SGA is planning to host a school-wide omnibus referendum in Fall 2018. An omnibus referendum is a referendum with multiple questions at the same time, similar to propositions on city and state ballots. To have a referendum, 1/6 of the current student body (900 students) must sign a petition in favor of having a referendum. This petition will be open until Friday, August 31st, 2018.

Q1: I hereby sign my name to this petition and affirm my support for the hosting of an omnibus referendum by the SGA in Fall 2018. The referendum may include questions on the issues of fossil fuel divestment, building a student center, amending the SGA constitution, expanding SGA, as well as any additional issues determined by the SGA and student feedback before this petition closes on August 31st, 2018.

Q2: Please let us know what issues you would like to see on the omnibus referendum this fall!
