This week's Top Banana`is Mrs.Walsh. Mrs.Walsh teaches 5th Grade and has worked at Davis Hill for 6 years. Before Mrs.Walsh worked at Davis Hill she was teaching at Bradford Elementary in Haverhill. According to Mrs.Walsh, she says that it is hard to put her finger on what she enjoys most about her job but she says she loves it when her students have an "AHA moment" . An "AHA moment" is when something finally clicks. Mrs.Walsh and her husband have a five month old son named Colton and two dogs named Ford and Fisher. Mrs.Walsh also has two younger brothers and a mom and a dad. Mrs.Walsh enjoys hiking with her dogs, running, and doing at home workouts. Mrs.Walsh also enjoys going to Maine and doing water activities such as water skiing and wakeboarding. Something you might not know about Mrs.Walsh is she loves creative crafts and home improvement projects. She told me herself that she designed a playroom and bedroom for her baby. Finally, here are some fun facts about Mrs.Walsh. She says she is a picky eater but her favorite food is zucchini. Also Mrs.Walsh's class is decked out with moose and other camp things because she loves camping and her favorite animal is moose. Last but certainly not least, Mrs.Walsh's class of 5th Graders gave her the nickname of Mrs.Mandy which the class enjoys with all the other hilarious jokes. All in all, it was very interesting to interview, discover and learn more about my teacher Mrs.Walsh this Week's Top Banana!
