?"

Ness: "I will do it! (Plus, you guys might like me after I do this, so it's a win-win type of deal.)"

~They go to Battlefield to do this. Stellar puts down Punish Jo and Punish Trainmaster next to Ness, who is holding the home run bat. Stellar gets off stage with others. Ness swings the bat and hits both sending both flies off the stage. Both respawn back to their normal selves ~

Trainmaster: “Ugh, my head. The last thing I remember was BOTW Mario calling me a fool.”

Stellar: “Train!” *hugs Trainmaster* “Oh, it’s good to have you back!”

Trainmaster: “Huh?”

Stellar: “You were turned evil, but we managed to get you back!”

Trainmaster: “Wait, what?!”

Stellar: “It’s kinda hard to explain it.”

Jo: “Oww man, what have I been doing for the last few moments? The thing I remember was fighting Blood Falcon.”

Jacob: “JO!” *gives Jo a big old hug.* “You’re back, you are finally back. I miss you so much, man. I’m very sorry, man I should help you fight Blood Falcon.”

Jo: “Jacob, what are you talking about? I’m fine, I just don’t remember anything about my fight against Blood Falcon.”

Jacob: “Well uhh you lost and were turned evil.”

Jo: “WHAT?! FOR HOW LONG?!”

Linus: “3 years.”

Jo: “I have been evil for 3 years?! Why didn’t you come to save me sooner, Jacob?!”

Jacob: “Me and CPUCS fighters were coming for you 3 years back but then kinda I got trapped in an endless nightmare for 3 years by Darkrai.”

Jo: “So I was evil for 3 years and you were trapped in a nightmare for 3 years, dang we both had a lot of time taken away from both of us.”

Jacob: "Yeah I know it sucks Jo."

Jo: "Let's get back at the Dark Realm and make them pay for what they did to us!"

Jacob: "Well we're kinda almost done with them there's only one base left but let's do one together no matter what Jo!"

Jo: "Yeah!"

Linus: "Let's get back to the base and make a plan, we don't want to jump the gun, Jo."

Jo: "Ok."

~They go back to the base to make a plan~

Linus: "Ok people we have found every CPUCS fan that the Dark Realm thanks to getting that info from Major."

Tied up Major: "You're lucky enough I'm willing to give you that info."

Linus: "Meaning that the only thing that the Dark Realm has left is the last of the captured CPUCS fighters. However, this base is very big and probably has the last big bunch of the Dark Realmers with Blood Falcon and the Commissioner. Meaning this is our most dangerous mission; however, if we just sneak around them, if we just plan this out, then we can just come back to them with everyone to attack them."

~So they get to planning this final mission before the final battle against the Dark Realm.

Eventually, they get out the perfect plan, and then they all go to sleep for the big day~

~The next day, they go out and make it to the outside of the last Dark Realm base~

Stellar: "Ok guys I'm sneaking in and hacking into their camera system. Then come here and guild you guys through the build to the last of captured CPUCS fighters over earphone call as we planned."

Linus: "We are wishing you the best of luck on that."

Stellar: "Thanks."

~Stellar sneaks into the base and then hacks into the camera system so she can see what's on them on her laptop. She gets it and comes back to the train~

Stellar: "Ok, you guys are ago now. I wish you guys the best of luck, too."

Everyone but Trainmaster: "Thanks."

~Everyone but Trainmaster and Stellar get off the train into the base while Stellar guides them, but they eventually notice something off.

Stellar on-call: "Guys stop the next room is very dark I can't see a thing in it I think might be a trap by the Dark Realm."

Linus: "I understand you're concerned but it's the only room that connects to where the last captured CPUCS fighters are at."

DreamJ: "Yeah."

Polybrow: Besides, the Dark Realm could be tricking you into thinking that it's an obvious trap.

Stellar on-call: "Ok, whatever you say."

~They go into the darkroom, the lights turn on, and they are surrounded by the Dark Realm~

Stellar on-call: "I told you."

Commissioner: "Wow, I can't believe you guys fell for the most obvious of traps."

Linus: "Commissioner, before you and your minions probably end us, I want to know why you attack the CPUCS fans. Why do you make them choose to either leave the subreddit forever or join your evil-doing and capture the fans that choose neither? Why did you do this?"

~Commissioner begins to laugh~

~Meanwhile, while that's on outside the base~

Stellar: "Trainmaster go around the back of the base that's where the CPUCS fighters are being held we can blow a hole in the wall in order to get them I'll keep watch of the others."

