Subject: Save 5+ Minutes on Every Invoice

Hi [FIRST NAME],

Imagine what [NAME OF COMPANY]'s finance department could achieve if it saved over 5 minutes on every single invoice.

We're Kaunt. And we've built an AI-powered accounting solution that does exactly that. There's more:

- You'll see a ROI from day 1.
- You'll avoid human error. Increased accuracy means less time spent fixing mistakes.
- You'll eliminate the need for constant manual maintenance.

Our solution also seamlessly integrates into [NAME OF COMPANY]'s current technological setup. With Kaunt, there's no need to overhaul your entire company.

Let's book a meeting to explore the instant benefits that our fully digital solution can bring [NAME OF COMPANY].

All the best,

[SIGNATURE]

Subject: Meet Your Most Efficient Accounting Employee: Kaunt's Artificial Intelligence

Hi again [FIRST NAME],

Would you hire an employee that guarantees [NAME OF COMPANY]'s finance department will:

- Cut Accounts Payable processing time by up to 95%?
- Save money on every single invoice?
- Be completely prepared for the fully digital future?

Kaunt's AI-powered accounting solution delivers all that. And more.

First, over time, our software becomes more and more skilled and efficient thanks to its self-learning nature. As your company scales, our solution grows alongside it.

Second, your other employees are now free to dedicate themselves to higher-level tasks that drive [NAME OF COMPANY]'s growth.

Let's set up a meeting here so we can tell you even more about your new - and most efficient - employee.

All the best,

[SIGNATURE]

Subject: AI-Accounting Doesn't Need to Be a Tough Decision

Hi [FIRST NAME],

Still worried about introducing new technology into [NAME OF COMPANY]'s workflow?

We understand. Even if the benefits are clear, it's a hard decision to make.

With Kaunt, it doesn't have to be. Our solution:

- Instantly integrates into your existing ERP software. (No need to change anything).
- Is powered by 100% self-learning AI. (No need to budget for ongoing maintenance).
- Delivers ROI in a single day. (No need to wait to see results).

The EU has already recognised the power of AI-driven solutions to tackle the world's largest challenges.

So, even if [NAME OF COMPANY] hasn't made the widespread switch to e-invoicing, don't worry. Kaunt can still help by making the transition to a fully digital Accounts Payable process as simple, easy, and painless as possible.

Want to know more about how Kaunt can help [NAME OF COMPANY]? Feel free to book a meeting [here](#).

All the best,

[SIGNATURE]
