

# Associating Your Minecraft Account With Your LearnToMod Account

Once you have created your LearnToMod account, you will want to associate your Minecraft account with it. The account associated with your LearnToMod account will be granted more privileges, allowing you to have more customizable access to your world.

To associate an account, log into your LearnToMod account, and click the “Account” icon on the right hand side of the screen.

Scroll down a bit, and you should see a section labeled “MC Name:” To change your associated Minecraft account, click the “Change” button to the right of this label.

MC Name: TheSouthernOcean [change]

Type your Minecraft USERNAME into the pop-up dialogue box, and you're all done!
