

Instagram Writing Project Guidelines:

1. Collect **3-5** objects that are the most meaningful to you--use planning guide to prepare if needed.
2. Take a photo or bring them in a bag/box
3. Post on Instagram with unique hashtag (#chiltonsummer) if you have Instagram.
4. **300 word minimum, 1 paragraph about each object** describing the symbolism of the objects in the “Instagram Writing Project” assignment on Google classroom.

About the writing assignment:

- Not a traditional “essay”
- Numbered paragraphs about each item
- Practice using those key verbs: symbolize, represent, illustrate, exemplify, signifies, embodies, indicates, shows, etc.

Don't: Simply list, make claims that are self-evident, bore us with telling us what we already know.

Do: Describe interesting backstories of the history of objects, tell **why** this object is symbolic or significant about you, use key verbs: symbolize, represent, illustrate, exemplify, signifies, embodies, indicates, shows, etc.

Presentations:

*Must change Instagram settings to “public” **temporarily** the day you present.

The powerpoint is on the Summer School webpage of my website which you can find by Googling “Chilton English”

Presentations will take place in assigned groups of six, 7 minutes a piece.

Questions? Email Mr. Chilton at Andrew_Chilton@kernhigh.org

We'll work on this during the 2nd day. Presentations will begin on the 3rd day of summer school.