Trainmaster: "Ok."

~Trainmaster drives the train to the back of the building while Stellar keeps watch, then notices something in the cameras~

Stellar: "No way it can't be.."

~We cut back to the Commissioner still laughing~

Linus: "Are you done laughing now or what?"

Commissioner: "You fools you really think we would let you get away what you guys did last time, yeah no we let you do it twice."

Linus: "What are you talking about? I don't understand."

Commissioner: "Oh, I'm alluding to something you guys did in the past, something you know well, that's the reason we attack you."

Linus: "I don't understand what you are alluding to."

Commissioner: "You don't know well, just ask one of your fellow CPUCS fans for what they did."

~DreamJ, Polybrow, and Naomi become nervous~

Linus: "Guys, what did you do? What is he talking about?"

~None of them respond to Linus~

Commissioner: "Oh ho ho looks like I'm be one telling you then."

???: **"Not so fast."**

Commissioner: "Who said that? Show you're self!"

???: **"You really give these guys a bad time, but it's you be a bad time to make things fair."**

~Bones appear out of nowhere, then surround and capture the Commissioner and his minions~

Commissioner: "Hey, no fair attacking and capturing us without showing yourself rude."

???: **"Oh, how rude of me, let me show myself to you."**

~They jump down from above, reviewing themselves as Waluigi?! Everyone in the is very confused~

Waluigi: "What? Were you expecting someone else? Well, too bad Waluigi time!"

~Take 2, they jump down from above, reviewing themselves as~

Everyone: "Sans?!"

Sans: **"Yup, it's me, Sans the skeleton."**

Linus thinking to himself: "I can't believe Stellar had the time to come help us."

~Then a loud noise is heard and the building shakes a bit~

Commissioner laughs again: "You really think we fall for such a trick? We know you're just a fan in a Sans costume pretending to be Sans."

Sans: “Sure whatever. You guys go ahead without me I'll hold them down in meantime just get out here I'll leave as soon you left the area don't worry I'll take a shortcut out here.”

Linus: “Ok.”

~ They go into the room where the last fighters are and noticed a hole in the wall, and see Trainmaster's train through the hole in the wall, they grab the CPUCS fighters~

Trainmaster: “Get on so we get out here!”

Linus: “What about Stellar, we can't...”

Stellar pops out of the train: “What about me? I've been on the train this whole time.”

Linus: “Wait, that means...”

Stellar: “Yes you were saved by the real Sans I couldn't believe ether I saw him on the cameras before he helped you. Now let's get out here!”

Everyone: “Right.”

~They get on Trainmaster's train and Trainmaster drives out there, then out of the Dark Realm, and through in-between dimensions to get back to their base in the Light Realm~

Linus: “I still can't believe we were by Sans. I thought he would be mad about me dressing up as him.”

~Sans showing up out of nowhere, scaring our heroes~

Sans: “Oops, didn't mean to scare you guys by using my shortcut. Anyways, no I'm not mad about you dressing as me, in fact, I found it very funny.”

Linus: “Well, thank you for helping us, Sans but we have to go backstop them so they don't ever attack the Light Realm again.”

Sans: “Understandable, I'll help guys again after you guys clearly need it.”

Linus: “Anyways, I need to talk to certain people about something before we go back.”

Sans: “I'll wait then.”

~Linus grabs Stellar, DreamJ, Trainmaster, and Polybrow~

Linus: “What heck was the Commissioner talking about? I don't understand what he was telling me.”

Stellar: “Me and Trainmaster don't know what he said those cameras don't have audio so we 100% don't what you're talking about.”

Linus: “He said something about CPUCS fans doing something that made Dark Realm mad and making sure it doesn't happen again.”

Stellar and Trainmaster look at each other and say: “Oh. OH.”

Linus: “Well, can any of you guys tell what he's talking about now?”

DreamJ: “Well, we could tell you, but we are afraid you will...”

Trainmaster: “Tell CPUCS fighters something we did and get mad at certain someone for what they did.”

Polybrow: “Yeah...”

Stellar: “Like all we did was advise them we don't want them to get blamed for something they 100% didn't mean to.”

Linus: “Well, you guys got to tell us now that we don't get about info from the Commissioner because he will clearly to us whether you like it or not.”

DreamJ: "Wellll it's kinda complicated."

