ACT Online Resources	<u>Learning Express Library:</u> All users need to create a username and password while on WSD grounds in order for it to work offsite. From Home page, scroll through modules, and choose College Prep Center. <u>March 2 Success:</u> Seven full-length practice tests are available as well as flashcards and an interactive action game. This site is run by the US Army. Creating a login and password will NOT allow them to contact you in any way.	

Khan Academy: Free SAT practice and study plans.

Released Test Information: Another way to prepare for the ACT is to buy released test information from ACT. You may do this for the December, April and June tests. You will receive a list of the questions/your answers/the correct answers in order to help you prepare for future tests. There is a fee for this service; it is an optional fee that you can pay at check-out when registering online for an ACT test.

The ACT website: ACT offers resources for preparation. ACT offers personalized lessons ranging from \$40 to \$250 (varies depending on length of subscription and access to a live instructor.

[Cambridge Test Prep. at St. Charles Community College:](#) The charge is \$125 plus books. Available various days fall, spring, summer.

[Chegg.com:](#) Both ACT and SAT test preparation materials

www.testprepstore.com - Test Prep Store's website is extremely easy to navigate and parents and/or students are easily able to search different testing materials and private tutors. Once a parent and/or student searches for

	testing materials for a certain test, they will be able to see detailed comparison tables of the top companies on the market. Additionally, the key comparison pages detail pros and cons to better help the parent and/or student decide on what materials are best for them.
