

Thank you for choosing Backyard Blockbusters for all your outdoor entertainment needs!

We strive to provide a full service experience from the perfect set up, great picture and sound, and all the clean up. You won't need to lift a finger! If there is not a power outlet available we do have a generator available if needed.

We can stream live events through ESPN+ and movies through apps like Disney+, Netflix, and Prime Video. We prefer to connect to your home Wifi if possible, but we can stream from a hotspot as well. Anything not available on streaming services we will gladly purchase in Blu-ray or DVD for a charge of \$25 or customers can supply their own disc.

We will arrive at least 45 minutes before show time to set up. *Showings during the Summer typically will not start until 9pm when the sun is completely set so plan accordingly with your party.*

Please refer to our price list below when planning an evening of outdoor fun. We look forward to working with you!!