~DreamJ, Polybrow, Stellar, and Trainmaster all ran the room. They grab Naomi and take her to another room to talk to her, privately~

Naomi: "Let me guess, Linus asked you again and have no idea what to do."

Stellar: "We've got no choice, it's either tell them now and them becoming mad at us and not join us to take down you, cause of the accident, or let the Commissioner tell them in the middle of fighting the Dark Realm and be mad at us there."

DreamJ: "This is a hard choice either way like we going to tell after this was done and over with but we can't because they find out one way or other."

Naomi: "Sigh, we've got no choice but to tell them because the Dark Realm will use it as an advice point to fight others. I know they might leave us, but hopefully they will understand."

Polybrow: "I guess so."

Trainmaster: "Let's hope for the best outcome."

~They all get out of the room~

Linus: "There you guys are I was wondering where you guys ran off to. Oh hi Naomi, I see they want to talk to you about something. Anyways guys are you going to tell me what heck the Commissioner was talking about or is he going be have to be the one to tell?"

Naomi: "They will tell it's just we others to know too before going back to the Dark Realm get rid of them once and for all."

Linus: "Oh, ok."

~One hour later of explaining why the Dark Realm attacked the CPUCS fans~

Naomi: "That's it, I would be surprised you guys would be mad at me for something I didn't mean to do, and I'll understand if you do not want to help now."

~Silence in the room~

Naomi: "Sign well, I guess I was right about you guys being mad at me."

Tony: "Why didn't you tell me sooner, Naomi?!"

Naomi: "I like said before, I didn't want to get the blame for something I clearly didn't mean to do."

Tony: "It's more my fault after all, I'm the reason this Realm even exists. Sure, it was a different version of me, but I still feel it's my fault. If there's anyone we should be mad at would be me, not you."

Linus: "Ok, guys calm down. We shouldn't be getting after each other like this. The Dark Realm clearly wants us to fight each other. I don't care if you were followed by the Dark Realm on the way back to the Light Realm, Naomi making them know that CPUCS is back, nor about you being in the Dark Realm, even exists thanks to that version of you, Tony. We need to get rid of the Dark Realm once and for all, guys that way they don't continue their evil ways to other Realms ever again."

Jacob: "Yeah we don't want to attack other Realms we are lucky enough they didn't do a full-scale attack on the Realm where you CPUCS fans lived."

Rosalina: "I don't care, I'm not coming to help knowing that I could never have been attacked."

Linus: "You are only saying that because you lost your win streak."

Rosalina: "Grr fine, I'll come to prove to you it wasn't the whole "I lost my win streak.""

Linus: "Sign, let's get going, guys."

Everyone: "Yes, sir."

~They all get on the train to go back to end this once and for all~

Commissioner: "I see you come back to end with everyone I see but the thing is you didn't save everyone yet."

Linus: "What!?"

Commissioner: "Let me show you."

~The Commissioner pulls a remote with a button on it, pushes it, and a glass holding another Greninja in it~

The Real Commissioner: "Let me out, you faker! Guys! This dude has been pretending to be me this whole time! Can you guys get me out here?"

Everyone: "What?!"

Commissioner?: "That's right, I'm not your Commissioner, I'm been this Realm's commissioner this whole time, I just kidnapped your Commissioner sometime after ENDGAME Tournament happened and pretended to be him! You may call me Shadow Commissioner if you want to in your final moments' right, Blood Falcon?"

Blood Falcon: "That's right, Shadow Commissioner."

???: "Hmm, Shadow Commissioner step down, I'll take things from here."

Shadow Commissioner: "Emperor! I can handle this!"

Emperor ???: "I gave you enough chances, Shadow Commissioner. Now step down!"

Shadow Commissioner: "ok.."

~Emperor ??? show them as Tony's Dark Realm version~

Tony: "Now you show yourself, I was wondering where you were."

Emperor Convict: "Hello me I'm surprised you made this far, but then again, two of my followers accidentally helped you get here, one of them rushing it and the other here taking his sweet time to think of a plan to stop you." ~Emperor Convict looks at Shadow Commissioner

with a piss-off look~ “But no matter doesn’t mean we are donezo. After all, almost all of us besides him. ~points at Shadow Commissioner~ Are strongest of this Realm, meaning we wouldn’t go down that easily.”

Dark Vincent: “That’s right!”

Dark Meta Knight: “We will win this, right Shadow Kirby?”

~Shadow Kirby shows up~

Shadow Kirby: “That’s right.”

Emperor Convict: “This ends for all of you! This is the true Endgame, this is where it all ends! Us or you!”

~They all go at each other. Naomi sees Tony grab Emperor Convict and takes him outside for a private 1v1 fight while she attacks Dark Meta Knight. While Linus sees Sans grab Blood Falcon before he gets to attack anyone and teleports the both of them away from the base to fight another in a 1v1 fight while he fights Shadow Mewtwo~

[\(Sans Vs. Blood Falcon\)](#)

[\(Tony Vs. Emperor Convict\)](#)

The Real Commissioner: “Umm, guys is someone going even to try to get me out of here?”

Jacob: “We are too busy fighting Dark Realm to try to help you, Commissioner.”

Linus: “Yeah, despite us outnumbering them, they are putting up one heck of a fight that we need everyone to fight them.”

Polybrow: “Yeah for pete sake we got four people over here fighting Shadow Kirby with me that a lone tells how much they are giving it they all.”

The Real Commissioner: “Yeah, but I can help you.”

Audible Link: “Bro I kick your butt in NO FUN ALLOWED’s ad for my sponsor. There’s no way you would help, dude.”

The Real Commissioner: “oh :c”

~We cut to see all the other fights going on, then come to see some of the Dark Realmers where defend and tie up~

Linus: “Ok, who needs help fighting off someone?”

DreamJ: “I do! I have been soloing Dark Vincent this whole time, I would like some help!”

Polybrow: “We need a least two people for Shadow Kirby over!”

Skillshare Kirby: “I’ll help you guys!”

~BANG~

Stellar: “Gezz, there’s a lot of noise coming from outside the base. I hope Tony is ok out there.”

Polybrow: “We should be focusing on our fights first we can help him once we are done.”

Stellar: “Ok.”

~We cut to see all the other fights going then come to see even more Dark Realmers where defend and tie up~

Linus: “Ok, we only got Dark Ken, Dark Vincent, and Shadow Kirby left outside of Blood Falcon and Emperor Convict, who are being taken off by Sans and Tony.”

~BANG~

Naomi: “Should I go help him now? That was the 40th bang coming from outside the base.”

Linus: “Idk if Tony wants any help, he might want to keep things between him and Emperor Convict similar to how I didn’t want you guys' help when I was fighting my Dark Realm self.”

Polybrow: "He got point plus Shadow Kirby is a pain fight over here."

Linus: "Oh please been helping DreamJ take down the Dark Realm version of my old master isn't easily ether."

~Then, Sans teleports back alone~

Sans: "Hey guys, I just finished off Blood Falcon but I little tired, so I won't help much."

The Real Commissioner: "Hang on, where's Blood Falcon?"

Sans: "Simple, I killed him. He clearly deserves to die for his sins he committed against the CPUCS."

Everyone: O_o

The Real Commissioner: "Can you at least set me free, Sans?"

Sans: "Sure, I can do that."

~We cut away to see Tony's battle and then cut back from the sadness, I mean Tony's last fight, I mean... NO, I'm not crying!~

Naomi: "We did it! We won, we finally won this!"

Linus: "Yeah, but I have to go check on Tony, remember?"

Naomi: "Oh, right, but who's going to watch over them?"~points at the Dark Realmers~

Sans: "I will, I can easily trap them by surrounding by my bones and I'll watch over them to make sure they don't escape us."

Naomi: "Oh, thank you, Sans!"

Sans: "Nope, problem."

~They go outside the base and notice no Tony~

Namoi: "Where's Tony?"

Polybrow: "I see no sign of him be signs all the craters in the ground cause probably by them are fighting each other."

DreamJ: "Maybe after creating all these craters, they took their fight elsewhere after all the loud bangs stopped after a while."

Stellar: "Yeah, but where?"

~Trainmaster drives up to them in his train~

Trainmaster: "Hey guys I see you guys won why are you guys all out here without the Dark Realmers?"

Stellar: "Oh, Train hey! They are in the base with Sans, he is watching over them while we look for Tony."

Trainmaster: "What has he gone missing?!"

Linus: "Kinda he took his Dark Realm self out here to fight in a 1v1 fight, and we're trying to find them."

Trainmaster: "Oh ok I'll get Sans to get the Dark Realmers into the train while you guys go find them."

Linus: "Ok, will meet up with you later."

~They continue to walk around looking for Tony, not knowing he is dead. Until one of our heroes finds the recorder on the ground~

Stellar: "Guys, look what I found!" ~Showing the recorder to others~

Naomi: "That's Tony's recorder, I saw him carry it around in his pocket all the time. Where did you find this?"

Stellar: "On the ground."

DreamJ: "It must have fallen out while he was fighting."

Polybrow: "Guys, it looks like there was a message record on it, let's play it!"

Naomi: "No way that's an invasion of privacy!"

Polybrow: "Maybe could have the answer to where Tony is with Emperor Convict?"

Naomi: "Fine, but if Tony yells at us for looking at his stuff, it's your fault, not mine."

~They pressed play on the recording and started to listen to what was on it.~

Recorded Tony: "Hey guys, it's me, Tony. When you find this recorder, I will no longer be alive.

In fact, I'll be dead. I'm sorry for leaving you guys like this, but it's only way to kill my Dark Realm self."

Everyone: "WHAT?!"

Recorded Emperor Convict: "What the heck are you talking about?! You are literally slowly bleeding to death. I wouldn't die with you!"

Recorded Tony: "That's because I'll bring you with me if I'm going down, you're coming with me! I'm carrying you to your death, me suplexing you with me into a volcano!"

Recorded Emperor Convict: "Dang it! If I knew that wouldn't use up all my dark powers on you to make you slowly bleed to death."

Recorded Tony: "That's right, guys I'm killing myself and my Dark Realm self by suplexing the both of us into the volcano. I'm very sorry for leaving you guys all behind like this, but it's the only way. You guys can continue life without me. I know you guys can be strong, you just don't fully realize that just be the best version of yourselves, don't make yourselves live up to those who came before you. After all, I learned this while trying to be the new Captain Falcon, I

realized the title never really fit me, that's why I never went by that title. Well, this is goodbye, everyone. I hope you understand my final words."

~Then the message on the recorder ends. Everyone is in tears~

Naomi weeping: "Why, Tony why do you have to go like this? You could have us help you with your fight that way you didn't have to end this way. But you did."

Linus is trying to hide his tears: "He really went out being himself, not trying to be something he clearly wasn't."

DreamJ is in tears: "He truly a hero even if he wasn't one at first he clearly learned a lot want us to know that in his final moments."

Stellar is trying not to cry: "He gave his life so we didn't have to deal with the power that his Dark Realm self had."

Polybrow: *just crying*

~Trainmaster drives up to them in his train again~

Trainmaster: "Hey, guy I got them all... Why are guys crying? Did I miss something?"

~One explanation of what happened to Tony to Trainmaster later~

Trainmaster: "oh.." ~Trainmaster trying to hold his tears from the news he just heard~

Stellar tries to hide their tears but fails a bit now: "I know it's kinda hard to believe he is gone now."

Linus is trying to hide his tears: "So now what are we going to do now since we won against the Dark Realm?"

Jacob, trying to hold his tears: "I suggest cleaning up both Realms since how much of a mess was left behind."

Naomi wiping away her tears: “I also suggest making sure to turn Dark Realmers back to good by teaching them that way they don’t attack us again.”

Everyone: “Ok!”

~One year later, of cleaning up both Realms and telling everyone they captured, why listening and giving into your dark ways is a bad thing. We see them set up a party to celebrate their victory against the Dark Realm~

Linus: “Finally, after all that cleaning, we get to finally celebrate our victory.”

Stellar: “This well earn after all the work we did, right Train?”

Trainmaster: “Definitely!”

Polybrow: “Hey Naomi why are you not celebrating with the others? You still grieving over Tony’s death?”

Naomi: “yeah before we won I was hoping he would be here alongside us celebrating but he isn’t.”

Polybrow: “I bet the others feel the same way, Naomi you have to move on eventually, like the rest of us.”

Naomi: “I know, I know. It’s just hard.”

Polybrow: “Well, I’ll be joining others, it would be nice if you join too, but I understand if you don’t join us.”

~Polybrow goes over to join the others. Then Naomi gets a poke on her shoulder and turns around to see DreamJ~

DreamJ: “Hey, I overheard what you two were talking about. I know what you are going through. For pete's sake, I’m still grieving over King Dedede’s death, but I didn’t get hold of me

because I know they are watching over us no matter what and know they would like us to celebrate even if they are not here with us.”

Naomi: “You're right, Tony would want me to celebrate with the others, thanks DreamJ.”

DreamJ: “No problem, now let's join the others!”

Naomi: “Yeah!”

~Both join the others in celebrating. The rest of the celebration is nothing but good fun. Then Jacob hits his glass and gets up out of his seat to speak~

Jacob: “As you, all may know, today is the day we won against the Dark Realm, also ~Jacob trying not to cry~ we lost a great friend. Today, we celebrate that victory in their honor and those who fall before him before we wrap up for the night and go our separate ways. Tomorrow we should visit their graves together to honor them as part of this celebration.”

~They all go out to honor Vincent, King Dedede, Parsec Captain Falcon, and Tony by visiting their graves one last time as a team, and we see Vincent's, King Dedede's, Par Falcon's, and Tony's ghosts looking down at them with a happy look knowing that is all over~

The End. Wait, what do you mean we don't get to see what happens to our heroes now after the events of this? Fine, I'll tell you.

The CPUCS fighters all decided to never host another tournament under CPUCS out of fear that Dark Realmers might come back even though they promise not to after being let free.

The captured and hiding CPUCS fans all got to go home finally.

The CPUCS fans that left the subreddit they all on a beach somewhere, not knowing what happened to the other fans.

The CPUCS fans that join the Dark Realm were all punished for joining them, taught to never be evil again, give in their dark ways ever again, nor attack the Light Realm again, and they were in jail until they all got out on good behavior.

The Dark Realmers that our heros captured after being taught to never be evil again, give in their dark ways ever again, nor attack the Light Realm again were set free and got to go back home.

Naomi now watches over the Light Realm every day with Skillshare Kirby to make sure no one does anything evil.

Jacob and Jo, since they can no longer host CPUCS tournaments due to all the fighters being afraid a Dark Realmers might come back, even though they promise not to after being let free. Both of them decide to go back home to their original Realm.

Major, after being taught to never be evil again, give in his dark ways ever again, nor attack the Light Realm again and went back home and was punished by his master Punish Convict. After being punished by his master he decides to go to Jacob's and Jo's home Realm to help them as a way to say sorry to them.

Punish Convict him and Matt had plans to attack the Dark Realm but after finding out they were punished by our heroes from Major he had to call off the attack. (Every DLC after Terry where apart this plan attack lol)

Matt got a phone call from Punish Convict about the Dark Realm were punished by our heroes and their plan to attack the Dark Realm was called off.

Trainmaster got back to work with CPUCS: Enter the Endgame, and Stellar is doing fan art again and both them are cosplaying as different characters back at home. They save up time to hang out with each other, though.

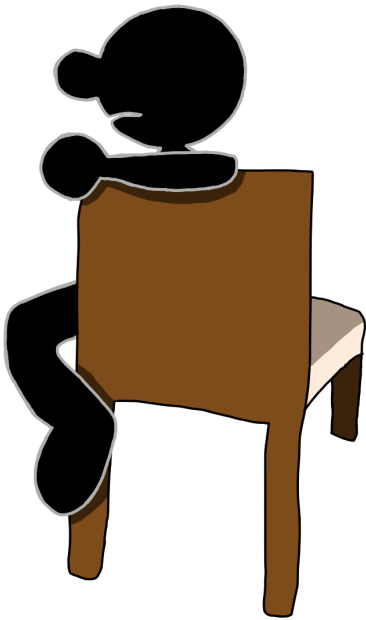

Polybrow is back home making music, streaming on Twitch, playing TF2, and posting her music on her YouTube channel.

Linus finally got to win against Cloud in a fight but not in a tournament just a fight to see if Linus had gotten better after all that. Linus after that win finally went back home.

And finally, DreamJ is back home drawing fan art once again too, made some fanfics for Polybrow, and even made a comic (Google Doc) based on the events of this story, but she made herself way too powerful that the story is no where accurate to what actually happened everyone in the subreddit knows it. (Yes I shame myself because I find it funny.)

Ok, The End for real this time? Nope, Author's note time. Holy moly, I did it! I rewrote the whole story, and it's way better than the original. Holy moly, I have improved by writing those fanfics for Polybrow. ~ The real DreamJ, not the story version of me.

Ok, The End for real this time, and I'm not going to fool you this time.

< the rewrite happened because I posted this, so thank him now!
